

**High
Taxes
Got You
Down?**

**New
Yorkers
Need Tax
Relief
NOW.**

Assemblyman Andrew Raia is working to cut costs and help you keep more of your hard-earned money. His plan cuts taxes for every New Yorker.

- **Long Term Relief:** Raia's plan makes the Middle Class Tax Cut permanent (A.4575-A), prohibits any unfunded mandates that drive up our local taxes (A.5001), and requires a 2/3 majority vote of both houses of the state legislature to enact any cost to you, including tax increases, extensions or restorations, fees, assessments, surcharges, or any other such levy (A.4774).
- **Cost of Living:** Raia's Shop NY plan will eliminate the state sales tax on everyday necessities, including gasoline, car seats, bike helmets, and personal hygiene products (A.1574).
- **Computers & School Supplies:** Raia knows technology is a necessity in today's classroom; that's why his plan creates a tax-free week for all education-related purchases, including computers and software. His plan also makes out-of-pocket college expenses for course requirements tax deductible (A.1564), and creates tax credits for New Yorkers paying college tuition and student loans (A.4891).
- **Help for Seniors:** Raia understands that seniors living on Long Island continuously face rising living costs. That's why he wants to expand EPIC to provide tax credits for seniors struggling with prescription drug costs (A.4246).
