19 SUBPART A

20 Section 1. The public health law is amended by adding a new section 280 to
 21 read as follows:

22 § 280. Medicaid drug cap. 1. The legislature hereby finds and declares
 23 that there is a significant public interest for the Medicaid program to
 24 manage drug costs in a manner that ensures patient access while providing
 25 financial stability for the state and participating providers. Since two
 26 thousand eleven, the state has taken significant steps to contain costs in
 27 the Medicaid program by imposing a statutory limit on annual growth. Drug
 28 expenditures, however, continually outpace other cost components causing
 29 significant pressure on the state, providers, and patient access operating
 30 under the Medicaid global cap. It is therefore intended that the department
 31 establish a Medicaid drug cap as a separate component within the Medicaid
 32 global cap as part of a focused and sustained effort to balance the growth of
 33 drug expenditures with the growth of total Medicaid expenditures.

34 2. The commissioner shall establish a year to year department of health
 35 state-funds Medicaid drug spending growth target as follows:

36 (a) for state fiscal year two thousand seventeen--two thousand eighteen,
 37 be limited to the ten-year rolling average of the medical component of the
 38 consumer price index plus five percent and minus a pharmacy savings target of
 39 fifty-five million dollars; and

40 (b) for state fiscal year two thousand eighteen--two thousand nineteen,
 41 be limited to the ten-year rolling average of the medical component of the
 42 consumer price index plus four percent and minus a pharmacy savings target of
 43 eighty-five million dollars.

44 3. The department and the division of the budget shall assess on a
 45 quarterly basis the projected total amount to be expended in the year on a
 46 cash basis by the Medicaid program for each drug, and the projected annual

1 amount of drug expenditures for all drugs, which shall be a component of the
2 projected department of health state funds Medicaid expenditures calculated
3 for purposes of sections ninety-one and ninety-two of part H of chapter
4 fifty-nine of the laws of two thousand eleven. For purposes of this section,
5 state funds Medicaid drug expenditures include amounts expended for drugs in
6 both the Medicaid fee-for-service and Medicaid managed care programs, minus
7 the amount of any drug rebates or supplemental drug rebates received by the
8 department, including rebates pursuant to subdivision five of this section
9 with respect to rebate targets.

10 (a) In the event the director of the budget determines, based on Medicaid
11 drug expenditures for the previous quarter or other relevant information,
12 that the total department of health state funds Medicaid drug expenditure is
13 projected to exceed the annual growth limitation imposed by subdivision two
14 of this section, the commissioner may identify and refer drugs to the drug
15 utilization review board established by section three hundred sixty-nine-bb
16 of the social services law for a recommendation as to whether a target
17 supplemental Medicaid rebate should be paid by the manufacturer of the drug
18 to the department and the target amount of the rebate.

19 (b) If the department intends to refer a drug to the drug utilization
20 review board pursuant to paragraph (a) of this subdivision, the department
21 shall notify the manufacturer of such drug and shall attempt to reach
22 agreement with the manufacturer on a rebate for the drug prior to referring
23 the drug to the drug utilization review board for review.

24 (c) In the event that the commissioner and the manufacturer have
25 previously agreed to a supplemental rebate for a drug pursuant to paragraph
26 (b) of this subdivision or paragraph (e) of subdivision seven of section
27 three hundred sixty-seven-a of the social services law, the drug shall not be
28 referred to the drug utilization review board for any further supplemental
29 rebate for the duration of the previous rebate agreement.

30 (d) The department shall consider a drug's actual cost to the state,
31 including current rebate amounts, prior to seeking an additional rebate
32 pursuant to paragraph (b) or (c) of this subdivision and shall take into
33 consideration whether the manufacturer of the drug is providing significant
34 discounts relative to other drugs covered by the Medicaid program.

35 (e) The commissioner shall be authorized to take the actions described in
36 this section only so long as total Medicaid drug expenditures are projected
37 to exceed the annual growth limitation imposed by subdivision two of this
38 section.

39 4. In determining whether to recommend a target supplemental rebate for a
40 drug, the drug utilization review board shall consider the actual cost of the
41 drug to the Medicaid program, including federal and state rebates, and may
42 consider, among other things:

43 (a) the drug's impact on the Medicaid drug spending growth target and the
44 adequacy of capitation rates of participating Medicaid managed care plans,
45 and the drug's affordability and value to the Medicaid program; or

46 (b) significant and unjustified increases in the price of the drug; or

1 (c) whether the drug may be priced disproportionately to its therapeutic
2 benefits.

3 5. (a) If the drug utilization review board recommends a target rebate
4 amount on a drug referred by the commissioner, the commissioner shall require
5 a supplemental rebate to be paid by the drug's manufacturer in an amount not
6 to exceed such target rebate amount. With respect to a rebate required in
7 state fiscal year two thousand seventeen--two thousand eighteen, the rebate
8 requirement shall apply beginning with the month of April, two thousand
9 seventeen, without regard to the date the department enters into the rebate
10 agreement with the manufacturer.

11 (b) The supplemental rebate required by paragraph (a) of this subdivision
12 shall apply to drugs dispensed to enrollees of managed care providers
13 pursuant to section three hundred sixty-four-j of the social services law and
14 to drugs dispensed to Medicaid recipients who are not enrollees of such
15 providers.

16 (c) If the drug utilization review board recommends a target rebate
17 amount for a drug and the department is unable to negotiate a rebate from the
18 manufacturer in an amount that is at least seventy-five percent of the target
19 rebate amount, the commissioner is authorized to waive the provisions of
20 paragraph (b) of subdivision three of section two hundred seventy-three of
21 this article and the provisions of subdivisions twenty-five and twenty-five-a
22 of section three hundred sixty-four-j of the social services law with respect
23 to such drug; however, this waiver shall not be implemented in situations
24 where it would prevent access by a Medicaid recipient to a drug which is the
25 only treatment for a particular disease or condition. Under no circumstances
26 shall the commissioner be authorized to waive such provisions with respect to
27 more than two drugs in a given time.

28 (d) Where the department and a manufacturer enter into a rebate agreement
29 pursuant to this section, which may be in addition to existing rebate
30 agreements entered into by the manufacturer with respect to the same drug, no
31 additional rebates shall be required to be paid by the manufacturer to a
32 managed care provider or any of a managed care provider's agents, including
33 but not limited to any pharmacy benefit manager, while the department is
34 collecting the rebate pursuant to this section.

35 (e) In formulating a recommendation concerning a target rebate amount for
36 a drug, the drug utilization review board may consider:

37 (i) publicly available information relevant to the pricing of the drug;

38 (ii) information supplied by the department relevant to the pricing of
39 the drug;

40 (iii) information relating to value-based pricing;

41 (iv) the seriousness and prevalence of the disease or condition that is
42 treated by the drug;

43 (v) the extent of utilization of the drug;

1 (vi) the effectiveness of the drug in treating the conditions for which
2 it is prescribed, or in improving a patient's health, quality of life, or
3 overall health outcomes;

4 (vii) the likelihood that use of the drug will reduce the need for other
5 medical care, including hospitalization;

6 (viii) the average wholesale price, wholesale acquisition cost, retail
7 price of the drug, and the cost of the drug to the Medicaid program minus
8 rebates received by the state;

9 (ix) in the case of generic drugs, the number of pharmaceutical
10 manufacturers that produce the drug;

11 (x) whether there are pharmaceutical equivalents to the drug; and

12 (xi) information supplied by the manufacturer, if any, explaining the
13 relationship between the pricing of the drug and the cost of development of
14 the drug and/or the therapeutic benefit of the drug, or that is otherwise
15 pertinent to the manufacturer's pricing decision; any such information
16 provided shall be considered confidential and shall not be disclosed by the
17 drug utilization review board in a form that identifies a specific
18 manufacturer or prices charged for drugs by such manufacturer.

19 6. (a) If the drug utilization review board recommends a target rebate
20 amount and the department is unsuccessful in entering into a rebate agreement
21 with the manufacturer of the drug satisfactory to the department, the drug
22 manufacturer shall in that event be required to provide to the department, on
23 a standard reporting form developed by the department, the following
24 information:

25 (i) the actual cost of developing, manufacturing, producing (including
26 the cost per dose of production), and distributing the drug;

27 (ii) research and development costs of the drug, including payments to
28 predecessor entities conducting research and development, such as
29 biotechnology companies, universities and medical schools, and private
30 research institutions;

31 (iii) administrative, marketing, and advertising costs for the drug,
32 apportioned by marketing activities that are directed to consumers, marketing
33 activities that are directed to prescribers, and the total cost of all
34 marketing and advertising that is directed primarily to consumers and
35 prescribers in New York, including but not limited to prescriber detailing,
36 copayment discount programs, and direct-to-consumer marketing;

37 (iv) the extent of utilization of the drug;

38 (v) prices for the drug that are charged to purchasers outside the United
39 States;

40 (vi) prices charged to typical purchasers in the state, including but not
41 limited to pharmacies, pharmacy chains, pharmacy wholesalers, or other direct
42 purchasers;

1 (vii) the average rebates and discounts provided per payer type in the
 2 State; and

3 (viii) the average profit margin of each drug over the prior five-year
 4 period and the projected profit margin anticipated for such drug.

5 (b) All information disclosed pursuant to paragraph (a) of this
 6 subdivision shall be considered confidential and shall not be disclosed by
 7 the department in a form that identifies a specific manufacturer or prices
 8 charged for drugs by such manufacturer.

9 7. (a) If, after taking into account all rebates and supplemental rebates
 10 received by the department, including rebates received to date pursuant to
 11 this section, total Medicaid drug expenditures are still projected to exceed
 12 the annual growth limitation imposed by subdivision two of this section, the
 13 commissioner of health may: subject drugs to prior approval in accordance
 14 with existing processes and procedures, which may include all drugs of a
 15 manufacturer that has not entered into a supplemental rebate agreement
 16 required by this section; directing managed care plans to remove from their
 17 Medicaid formularies those drugs with respect to which a manufacturer has
 18 failed to enter into a rebate agreement required by this section; promoting
 19 the use of cost effective and clinically appropriate drugs other than those
 20 of a manufacturer who has failed to enter into a rebate agreement required by
 21 this section; allowing manufacturers to accelerate rebate payments under
 22 existing rebate contracts; and such other actions as authorized by law. The
 23 commissioner shall provide written notice to the legislature thirty days
 24 prior to taking action pursuant to this paragraph, unless action is necessary
 25 in the fourth quarter of a fiscal year to prevent total Medicaid drug
 26 expenditures from exceeding the limitation imposed by subdivision two of this
 27 section, in which case such notice to the legislature may be less than thirty
 28 days.

29 (b) The commissioner shall be authorized to take the actions described in
 30 paragraph (a) of this subdivision only so long as total Medicaid drug
 31 expenditures are projected to exceed the annual growth limitation imposed by
 32 subdivision two of this section. In addition, no such actions shall be deemed
 33 to supersede the provisions of paragraph (b) of subdivision three of section
 34 two hundred seventy-three of this article or the provisions of subdivisions
 35 twenty-five and twenty-five-a of section three hundred sixty-four-j of the
 36 social services law, except as allowed by paragraph (c) of subdivision five
 37 of this section; provided further that nothing in this section shall prevent
 38 access by a Medicaid recipient to a drug which is the only treatment for a
 39 particular disease or condition.

33 SUBPART B

34 Section 1. Section 365-f of the social services law is amended by adding
 35 two new subdivisions 4-a and 4-b to read as follows:

36 4-a. Fiscal intermediary services. (a) For the purposes of this section:

37 (i) "Fiscal intermediary" means an entity that provides fiscal
 38 intermediary services and has a contract for providing such services with:

39 (A) a local department of social services;

40 (B) an organization licensed under article forty-four of the public
 41 health law; or

42 (C) an accountable care organization certified under article twenty-nine-
 43 E of the public health law or an integrated delivery system composed

2 performing provider system under the delivery system reform incentive payment
3 program.

4 (ii) Fiscal intermediary services shall include the following services,
5 performed on behalf of the consumer to facilitate his or her role as the
6 employer:

7 (A) wage and benefit processing for consumer directed personal
8 assistants;

9 (B) processing all income tax and other required wage withholdings;

15 to regulations established by the commissioner;

16 (E) ensuring that the health status of each consumer directed personal
17 assistant is assessed prior to service delivery pursuant to regulations
18 issued by the commissioner;

19 (F) maintaining records of service authorizations or reauthorizations;

20 (G) monitoring the consumer's or, if applicable, the designated
21 representative's continuing ability to fulfill the consumer's
22 responsibilities under the program and promptly notifying the authorizing
23 entity of any circumstance that may affect the consumer's or, if applicable,
24 the designated representative's ability to fulfill such responsibilities;

25 (H) complying with regulations established by the commissioner specifying
26 the responsibilities of fiscal intermediaries providing services under this
27 title; and

28 (I) entering into a department approved memorandum of understanding with
29 the consumer that describes the parties' responsibilities under this program.

30 (iii) Fiscal intermediaries are not responsible for, and fiscal
31 intermediary services shall not include, fulfillment of the responsibilities
32 of the consumer or, if applicable, the consumer's designated representative
33 as established by the commissioner. A fiscal intermediary's responsibilities
34 shall not include, and a fiscal intermediary shall not engage in: managing
35 the plan of care including recruiting and hiring a sufficient number of
36 individuals who meet the definition of consumer directed personal assistant,
37 as such term is defined by the commissioner, to provide authorized services
38 that are included on the consumer's plan of care; training, supervising and
39 scheduling each consumer directed personal assistant; terminating the
40 consumer directed personal assistant's employment; or assuring that each
41 consumer directed personal assistant competently and safely performs the
42 personal care services, home health aide services and skilled nursing tasks
43 that are included on the consumer's plan of care. A fiscal intermediary shall

1 exercise reasonable care in properly carrying out its responsibilities under
2 the program.

3 (b) No entity shall provide, directly or through contract, fiscal
4 intermediary services without an authorization as a fiscal intermediary
5 issued by the commissioner in accordance with this subdivision.

6 (c) An application for authorization as a fiscal intermediary shall be
7 filed with the commissioner, together with such other forms and information
8 as shall be prescribed by, or acceptable to the commissioner. Such
9 information shall include, but not be limited to:

10 (i) the name and employer identification number, of the entity, including
11 any subsidiary corporations, if applicable, and any name under which the
12 entity does business;

13 (ii) all addresses at which the organization operates;

14 (iii) the names, titles and contact information of all officers and
15 directors in a not-for-profit company or business, or managers in a limited
16 liability company, as well as the name and employment history of the
17 individual ultimately accountable for operation of the fiscal intermediary;
18 and for a not-for-profit entity, the number of director positions set by the
19 company's by-laws, and how many are currently filled;

20 (iv) a history of the organization, along with an overview of the
21 organization and all services it offers, including any relationships with
22 outside agencies that may influence in any way the ability of the
23 organization to provide fiscal intermediary services consistent with the
24 manner described in its application;

25 (v) all policies and procedures of the fiscal intermediary, including any
26 contracts or other documents used in communications with consumers;

27 (vi) plans to solicit and consider input from the fiscal intermediary's
28 consumers, staff, personal assistants and other interested parties which may
29 be charged with roles including, but not limited to, quality assurance
30 review, referral, program monitoring or development or establishing and
31 responding to community needs; such input may be in the form of a board of
32 directors, committee, survey, or other mechanism, provided that the majority
33 of input obtained as part of this process must be from individual consumers
34 and consumer advocates of the fiscal intermediary;

35 (vii) the organization's plan to address the needs of consumers and their
36 personal assistants in a timely manner, regardless of where they live,
37 including, but not limited to, input from consumers, obtaining physicals and
38 other health information from personal assistants, obtaining time records for
39 payroll, and timely processing of payroll; and

40 (viii) a written sworn statement by an officer of the entity disclosing
41 any pending litigation, unsatisfied judgments or penalties, convictions for
42 fraud or sanctions imposed by government authorities.

1 (d) The entity shall reasonably promptly notify the department of any
2 change in the information submitted to the department for authorization under
3 this subdivision.

4 (e) The commissioner shall not approve an application for authorization
5 unless he or she is satisfied as to the character, competence and standing in
6 the community of the applicant's incorporators, directors, sponsors,
7 stockholders or operators and finds that the personnel, rules, consumer
8 contracts or agreements, and fiscal intermediary services are fit and
9 adequate, and that the fiscal intermediary services will be provided in the
10 manner required by this subdivision and the rules and regulations hereunder,
11 in a manner determined by the commissioner.

12 (f) The commissioner may contract with an entity with appropriate
13 knowledge, expertise and experience possessing extensive knowledge of
14 consumer directed personal assistance fiscal intermediary services and which
15 has a history of providing similar services in relation to a self-directed
16 program to develop and to assist the commissioner in evaluating applicants
17 for authorizations or readiness reviews to be a fiscal intermediary.

18 (g) Neither public need, tax status nor profit-making status shall be a
19 criterion for authorization under this subdivision. Status as a licensed home
20 care services agency or other health provider shall not positively or
21 negatively affect an application for authorization under this subdivision. An
22 organization authorized pursuant to article forty-four of the public health
23 law shall not be a fiscal intermediary.

24 (h) An authorization under this subdivision shall last for a period of
25 five years. Upon application for a renewal, the fiscal intermediary shall
26 submit up to date information to the commissioner.

27 4-b. Actions involving the authorization of a fiscal intermediary.

28 (a) A fiscal intermediary's authorization may be revoked, suspended,
29 limited or annulled upon thirty day's written notice to the fiscal
30 intermediary, if the commissioner finds that the fiscal intermediary has
31 failed to comply with the provisions of this subdivision or regulations
32 promulgated hereunder. Notwithstanding the foregoing, upon determining that
33 the public health or safety would be imminently endangered by the continued
34 authorization of the fiscal intermediary, the commissioner may revoke,
35 suspend, limit or annul the fiscal intermediary's authorization immediately.

36 (b) All orders or determinations under this subdivision shall be subject
37 to review as provided in article seventy-eight of the civil practice law and
38 rules.

39 § 2. Subdivision 25 of section 2808 of the public health law, as amended
40 by section 34 of part D of chapter 56 of the laws of 2012, is amended to read
41 as follows:

42 25. Reserved bed days. (a) For purposes of this subdivision, a "reserved
43 bed day" is a day for which a governmental agency pays a residential health
44 care facility to reserve a bed for a person eligible for medical assistance
45 pursuant to title eleven of article five of the social services law while he

1 or she is [**temporarily hospitalized or**] on **therapeutic** leave of absence from
2 the facility.

3 (b) Notwithstanding any other provisions of this section or any other law
4 or regulation to the contrary, for reserved bed days provided on behalf of
5 persons twenty-one years of age or older:

6 (i) payments for reserved bed days shall be made at ninety-five percent
7 of the Medicaid rate otherwise payable to the facility for services provided
8 on behalf of such person; **and**

13 such person for [**non-hospitalization**] **therapeutic** leaves of absence may not
14 exceed ten days in any twelve month period.

15 [(c)(i) Notwithstanding any contrary provision of this subdivision or any
16 other law and subject to the availability of federal financial participation,
17 with regard to services provided to residential health care facility
18 residents twenty-one years of age and older, the commissioner shall
19 promulgate regulations, and may promulgate emergency regulations, effective
20 for periods on and after July first, two thousand twelve, establishing
21 reimbursement rates for reserved bed days.

22 (ii) Such regulations shall, for each Medicaid patient for any twelve
23 month period, provide for reimbursement for reserved bed days for: (A) up to
24 an aggregate of fourteen days for hospitalizations and for other therapeutic
25 leave of absences consistent with a plan of care ordered by such patient's
26 treating health care professional; and (B) up to an aggregate of ten days of
27 other leaves of absence.

28 (iii) No later than thirty days after promulgation of such regulations,
29 the commissioner shall advise the chairs of the senate and assembly finance
30 and health committees of the projected reductions expected to be achieved
31 under the methodology set forth in such regulations.

32 (iv) In the event the commissioner determines, in consultation with the
33 director of the budget, that the regulations promulgated pursuant to
34 subparagraph (i) of this paragraph shall achieve projected aggregate Medicaid
35 savings, as determined by the commissioner, of less than forty million
36 dollars for the state fiscal year beginning April first, two thousand twelve,
37 and each state fiscal year thereafter, the commissioner shall establish a
38 prospective per diem rate adjustment for all nursing homes, other than
39 nursing homes providing services primarily to children under the age of

44 by adding a new paragraph (f) to read as follows:

1 (f) The commissioner shall establish a prospective per diem adjustment
2 for all nursing homes, other than nursing homes providing services primarily

6 § 5. Intentionally omitted.

8 § 7. This act shall take effect immediately and shall be deemed to have
9 been in full force and effect on and after April 1, 2017.

12 2011, amending the public health law and other laws relating to known and
13 projected department of health state fund medicaid expenditures, as
14 separately amended by section 1 of part JJ of chapter 54 and section 18 of
15 part B of chapter 59 of the laws of 2016, is amended to read as follows:

16 1. For state fiscal years 2011-12 through [~~2017-18~~] 2018-19, the director
17 of the budget, in consultation with the commissioner of health referenced as
18 "commissioner" for purposes of this section, shall assess on a monthly basis,
19 as reflected in monthly reports pursuant to subdivision five of this section
20 known and projected department of health state funds medicaid expenditures by
21 category of service and by geographic regions, as defined by the
22 commissioner, and if the director of the budget determines that such
23 expenditures are expected to cause medicaid disbursements for such period to
24 exceed the projected department of health medicaid state funds disbursements
25 in the enacted budget financial plan pursuant to subdivision 3 of section 23
26 of the state finance law, the commissioner of health, in consultation with
27 the director of the budget, shall develop a medicaid savings allocation plan
28 to limit such spending to the aggregate limit level specified in the enacted
29 budget financial plan, provided, however, such projections may be adjusted by
30 the director of the budget to account for any changes in the New York state
31 federal medical assistance percentage amount established pursuant to the

33 local social services district medical assistance administration, minimum
34 wage increases, and beginning April 1, 2012 the operational costs of the New

36 health plan. Such projections may be adjusted by the director of the budget
37 to account for increased or expedited department of health state funds
38 medicaid expenditures as a result of a natural or other type of disaster,
39 including a governmental declaration of emergency.

40 § 2. Intentionally omitted.

41 § 3. Intentionally omitted.

42 § 4. This act shall take effect immediately and shall be deemed to have
43 been in full force and effect on and after April 1, 2017.

35 each clinical research position in that region shall be reduced
36 proportionally in one thousand dollar increments until the total dollar
37 amount for the total number of clinical research positions in that region

26 provided, however, that notwithstanding any other provision of law, the
27 superintendent shall not establish or approve any increase in rates for the
28 period commencing July 1, 2009 and ending June 30, 2010. The superintendent
29 shall direct insurers to establish segregated accounts for premiums,
30 payments, reserves and investment income attributable to such premium periods
31 and shall require periodic reports by the insurers regarding claims and
32 expenses attributable to such periods to monitor whether such accounts will
33 be sufficient to meet incurred claims and expenses. On or after July 1, 1989,
34 the superintendent shall impose a surcharge on premiums to satisfy a
35 projected deficiency that is attributable to the premium levels established
36 pursuant to this section for such periods; provided, however, that such
37 annual surcharge shall not exceed eight percent of the established rate until
38 July 1, [2017] **2018**, at which time and thereafter such surcharge shall not
39 exceed twenty-five percent of the approved adequate rate, and that such
40 annual surcharges shall continue for such period of time as shall be
41 sufficient to satisfy such deficiency. The superintendent shall not impose
42 such surcharge during the period commencing July 1, 2009 and ending June 30,
43 2010. On and after July 1, 1989, the surcharge prescribed by this section
44 shall be retained by insurers to the extent that they insured physicians and
45 surgeons during the July 1, 1985 through June 30, [2017] **2018** policy periods;
46 in the event and to the extent physicians and surgeons were insured by
47 another insurer during such periods, all or a pro rata share of the
48 surcharge, as the case may be, shall be remitted to such other insurer in
49 accordance with rules and regulations to be promulgated by the
50 superintendent. Surcharges collected from physicians and surgeons who were
51 not insured during such policy periods shall be apportioned among all
52 insurers in proportion to the premium written by each insurer during such
53 policy periods; if a physician or surgeon was insured by an insurer subject
54 to rates established by the superintendent during such policy periods, and at

1 any time thereafter a hospital, health maintenance organization, employer or
 2 institution is responsible for responding in damages for liability arising
 3 out of such physician's or surgeon's practice of medicine, such responsible
 4 entity shall also remit to such prior insurer the equivalent amount that
 5 would then be collected as a surcharge if the physician or surgeon had
 6 continued to remain insured by such prior insurer. In the event any insurer
 7 that provided coverage during such policy periods is in liquidation, the
 8 property/casualty insurance security fund shall receive the portion of
 9 surcharges to which the insurer in liquidation would have been entitled. The
 10 surcharges authorized herein shall be deemed to be income earned for the
 11 purposes of section 2303 of the insurance law. The superintendent, in
 12 establishing adequate rates and in determining any projected deficiency
 13 pursuant to the requirements of this section and the insurance law, shall
 14 give substantial weight, determined in his discretion and judgment, to the
 15 prospective anticipated effect of any regulations promulgated and laws
 16 enacted and the public benefit of stabilizing malpractice rates and
 17 minimizing rate level fluctuation during the period of time necessary for the
 18 development of more reliable statistical experience as to the efficacy of
 19 such laws and regulations affecting medical, dental or podiatric malpractice
 20 enacted or promulgated in 1985, 1986, by this act and at any other time.
 21 Notwithstanding any provision of the insurance law, rates already established
 22 and to be established by the superintendent pursuant to this section are
 23 deemed adequate if such rates would be adequate when taken together with the
 24 maximum authorized annual surcharges to be imposed for a reasonable period of
 25 time whether or not any such annual surcharge has been actually imposed as of
 26 the establishment of such rates.

27 § 19. Section 5 and subdivisions (a) and (e) of section 6 of part J of

 51 the commissioner of health, and a certification of such determination to the
 52 state director of the budget, the chair of the senate committee on finance

 42 department of labor, bureau of labor statistics for the twelve month period
 43 ending in July of the budget year prior to such state fiscal year, for the

22 Each local government unit or direct contract provider receiving such funding

32 § 48. Paragraphs (a) and (g) of subdivision 2 of section 56 of the state
33 finance law, as amended by chapter 11 of the laws of 1994, are amended to
34 read as follows:

35 (a) Refunding bonds shall be issued only when the comptroller shall have
36 certified that, as a result of the refunding, there will be a debt service
37 savings to the state on a present value basis as a result of the refunding
38 transaction and that either (i) the refunding will benefit state taxpayers
39 over the life of the refunding bonds by achieving an actual debt service
40 savings each year or state fiscal year during the term to maturity of the
41 refunding bonds when debt service on the refunding bonds is expected to be
42 paid from legislative appropriations or (ii) debt service on the refunding

1 [~~chapter~~] article. Such certification by the comptroller shall be conclusive
2 as to matters contained therein after the refunding bonds have been issued.

3 (g) Any refunding bonds issued pursuant to this section shall be paid in
4 annual installments which shall, so long as any refunding bonds are
5 outstanding, be made in each year or state fiscal year in which installments
6 were due on the bonds to be refunded and shall be in an amount which shall
7 result in annual debt service payments which shall be less in each year or
8 state fiscal year than the annual debt service payments on the bonds to be
9 refunded unless debt service on the refunding bonds is payable in annual
10 installments of principal and interest which will result in substantially
11 level or declining debt service payments pursuant to paragraph (b) of
12 subdivision two of section fifty-seven of this [~~chapter~~] article.

13 § 49. Subdivisions 1, 2 and 6 of section 57 of the state finance law, as
14 amended by chapter 11 of the laws of 1994, are amended to read as follows:

15 1. Whenever the legislature, after authorization of a bond issue by the
16 people at a general election, as provided by section eleven of article seven
17 of the state constitution, or as provided by section three of article
18 eighteen of the state constitution, shall have authorized, by one or more
19 laws, the creation of a state debt or debts, bonds of the state, to the
20 amount of the debt or debts so authorized, shall be issued and sold by the
21 state comptroller. Any appropriation from the proceeds of the sale of bonds,
22 pursuant to this section, shall be deemed to be an authorization for the
23 creation of a state debt or debts to the extent of such appropriation. The
24 state comptroller may issue and sell a single series of bonds pursuant to one
25 or more such authorizations and for one or more duly authorized works or
26 purposes. As part of the proceedings for each such issuance and sale of
27 bonds, the state comptroller shall designate the works or purposes for which
28 they are issued. It shall not be necessary for him to designate the works or
29 purposes for which the bonds are issued on the face of the bonds. The
30 proceeds from the sale of bonds for more than one work or purpose shall be
31 separately accounted for according to the works or purposes designated for
32 such sale by the comptroller and the proceeds received for each work or
33 purpose shall be expended only for such work or purpose. The bonds shall bear
34 interest at such rate or rates as in the judgment of the state comptroller
35 may be sufficient or necessary to effect a sale of the bonds, and such
36 interest shall be payable at least semi-annually, in the case of bonds with a
37 fixed interest rate, and at least annually, in the case of bonds with an
38 interest rate that varies periodically, in the city of New York unless annual
39 payments of principal and interest result in substantially level or declining
40 debt service payments over the life of an issue of bonds pursuant to
41 paragraph (b) of subdivision two of this section or unless accrued interest
42 is contributed to a sinking fund in accordance with subdivision three of
43 section twelve of article seven of the state constitution, in which case
44 interest shall be paid at such times and at such places as shall be
45 determined by the state comptroller prior to issuance of the bonds.

46 2. Such bonds, or the portion thereof at any time issued, shall be made
47 payable (a) in equal annual principal installments or (b) in annual
48 installments of principal and interest which result in substantially level or
49 declining debt service payments, over the life of the bonds, the first of
50 which annual installments shall be payable not more than one year from the
51 date of issue and the last of which shall be payable at such time as the
52 comptroller may determine but not more than forty years or state fiscal

1 years after the date of issue, not more than fifty years after the date of
2 issue in the case of housing bonds, and not more than twenty-five years in
3 the case of urban renewal bonds. Where bonds are payable pursuant to
4 paragraph (b) of this subdivision, except for the year or state fiscal
5 year of initial issuance if less than a full year of debt service is to
6 become due in that year or state fiscal year, either (i) the greatest
7 aggregate amount of debt service payable in any year or state fiscal year
8 shall not differ from the lowest aggregate amount of debt service payable in
9 any other year or state fiscal year by more than five percent or (ii) the
10 aggregate amount of debt service in each year or state fiscal year shall be
11 less than the aggregate amount of debt service in the immediately
12 preceding year or state fiscal year. For purposes of this subdivision, debt
13 service shall include all principal, redemption price, sinking fund
14 installments or contributions, and interest scheduled to become due. For
15 purposes of determining whether debt service is level or declining on bonds
16 issued with a variable rate of interest pursuant to paragraph b of
17 subdivision four of this section, the comptroller shall assume a market rate
18 of interest as of the date of issuance. Where the comptroller determines that
19 interest on any bonds shall be compounded and payable at maturity, such bonds
20 shall be payable only in accordance with paragraph (b) of this subdivision
21 unless accrued interest is contributed to a sinking fund in accordance with
22 subdivision three of section twelve of article seven of the state
23 constitution. In no case shall any bonds or portion thereof be issued for a
24 period longer than the probable life of the work or purpose, or part thereof,
25 to which the proceeds of the bonds are to be applied, or in the alternative,
26 the weighted average period of the probable life of the works or purposes to
27 which the proceeds of the bonds are to be applied taking into consideration
28 the respective amounts of bonds issued for each work or purpose, as may be
29 determined under section sixty-one of this [~~chapter~~] article and in
30 accordance with the certificate of the commissioner of general services,
31 and/or the commissioner of transportation, state architect, state
32 commissioner of housing and urban renewal, or other authority, as the case
33 may be, having charge by law of the acquisition, construction, work or
34 improvement for which the debt was authorized. Such certificate shall be
35 filed in the office of the state comptroller and shall state the group, or,
36 where the probable lives of two or more separable parts of the work or
37 purposes are different, the groups, specified in such section, for which the
38 amount or amounts, shall be provided by the issuance and sale of bonds.
39 Weighted average period of probable life shall be determined by computing the
40 sum of the products derived from multiplying the dollar value of the portion
41 of the debt contracted for each work or purpose (or class of works or
42 purposes) by the probable life of such work or purpose (or class of works or
43 purposes) and dividing the resulting sum by the dollar value of the entire
44 debt after taking into consideration any original issue discount. Any costs
45 of issuance financed with bond proceeds shall be prorated among the various
46 works or purposes. Such bonds, or the portion thereof at any time sold, shall
47 be of such denominations, subject to the foregoing provisions, as the state
48 comptroller may determine. Notwithstanding the foregoing provisions of this
49 subdivision, the comptroller may issue all or a portion of such bonds as
50 serial debt, term debt or a combination thereof, maturing as required by this
51 subdivision, provided that the comptroller shall have provided for the
52 retirement each year or state fiscal year, or otherwise have provided for the
53 payment of, through sinking fund installment payments or otherwise, a portion
54 of such term bonds in an amount meeting the requirements of paragraph (a) or
55 (b) of this subdivision or shall have established a sinking fund and provided
56 for contributions thereto as provided in subdivision eight of this section
57 and section twelve of article seven of the state constitution.

1 6. Except with respect to bonds issued in the manner provided in
2 paragraph (c) of subdivision seven of this section, all bonds of the state of
3 New York which the comptroller of the state of New York is authorized to
4 issue and sell, shall be executed in the name of the state of New York by the
5 manual or facsimile signature of the state comptroller and his seal (or a
6 facsimile thereof) shall be thereunto affixed, imprinted, engraved or
7 otherwise reproduced. In case the state comptroller who shall have signed and
8 sealed any of the bonds shall cease to hold the office of state comptroller
9 before the bonds so signed and sealed shall have been actually countersigned
10 and delivered by the fiscal agent or trustee, such bonds may, nevertheless,
11 be countersigned and delivered as herein provided, and may be issued as if
12 the state comptroller who signed and sealed such bonds had not ceased to hold
13 such office. Any bond of a series may be signed and sealed on behalf of the
14 state of New York by such person as at the actual time of the execution of
15 such bond shall hold the office of comptroller of the state of New York,
16 although at the date of the bonds of such series such person may not have
17 held such office. The coupons to be attached to the coupon bonds of each
18 series shall be signed by the facsimile signature of the state comptroller of
19 the state of New York or by any person who shall have held the office of
20 state comptroller of the state of New York on or after the date of the bonds
21 of such series, notwithstanding that such person may not have been such state
22 comptroller at the date of any such bond or may have ceased to be such state
23 comptroller at the date when any such bond shall be actually countersigned
24 and delivered. The bonds of each series shall be countersigned with the
25 manual signature of an authorized employee of the fiscal agent or trustee of
26 the state of New York. No bond and no coupon thereunto appertaining shall be
27 valid or obligatory for any purpose until such manual countersignature of an
28 authorized employee of the fiscal agent or trustee of the state of New York
29 shall have been duly affixed to such bond.

30 § 50. Sections 58, 59 and 60 of the state finance law are REPEALED.

31 § 51. Section 62 of the state finance law, as amended by chapter 219 of
32 the laws of 1999, is amended to read as follows:

33 § 62. Replacement of lost certificates. The comptroller, who may act
34 through his duly authorized fiscal agent or trustee appointed pursuant to
35 section sixty-five of this article, may issue to the lawful owner of any
36 certificate or bond issued by him in behalf of this state, which he or such
37 duly authorized fiscal agent or trustee is satisfied, by due proof filed in
38 his office or with such duly authorized fiscal agent or trustee, has been
39 lost or casually destroyed, a new certificate or bond, corresponding in date,
40 number and amount with the certificate or bond so lost or destroyed, and
41 expressing on its face that it is a renewed certificate or bond. No such
42 renewed certificate or bond shall be issued unless sufficient security is
43 given to satisfy the lawful claim of any person to the original certificate
44 or bond, or to any interest therein. The comptroller shall report annually to
45 the legislature the number and amount of all renewed certificates or bonds so
46 issued. If the renewed certificate is issued by the state's duly authorized
47 fiscal agent or trustee and such agent or trustee agrees to be responsible
48 for any loss suffered as a result of unauthorized payment, the security shall
49 be provided to and approved by the fiscal agent or trustee and no additional
50 approval by the comptroller or the attorney general shall be required.

1 § 52. Section 65 of the state finance law, as amended by chapter 459 of
2 the laws of 1948, subdivision 1 as amended by chapter 219 of the laws of
3 1999, is amended to read as follows:

4 § 65. Appointment of fiscal agent or trustee; powers and duties. 1.
5 Notwithstanding any other provisions of this chapter, the comptroller, on
6 behalf of the state, may contract from time to time for a period or periods
7 not exceeding ten years each, except in the case of a bank or trust company
8 agreeing to act as issuing, paying and/or tender agent with respect to a
9 particular issue of variable interest rate bonds in which case the
10 comptroller, on behalf of the state, may contract for a period not to exceed
11 the term of such particular issue of bonds, with one or more banks or trust
12 companies located in the city of New York, to act as fiscal agent,
13 trustee, or agents of the state, and for the maintenance of an office for the
14 registration, conversion, reconversion and transfer of the bonds and notes of
15 the state, including the preparation and substitution of new bonds and notes,
16 for the payment of the principal thereof and interest thereon, [~~and~~] for
17 related services, and to otherwise effectuate the powers and duties of a
18 fiscal agent or trustee on behalf of the state in all such respects as may be
19 determined by the comptroller for such bonds and notes, and for the payment
20 by the state of such compensation therefor as the comptroller may determine.
21 Any such fiscal agent or trustee may, where authorized pursuant to the terms
22 of its contract, accept delivery of obligations purchased by the state and of
23 securities deposited with the state pursuant to sections one hundred five and
24 one hundred six of this chapter and hold the same in safekeeping, make
25 delivery to purchasers of obligations sold by the state, and accept deposit
26 of such proceeds of sale without securing the same. Any such contract may
27 also provide that such fiscal agent or trustee may, upon the written
28 instruction of the comptroller, deposit any obligations or securities which
29 it receives pursuant to such contract, in an account with a federal reserve
30 bank, to be held in such account in the form of entries on the books of the
31 federal reserve bank, and to be transferred in the event of any assignment,
32 sale, redemption, maturity or other disposition of such obligations or
33 securities, by entries on the books of the federal reserve bank. Any such
34 bank or trust company shall be responsible to the people of this state for
35 the faithful and safe conduct of the business of said office, for the
36 fidelity and integrity of its officers and agents employed in such office,
37 and for all loss or damage which may result from any failure to discharge
38 their duties, and for any improper and incorrect discharge of those duties,
39 and shall save the state free and harmless from any and all loss or damage
40 occasioned by or incurred in the performance of such services. Any such
41 contract may be terminated by the comptroller at any time. In the event of
42 any change in any office maintained pursuant to any such contract, the
43 comptroller shall give public notice thereof in such form as he may determine
44 appropriate.

45 2. The comptroller shall prescribe rules and regulations for the
46 registration, conversion, reconversion and transfer of the bonds and notes of
47 the state, including the preparation and substitution of new bonds, for the
48 payment of the principal thereof and interest thereon, and for other
49 authorized services to be performed by such fiscal agent or trustee. Such
50 rules and regulations, and all amendments thereof, shall be prepared in
51 duplicate, one copy of which shall be filed in the office of the department
52 of audit and control and the other in the office of the department of state.
53 A copy thereof may be filed as a public record in such other offices as the
54 comptroller may determine. Such rules and regulations shall be obligatory on

1 all persons having any interests in bonds and notes of the state heretofore
2 or hereafter issued.

3 § 53. Intentionally Omitted.

4 § 54. Subdivision 2 of section 365 of the public authorities law, as
5 separately amended by sections 349 and 381 of chapter 190 of the laws of
6 1990, is amended to read as follows:

8 shall bear such date or dates and mature at such time or times, in the case
9 of notes and any renewals thereof within five years after their respective
10 dates and in the case of bonds not exceeding forty years from their
11 respective dates, as such resolution or resolutions may provide. The notes
12 and bonds shall bear interest at such rate or rates, be in such
13 denominations, be in such form, either coupon or registered, carry such
14 registration privileges, be executed in such manner, be payable in such
15 medium of payment, at such place or places, and be subject to such terms of
16 redemption as such resolution or resolutions may provide. Bonds and notes
17 shall be sold by the authority, at public or private sale, at such price or
18 prices as the authority may determine. Bonds and notes of the authority shall
19 not be sold by the authority at private sale unless such sale and the terms
20 thereof have been approved in writing by the comptroller, where such sale is
21 not to the comptroller, or by the director of the budget, where such sale is
22 to the comptroller. [~~Bonds and notes sold at public sale shall be sold by the
