SMALL BUSINESS SATURDAY IS NOVEMBER 30TH

Small Business Saturday

Small Business Saturday was created to encourage shoppers to visit their local small businesses and purchase the unique and high quality products they offer while helping to support their community.

Small businesses are the backbone of our local economies and account for most of the employment across the state. Small businesses offer outstanding products and service that often are one-of-a-kind, while providing unmatched customer service.

Please join me in SHOPPING LOCAL on SATURDAY, NOVEMBER 30TH!
