37 herein shall only be available to support programs (i) that provide

53 and new half-day pre-kindergarten placements, and (B) the district's
54 selected aid per pre-kindergarten pupil pursuant to subparagraph i

5 indicators within two years, including, but not limited to, valid
6 and reliable measures of environmental quality, the quality of
7 teacher-student interactions and child outcomes, and ensure that any
8 such assessment of child outcomes shall not be used to make high-

10 further, that no school district shall receive more than forty
11 percent of the total pre-kindergarten grant allocation.
12 Provided, further, that notwithstanding any provision of law to the

23 Provided, further, that to assess proposal quality in order to award
24 implementation grant funding, the commissioner shall take into

26 which the school district's proposal would maximize the use of the
27 additional learning time through a comprehensive restructuring of
28 the school day and/or year, (ii) the extent to which the proposal
29 would provide additional learning time for students in grades six
30 through eight, and (iii) how the additional learning time would be
31 utilized, including, but not limited to, additional time spent on
32 core academics. Provided, however, that no district shall be eligi-
33 ble to receive a school-wide extended learning grant unless its
34 proposal would increase student learning time by at least 25
35 percent. Provided, further, that a school district's schoolwide
36 extended learning implementation grant shall equal its average daily
37 attendance in the school-wide extended learning program multiplied
38 by the expected cost per pupil of the additional learning time;
39 provided, further, that the expected cost per pupil of the addi-
40 tional learning time shall equal the greater of \$1,500 or (A) the
41 quotient of (i) the school district's approved operating expense,
42 pursuant to paragraph t of subdivision 1 of section 3602 of the
43 education law, for the year prior to the base year, divided by (ii)
44 the district's public school district enrollment, pursuant to
45 subparagraph (2) of paragraph n of such subdivision, for the year
46 prior to the base year, multiplied by (B) 10 percent (0.10), multi-

48 er price indexes determined by the United States department of labor
49 for the 12-month period preceding January first of the base year,
50 divided by (ii) the average of the national consumer price indexes
51 determined by the United States department of labor for the 12-month
52 period preceding January first of the year two years prior to the
53 base year; provided, however, that in extraordinary cases the
54 commissioner may award a grant that exceeds the per pupil limit
55 described above; provided further, however, that no district shall
56 receive a grant in excess of the total actual grant expenditures

1 incurred by the district in the current school year as approved by
2 the commissioner. Provided, further, that no school district shall
3 receive more than forty percent of the total school-wide extended
4 learning grant allocation.

5 Provided, further, that notwithstanding any provision of law to the
6 contrary, the \$7,500,000 appropriated herein available for community
7 schools grants shall be awarded, based on a request for proposals
8 (i) developed by the state council on children and families in coor-

24 such grants shall be awarded based on factors including, but not
25 limited to, the following: (i) measures of school district need,
26 (ii) measures of the need of students to be served by each of the
27 school districts, (iii) the school district's proposal to target the
28 highest need schools and students, (iv) the sustainability of the
29 proposed community schools program, and (v) proposal quality.
30 Provided, further, that to assess proposal quality in order to award
31 such funding, the commissioner shall take into account factors
32 including, but not limited to: (i) the extent to which the school
33 district's proposal would provide such community services through
34 partnerships with local governments and non-profit organizations,
35 (ii) the extent to which the proposal would provide for delivery of
36 such services directly in school buildings, (iii) the extent to
37 which the proposal articulates how such services would facilitate
38 measurable improvement in student and family outcomes, (iv) the
39 extent to which the proposal articulates and identifies how existing
40 funding streams and programs would be used to provide such community
41 services, and (v) the extent to which the proposal ensures the safe-
42 ty of all students, staff and community members in school buildings
43 used as community hubs. Provided, however, that community schools
44 grants appropriated herein shall be paid to school districts in
45 installments upon successful implementation of each phase of a
46 school district's approved proposal. Provided, further, that no
47 school district shall receive more than forty percent of the total
48 community schools grant allocation, and that each individual commu-
49 nity school site shall be limited to a maximum grant of \$500,000.
50 Provided, further, that notwithstanding any provision of law to the
51 contrary, the \$5,500,000 appropriated herein available for a master
52 teachers program shall support the award of stipends of \$15,000 per
53 annum over four years to individual high-performing teachers in
54 math, science and related fields, and of related costs, administered
55 by the state university of New York pursuant to a plan developed in
56 consultation with the commissioner, who shall consult with appropri-

1 ate state organizations representing K-12 public school teachers and
2 approved by the director of the budget, to build a corps of
3 outstanding math, science and related fields teachers in order to
4 improve the quality of instruction at public secondary schools. Such
5 plan for use of funding appropriated herein shall: (i) establish an
6 application process; (ii) guidelines by which applications from
7 eligible teachers shall be evaluated, which shall include, but not
8 be limited to, achievement of a rating of highly effective on the
9 annual professional performance review; and (iii) provide periodic
10 opportunities for professional development for successful appli-
11 cants. Provided, further, that priority shall be given to applicants
12 in regions of the state where a similar program is not otherwise
13 offered. Notwithstanding any provision of law to the contrary, upon
14 approval of the director of the budget, such \$5,500,000 of master
15 teachers program funding may be sub-allocated, interchanged, trans-
16 ferred or otherwise made available to the state university of New
17 York for the services and expenses of administering such program.
18 Nothing herein shall be construed to limit the rights of labor
19 organizations representing teachers to collectively bargain terms
20 and conditions pursuant to article 14 of the civil service law.

21 Provided, further, that notwithstanding any provision of law to the
22 contrary, the \$2,000,000 appropriated herein available for the early
23 college high school program shall support the continuation and
24 expansion of such program pursuant to a plan developed by the
25 commissioner and approved by the director of the budget. Provided,
26 however, that a portion of the payments to early college high school
27 programs awarded funding from this appropriation shall be awarded on
28 a sliding scale based upon the number of college credits earned
29 annually by participating students, consistent with guidelines
30 established by the commissioner. Provided further that, notwith-
31 standing any provision of law to the contrary, higher education
32 partners participating in an early college high schools program, or
33 the entity/entities responsible for setting tuition at the institu-
34 tion, shall be authorized to set a reduced rate of tuition and/or
35 fees, or to waive tuition and/or fees entirely, for students
36 enrolled in such early college high schools program with no
37 reduction in other state, local or other support for such students
38 earning college credit that such higher education partner would
39 otherwise be eligible to receive.

40 Provided further that, notwithstanding any provision of law to the
41 contrary, of the amount appropriated herein, a minimum of
42 \$12,500,000 per year shall be available in the 2014-15 through
43 [2018-19] 2019-20 school years for the payment of grant awards as
44 follows: \$2,500,000 of pathways in technology early college high
45 school program grants and \$10,000,000 of teacher excellence fund
46 grants; provided, however, the funds appropriated herein for path-
47 ways in technology early college high school program grants shall
48 only be available for grants awarded for the 2017-18 school year and
49 prior school years; provided further that, notwithstanding any
50 provision of law to the contrary, such \$12,500,000, plus any other
51 amounts so designated in other items of appropriation within the
52 general fund local assistance account office of pre-kindergarten
53 through grade twelve education program, shall constitute the compet-
54 itive awards amount authorized for the 2013-14 school year by chap-
55 ter 53 of the laws of 2013.

1 Provided further that, notwithstanding any provision of law to the
2 contrary, the \$2,500,000 appropriated herein available for pathways
3 in technology early college high school (P-TECH) program grants
4 shall be awarded pursuant to a plan developed by the commissioner
5 and approved by the director of the budget, provided that such plan
6 shall include but not be limited to (i) assurances that K-12, higher
7 education and private-sector partners commit to the required
8 elements and responsibilities of a P-TECH program, (ii) provisions
9 to ensure regional diversity of grant recipients, and (iii) priority
10 for P-TECH programs serving students in academically challenged
11 school districts; provided further that the commissioner shall make
12 available the request for proposals for such program on or before
13 May fifteenth and the commissioner shall issue awards on or before
14 August fifteenth; and provided further that a portion of the
15 payments to P-TECH programs awarded funding from this appropriation
16 shall be made on a sliding scale based upon the number of college
17 credits earned annually by participating students, consistent with
18 guidelines established by the commissioner. Provided further that,
19 notwithstanding any provision of law to the contrary, higher educa-
20 tion partners participating in a P-TECH program, or the
21 entity/entities responsible for setting tuition at the institution,
22 shall be authorized to set a reduced rate of tuition and/or fees, or
23 to waive tuition and/or fees entirely, for students enrolled in such
24 P-TECH program with no reduction in other state, local or other
25 support for such students earning college credit that such higher
26 education partner would otherwise be eligible to receive.

27 Provided further that, notwithstanding any provision of law to the
28 contrary, the \$10,000,000 appropriated herein available for teacher
29 excellence fund grants shall be awarded to eligible school districts
30 pursuant to a request for proposals based on a plan developed by the
31 commissioner and approved by the director of the budget; provided
32 that such plan shall include an application for award of such grants
33 to such eligible school districts to provide annual teacher excel-
34 lence fund performance awards of up to \$20,000 to eligible teachers
35 rated as "highly effective" on the most recent annual professional
36 performance review, in accordance with the requirements of section
37 3012-d of the education law and the regulations of the commissioner,
38 pursuant to such districts' approved applications; provided that in
39 making such grants the commissioner shall prioritize school
40 districts' applications based on factors including but not limited
41 to (i) the extent to which the school district's application would
42 recognize and reward such teachers in school buildings with the
43 greatest academic need, in difficult-to-staff subject or certif-
44 ication areas and grade levels, and at critical points in a teach-
45 er's career in order to encourage highly effective teachers to
46 remain in the classroom, and (ii) the quality of the school
47 district's application; and provided further that the commissioner
48 shall make available the application for such grants on or before
49 May fifteenth and the commissioner shall issue grant awards an
50 agreed-to schedule.

51 Provided further that, notwithstanding any provision of law to the
52 contrary, of the amount appropriated herein, a minimum of
53 \$23,500,000 per year shall be available in the 2015-16 through
54 [2018-19] 2019-20 school years for the payment of grant awards as
55 follows: \$15,000,000 for pre-kindergarten grants, \$2,500,000 for an
56 expanded master teacher program, \$1,500,000 of pathways in technolo-

1 gy early college high school program grants, \$1,500,000 for a school
2 district teacher residency program, \$1,500,000 for a New York state
3 masters-in-education teacher incentive scholarship program, and
4 \$1,500,000 for QUALITYstarsNY; provided, however, the funds appro-
5 priated herein for pathways in technology early college high school
6 program grants shall only be available for grants awarded for the
7 2017-18 school year and prior school years; provided further that,
8 notwithstanding any provision of law to the contrary, such
9 \$23,500,000, plus any other amounts so designated in other items of
10 appropriation within the general fund local assistance account
11 office of pre-kindergarten through grade twelve education program,
12 shall constitute the competitive awards amount authorized for the
13 2015-16 school year.

14 Provided, further, that notwithstanding any provision of law to the
15 contrary, the \$15,000,000 appropriated herein available for grants
16 to full-day and half-day pre-kindergarten programs for three-year-
17 old and four-year-old children shall be awarded, based on a request
18 for proposals developed by the commissioner and approved by the
19 director of the budget, to school districts to establish new full-
20 day and half-day pre-kindergarten placements for three-year-olds and
21 four-year-olds; provided that such grants shall only be used to
22 supplement, not supplant existing pre-kindergarten programs; and
23 provided further, however, that any portion of such \$15,000,000 that
24 is not awarded shall remain available for subsequent awards in the
25 2015-16 school year or for full-day and half-day prekindergarten
26 grants to be awarded in subsequent school years. Provided, further,
27 that such grants from funds appropriated herein shall be awarded
28 based on factors including, but not limited to, the following: (i)
29 measures of school district need, (ii) measures of the need of
30 students to be served by each of the school districts, (iii) the
31 school district's proposal to target the highest need schools and
32 students, (iv) the extent to which the district's proposal would
33 prioritize funds to maximize the total number of eligible children
34 in the district served in pre-kindergarten programs, and (v)
35 proposal quality. Provided, however, that full-day and half-day
36 pre-kindergarten grants appropriated herein shall only be available
37 to support programs (i) that provide instruction for at least five
38 hours per school day for full-day pre-kindergarten programs and at
39 least two and one-half hours per school day for half-day prekindergarten
40 programs; (ii) that agree to offer instruction consistent
41 with the New York state pre-kindergarten foundation for the common
42 core standards; (iii) that ensure that, to the extent community-
43 based providers are part of such program, such providers meet the
44 requirements of paragraphs d-1 and d-2 of subdivision 12 of section
45 3602-e of the education law; and (iv) that otherwise comply with all
46 of the same rules and requirements as universal prekindergarten
47 programs pursuant to section 3602-e of the education law except as
48 modified herein; provided that notwithstanding paragraph c of subdivi-
49 sion 1 of section 3602-e of the education law notwithstanding, for
50 the purposes of this appropriation, an eligible child shall be a
51 resident child who is three years of age on or before December first
52 of the year in which he or she is enrolled. Provided, further, that
53 as a condition of eligibility for receipt of such funding for three-
54 year-olds, a school district must currently offer a prekindergarten
55 program for four-year-old children, or children who would otherwise
56 be eligible under paragraph c of subdivision 1 of section 3602-e of

1 the education law; provided, further, that a school district may
2 apply for only as many full-day or half-day placements for three-
3 year-old children as it currently offers for four-year-old children,
4 or children who would otherwise be eligible under paragraph c of
5 subdivision 1 of section 3602-e of the education law. Provided,
6 further, that a school district's grant for three-year-old and four-
7 year-old pre-kindergarten shall equal the product of (A) (i) two
8 multiplied by the approved number of new full-day prekindergarten
9 placements plus (ii) the approved number of new half-day prekin-
10 dergarten placements, and (B) the district's selected aid per prekin-
11 dergarten pupil pursuant to subparagraph i of paragraph b of subdi-
12 vision 10 of section 3602-e of the education law; provided, however,
13 that no district shall receive a grant in excess of the total actual
14 grant expenditures incurred by the district in the current school
15 year as approved by the commissioner. Provided, further, that as a
16 condition of eligibility for receipt of such funding, a school
17 district shall agree to adopt approved quality indicators within two
18 years, including, but not limited to, valid and reliable measures of
19 environmental quality, the quality of teacher-student interactions
20 and child outcomes, and ensure that any such assessment of child
21 outcomes shall not be used to make high-stakes educational decisions
22 for individual children. Provided, further, that no school district
23 shall receive more than forty percent of the total prekindergarten
24 for three-year-old and four-year-old children grant allocation.
25 Provided, further, that notwithstanding any provision of law to the
26 contrary, the \$2,500,000 appropriated herein available for an
27 expanded master teachers program shall support the award of stipends
28 of \$15,000 per annum over four years to individual high-performing
29 teachers, and of related costs, administered by the state university
30 of New York pursuant to a plan developed in consultation with the
31 commissioner, who shall consult with appropriate state organizations
32 representing K-12 public school teachers and approved by the direc-
33 tor of the budget, to build a corps of outstanding teachers in order
34 to improve the quality of instruction at public secondary schools.
35 Such plan for use of funding appropriated herein shall: (i) allocate
36 at least 80 percent of such stipends to high-performing teachers in
37 math, science and related fields and up to 20 percent of such
38 stipends to high performing teachers with an extension to their
39 content area certificate in bilingual education or who hold certif-
40 ication in English as a Second Language and high-performing teachers
41 with dual certification in a content area and special education;
42 (ii) establish an application process; (iii) guidelines by which
43 applications from eligible teachers shall be evaluated, which shall
44 include, but not be limited to, achievement of a rating of highly
45 effective on the annual professional performance review; and (iv)
46 provide periodic opportunities for professional development for
47 successful applicants. Provided, further, that priority shall be
48 given to applicants in regions of the state where a similar program
49 is not otherwise offered. Notwithstanding any provision of law to
50 the contrary, upon approval of the director of the budget, such
51 \$2,500,000 of master teachers program funding may be suballocated,
52 interchanged, transferred or otherwise made available to the state
53 university of New York for the services and expenses of administer-
54 ing such program. Nothing herein shall be construed to limit the
55 rights of labor organizations representing teachers to collectively

1 bargain terms and conditions pursuant to article 14 of the civil
2 service law.

3 Provided further that, notwithstanding any provision of law to the
4 contrary, the \$1,500,000 appropriated herein available for pathways
5 in technology early college high school (P-TECH) program grants
6 shall be awarded pursuant to a plan developed by the commissioner
7 and approved by the director of the budget, provided that such plan
8 shall include but not be limited to (i) assurances that K-12, higher
9 education and private-sector partners commit to the required
10 elements and responsibilities of a P-TECH program, (ii) provisions
11 to ensure regional diversity of grant recipients, and (iii) priority
12 for P-TECH programs serving students in academically challenged
13 school districts; provided further that the commissioner shall make
14 available the request for proposals for such program on or before
15 May fifteenth and the commissioner shall issue awards on or before
16 August fifteenth; and provided further that a portion of the
17 payments to P-TECH programs awarded funding from this appropriation
18 shall be made on a sliding scale based upon the number of college
19 credits earned annually by participating students, consistent with
20 guidelines established by the commissioner. Provided further that in
21 connection with such guidelines, the commissioner shall execute a
22 memorandum of understanding with the state university of New York
23 and the city university of New York to develop common data
24 collection, sharing and reporting mechanisms based on student-level
25 data for students enrolled in P-TECH and smart scholars early
26 college high school programs. Provided further that, notwithstanding
27 any provision of law to the contrary, higher education partners
28 participating in a P-TECH program, or the entity/entities responsi-
29 ble for setting tuition at the institution, shall be authorized to
30 set a reduced rate of tuition and/or fees, or to waive tuition
31 and/or fees entirely, for students enrolled in such P-TECH program
32 with no reduction in other state, local or other support for such
33 students earning college credit that such higher education partner
34 would otherwise be eligible to receive.

35 Provided, further, that notwithstanding any provision of law to the
36 contrary, the \$1,500,000 appropriated herein available for a school
37 district teacher residency program shall be used to provide resident
38 teachers with the professional development and training to make an
39 immediate impact in schools in the state, pursuant to a plan devel-
40 oped by the commissioner and approved by the director of the budget.
41 Provided, further, that such plan shall establish a process for
42 selection of experienced nonprofit entities to manage the program.
43 Provided, further, that no school district shall receive more than
44 forty percent of the total grant allocation.

45 Provided, further, that notwithstanding any provision of law to the
46 contrary, \$1,500,000 of the amount appropriated herein shall be made
47 available for payment of New York state masters-in-education teacher
48 incentive scholarship program awards. Provided, further, that eligi-
49 bility for an award under this appropriation shall be limited to

51 education program at a New York state public institution of higher
52 education leading to a career as a teacher in public elementary or
53 secondary education shall be eligible for an award, provided the

1 as an undergraduate student, as defined by the higher education

7 classroom on a full-time basis for five years in a school located
8 within New York state providing public elementary or secondary
9 education recognized by the board of regents or the university of
10 the state of New York including charter schools authorized pursuant
11 to article 56 of the education law; and (f) complies with the appli-
12 cable provisions of article 13 of education law and all requirements
13 promulgated by the corporation for the administration of the

15 applicants that the corporation has certified are eligible to
16 receive such awards; and (b) up to five hundred awards may be made
17 for the 2015-2016 academic year, provided such awards shall be made
18 to recipients after the successful completion of the term, as
19 defined by the corporation. Provided, further, the corporation shall
20 grant such awards in an amount equal to the annual tuition charged
21 state resident students attending a graduate program full-time at
22 the state university of New York, or actual tuition charged, which-
23 ever is less, for not more than two academic years of full-time
24 graduate study leading to certification as an elementary or second-

46 convert to a student loan the full amount of the award given pursu-
47 ant to this appropriation, plus interest, according to a schedule to
48 be determined by the corporation if: (a) two years after the
49 completion of the degree program and receipt of initial certifi-
50 cation it is found that a recipient is not teaching in a public
51 school located within New York state providing elementary or second-
52 ary education recognized by the board of regents or the university
53 of the state of New York including charter schools authorized pursu-
54 ant to article 56 of the education law; or (b) a recipient has not

3 the seven years after the completion of the graduate degree program
4 and receipt of initial certification; or (c) a recipient fails to
5 complete his or her graduate degree program in education; or (d) a
6 recipient fails to receive or maintain his or her teaching certifi-
7 cate or license in New York state; or (e) a recipient fails to

12 and regulations of the corporation; (b) shall be cancelled upon the
13 death of the recipient; and (c) notwithstanding any provision of
14 this appropriation to the contrary, authorize the corporation to
15 provide for the waiver or suspension of any financial obligation
16 which would involve extreme hardship pursuant to rules and regu-
17 lations promulgated by the corporation. Notwithstanding any
18 provision of the law to the contrary, upon approval of the director
19 of the budget, such \$1,500,000 of masters-in-education teacher
20 incentive scholarship program funding may be sub-allocated, inter-
21 changed, transferred or otherwise made available to the higher
22 education services corporation for the sole purpose of administering
23 such program.

24 Provided, further, that notwithstanding any provision of law to the
25 contrary, the \$1,500,000 appropriated herein available for QUALITYs-
26 tarsNY shall be used, pursuant to a plan approved by the director of
27 the budget, to support implementation of a statewide system to
28 assess, improve, and communicate the level of quality in early
29 education and care settings throughout the state. Notwithstanding
30 any provision of law to the contrary, upon approval of the director
31 of the budget, the \$1,500,000 of funding appropriated herein for
32 QUALITYstarsNY may be suballocated, interchanged, transferred or
33 otherwise made available to the office of children and family
34 services for the sole purpose of administering such system.

35 Provided further that, notwithstanding any provision of law to the
36 contrary, of the amount appropriated herein, a minimum of
37 \$14,000,000 per year shall be available in the 2016-17 through
38 [2018-19] 2019-20 school years for the payment of grant awards as
39 follows: \$11,000,000 for pre-kindergarten grants for three-year-old
40 children, \$1,500,000 for early college high school programs,
41 \$500,000 for career and technical education programs, and \$1,000,000
42 for QUALITYstarsNY; provided, however, the funds appropriated herein
43 for early college high school programs shall only be available for
44 grants awarded for the 2017-18 school year and prior school years;
45 provided further that, notwithstanding any provision of law to the
46 contrary, such \$14,000,000, plus any other amounts so designated in
47 other items of appropriation within the general fund local assist-

49 tion program, shall constitute the competitive awards amount author-
50 ized for the 2016-17 school year.

51 Provided further that, notwithstanding any provision of law to the
52 contrary, the \$11,000,000 appropriated herein available for prekin-
53 dergarten grants to full-day and half-day prekindergarten programs
54 for three-year-old children shall be awarded, based on a request for
55 proposals developed by the commissioner and approved by the director
56 of the budget, to school districts to establish new full-day and

1 half-day prekindergarten placements for three-year-olds; provided
2 that such grants shall only be used to supplement, not supplant
3 existing prekindergarten programs; and provided further, however,
4 that any portion of such \$11,000,000 that is not awarded shall
5 remain available for subsequent awards in the 2016-17 school year or
6 for full-day and half-day pre-kindergarten grants to be awarded in
7 subsequent school years. Provided, further, that such grants from
8 funds appropriated herein shall be awarded based on factors includ-
9 ing, but not limited to, the following: (i) measures of school
10 district need, (ii) measures of the need of students to be served by
11 each of the school districts, (iii) the school district's proposal
12 to target the highest need schools and students, (iv) the extent to
13 which the district's proposal would prioritize funds to maximize the
14 total number of eligible children in the district served in prekin-

16 that full-day and half-day prekindergarten grants appropriated here-
17 in shall only be available to support programs (i) that provide

21 offer instruction consistent with applicable New York state prekin-
22 dergarten early learning standards; (iii) that ensure that, to the
23 extent community-based providers are part of such program, such
24 providers meet the requirements of paragraphs d-1 and d-2 of subdivi-
25 sion 12 of section 3602-e of the education law; and (iv) that
26 otherwise comply with all of the same rules and requirements as
27 universal prekindergarten programs pursuant to section 3602-e of the
28 education law except as modified herein; provided that notwithstand-
29 ing paragraph c of subdivision 1 of section 3602-e of the education
30 law, for the purposes of this appropriation, an eligible child shall
31 be a resident child who is three years of age on or before December
32 first of the year in which he or she is enrolled. Provided, further,
33 that as a condition of eligibility for receipt of such funding, a
34 school district must currently offer a prekindergarten program for
35 four-year-old children, or children who would otherwise be eligible
36 under paragraph c of subdivision 1 of section 3602-e of the educa-
37 tion law; provided, further, that a school district may apply for
38 only as many full-day or half-day placements for three-year-old
39 children as it currently offers for four-year-old children, or chil-
40 dren who would otherwise be eligible under paragraph c of subdivi-
41 sion 1 of section 3602-e of the education law. Provided, further,
42 that a school district's grant for three-year-old prekindergarten
43 shall equal the product of (A) (i) two multiplied by the approved
44 number of new full-day pre-kindergarten placements plus (ii) the
45 approved number of new half-day pre-kindergarten placements, and (B)
46 the district's selected aid per pre-kindergarten pupil pursuant to
47 subparagraph i of paragraph b of subdivision 10 of section 3602-e of
48 the education law; provided, however, that no district shall receive
49 a grant in excess of the total actual grant expenditures incurred by
50 the district in the current school year as approved by the commis-
51 sioner. Provided, further, that as a condition of eligibility for
52 receipt of such funding, a school district shall agree to adopt
53 approved quality indicators within two years, including, but not
54 limited to, valid and reliable measures of environmental quality,
55 the quality of teacher-student interactions and child outcomes, and
56 ensure that any such assessment of child outcomes shall not be used

1 to make high-stakes educational decisions for individual children.
2 Provided, further, that no school district shall receive more than
3 forty percent of the total pre-kindergarten for three-year-old chil-
4 dren grant allocation.

5 Provided further that, notwithstanding any provision of law to the
6 contrary, the \$1,500,000 appropriated herein available for early
7 college high school programs shall be awarded pursuant to a plan
8 developed by the commissioner and approved by the director of the
9 budget, provided that such plan shall ensure regional diversity of
10 grant recipients and prioritize programs serving students in academ-
11 ically challenged school districts; provided further that the
12 commissioner shall make available the request for proposals for such
13 programs on or before May fifteenth and the commissioner shall issue
14 awards on or before August fifteenth; and provided further that a
15 portion of the payments to early college high school programs
16 awarded funding from this appropriation shall be made on a sliding
17 scale based upon the number of college credits earned annually by
18 participating students, consistent with guidelines established by
19 the commissioner. Provided further that in connection with such
20 guidelines, the commissioner shall execute a memorandum of under-
21 standing with the state university of New York and the city univer-
22 sity of New York to develop common data collection, sharing and
23 reporting mechanisms based on student-level data for students
24 enrolled in early college high school programs. Provided further
25 that, notwithstanding any provision of law to the contrary, higher
26 education partners participating in an early college high school
27 program, or the entity/entities responsible for setting tuition at
28 the institution, shall be authorized to set a reduced rate of
29 tuition and/or fees, or to waive tuition and/or fees entirely, for
30 students enrolled in such an early college high school program with
31 no reduction in other state, local or other support for such
32 students earning college credit that such higher education partner
33 would otherwise be eligible to receive.

34 Provided further that, notwithstanding any provision of law to the
35 contrary, the \$500,000 appropriated herein available for career and
36 technical education (CTE) programs shall be awarded, pursuant to a
37 plan developed by the commissioner and approved by the director of
38 the budget, to provide CTE programs with support and resources to
39 eliminate barriers to students with special needs and English
40 language learners from participating in such programs, as well as
41 promote gender diversity in CTE programs.

42 Provided, further, that notwithstanding any provision of law to the
43 contrary, the \$1,000,000 appropriated herein available for QUALITYs-
44 tarsNY shall be used, pursuant to a plan approved by the director of
45 the budget, to support implementation of a statewide system to
46 assess, improve, and communicate the level of quality in early
47 education and care settings throughout the state. Notwithstanding
48 any provision of law to the contrary, upon approval of the director
49 of the budget, the \$1,000,000 of funding appropriated herein for
50 QUALITYstarsNY may be suballocated, interchanged, transferred or
51 otherwise made available to the office of children and family
52 services for the sole purpose of administering such system. Provided
53 that, for the 2016-17 through [2018-19] 2019-20 school years, a
54 portion of these funds shall be used to support programs identified
55 by the office of children and family services, the department of

1 health and mental hygiene of the city of New York, or the department
2 as needing extraordinary quality support.

3 Provided further that, notwithstanding any inconsistent provision of
4 law, subject to the approval of the director of the budget, funds
5 appropriated herein may be interchanged with the appropriation for
6 School District Performance Improvement grants within the general
7 fund local assistance account office of pre-kindergarten through
8 grade twelve education program.

9 Notwithstanding section 40 of the state finance law or any provision
10 of law to the contrary, this appropriation shall lapse on March 31,
11 2019 (23453) ... 250,000,000 (re. \$65,993,000)

12 Funds appropriated herein shall be used to provide competitive grants
13 pursuant to a request for proposals, developed by the commissioner
14 and approved by the director of budget, to those school districts
15 that are participating in the race to the top program and/or which
16 demonstrate satisfactory progress, as determined by the commissioner,
17 towards implementation of elements such as high quality student
18 assessments; use of data to improve instruction and student performance
19 and provision of professional development to improve teacher
20 performance; and that those eligible districts also demonstrate the
21 most improved academic achievement gains and student outcomes such
22 as establishing or expanding participation in college level or early
23 college programs; and other appropriate measures of student performance;
24 provided further that in determining the amount of the award
25 to be made from the funds appropriated herein for those school
26 districts identified as making the greatest achievement gains and
27 eligible for such award, the maximum grant award available to each
28 school district shall be based upon the size of the district measured
29 by public school enrollment of the district; and provided
30 further that such amount shall be adjusted based upon measures of
31 district need and provided further that no district receiving a
32 grant may be awarded more than forty percent of the total amount
33 awarded; and provided further that any such funds awarded to a
34 school district shall be used to increase student performance,
35 narrow the achievement gap, and increase academic performance in
36 traditionally underserved student groups.

37 Provided further that, notwithstanding any provision of law to the
38 contrary, in addition to the competitive awards amount as defined in
39 paragraph ee of subdivision 1 of section 3602 of the education law,
40 a minimum of \$37,500,000 shall be available for the payment of grant
41 awards made in the 2013-14 school year, with additional amounts to
42 be made available in the 2014-15 through [2018-19] 2019-20 state
43 fiscal years as necessary to continue such awards, make an additional
44 round of awards pursuant to subdivision 6-a of section 3641
45 of the education law in the 2014-15 school year not to exceed the
46 amount awarded in the 2013-14 school year pursuant to such subdivision
47 6-a, and make additional master teachers awards to the extent
48 that the master teachers program authorized herein would not otherwise
49 expend the maximum school year amount authorized herein; and
50 such \$37,500,000 shall be made available for \$12,500,000 of prekindergarten
51 grants, \$10,000,000 of school-wide extended learning
52 grants, \$7,500,000 of community schools grants, \$5,500,000 for a
53 master teacher program and \$2,000,000 for the early college high
54 school program; provided, however, the funds appropriated herein for
55 pre-kindergarten grants shall only be available for grants awarded
56 for the 2016-17 school year and prior school years; provided, however,

1 er, the funds appropriated herein for school-wide extended learning
2 grants shall only be available for grants awarded for the 2017-18
3 school year and prior school years; provided, however, the funds
4 appropriated herein for the early college high school program shall
5 only be available for grants awarded for the 2017-18 school year and
6 prior school years; provided, however, that no school district shall
7 receive any portion of the funds appropriated herein unless it shall
8 have submitted documentation that has been approved by the commis-
9 sioner by September 1 of 2013 and of each school year in which a
10 payment to such district from this appropriation would otherwise be
11 made demonstrating that it has fully implemented new standards and
12 procedures for conducting annual professional performance reviews of
13 classroom teachers and building principals to determine teacher and
14 principal effectiveness.

15 Provided, further, that notwithstanding any provision of law to the
16 contrary, the \$12,500,000 appropriated herein available for full-day
17 and half-day pre-kindergarten grants shall be awarded, based on a
18 request for proposals developed by the commissioner and approved by
19 the director of the budget, to school districts to establish new
20 full-day and half-day pre-kindergarten placements and/or to convert
21 existing half-day pre-kindergarten placements into full-day place-
22 ments; provided that preference shall be granted for full-day place-
23 ments while ensuring that a portion of grants include half-day
24 placements based on eligible applications; and provided, further,
25 that such grants shall only be used to supplement, not supplant
26 existing pre-kindergarten programs, and provided further, however,
27 that any portion of such \$12,500,000 that is not awarded shall
28 remain available for subsequent awards in the 2013-14 school year or
29 for full-day and half-day pre-kindergarten grants to be awarded in
30 subsequent school years. Provided, further, that such grants from
31 funds appropriated herein shall be awarded based on factors includ-
32 ing, but not limited to, the following: (i) measures of school
33 district need, (ii) measures of the need of students to be served by
34 each of the school districts, (iii) the school district's proposal
35 to target the highest need schools and students, (iv) the extent to
36 which the district's proposal would prioritize funds to maximize the
37 total number of eligible children in the district served in prekin-
38 dergarten programs, and (v) proposal quality. Provided, however,
39 that full-day and half-day pre-kindergarten grants appropriated
40 herein shall only be available to support programs (i) that provide
41 instruction for at least five hours per school day for full-day
42 pre-kindergarten programs and at least two and one-half hours per
43 school day for half-day pre-kindergarten programs; (ii) that agree
44 to offer instruction consistent with the New York state prekinde-
45 rgarten foundation for the common core standards within three years;
46 (iii) that ensure that, to the extent community-based providers are
47 part of such program, such providers meet the requirements of para-
48 graphs d-1 and d-2 of subdivision 12 of section 3602-e of the educa-
49 tion law; and (iv) that otherwise comply with all of the same rules
50 and requirements as universal pre-kindergarten programs pursuant to
51 section 3602-e of the education law except as modified herein.
52 Provided, further, that a school district's pre-kindergarten grant
53 shall equal the product of (A) (i) two multiplied by the approved
54 number of new full-day pre-kindergarten placements plus (ii) the
55 approved number of half-day pre-kindergarten placement conversions
56 and new half-day pre-kindergarten placements, and (B) the district's

1 selected aid per pre-kindergarten pupil pursuant to subparagraph i
2 of paragraph b of subdivision 10 of section 3602-e of the education
3 law; provided, however, that no district shall receive a grant in
4 excess of the total actual grant expenditures incurred by the
5 district in the current school year as approved by the commissioner.
6 Provided, further, that as a condition of eligibility for receipt of
7 such funding, a school district shall agree to adopt approved quali-
8 ty indicators within two years, including, but not limited to, valid
9 and reliable measures of environmental quality, the quality of
10 teacher-student interactions and child outcomes, and ensure that any
11 such assessment of child outcomes shall not be used to make highs-
12 takes educational decisions for individual children. Provided,
13 further, that no school district shall receive more than forty
14 percent of the total pre-kindergarten grant allocation.

15 Provided, further, that notwithstanding any provision of law to the
16 contrary, the \$10,000,000 appropriated herein available for school-
17 wide extended learning grants shall be awarded to school districts
18 or school districts in collaboration with not-for-profit community-
19 based organizations based on responses to a request for proposals
20 for planning and implementation grants that is (i) developed by the
21 commissioner; (ii) approved by the director of the budget; and (iii)
22 issued by the commissioner. Provided, further, that such grants
23 shall be awarded based on factors including, but not limited to, the
24 following: (i) the school district's proposal to target the schools
25 and students with the greatest need, and (ii) proposal quality.
26 Provided, further, that to assess proposal quality in order to award
27 implementation grant funding, the commissioner shall take into
28 account factors including, but not limited to: (i) the extent to
29 which the school district's proposal would maximize the use of the
30 additional learning time through a comprehensive restructuring of
31 the school day and/or year, (ii) the extent to which the proposal
32 would provide additional learning time for students in grades six
33 through eight, and (iii) how the additional learning time would be
34 utilized, including, but not limited to, additional time spent on
35 core academics. Provided, however, that no district shall be eligi-
36 ble to receive a school-wide extended learning grant unless its
37 proposal would increase student learning time by at least 25
38 percent. Provided, further, that a school district's schoolwide
39 extended learning implementation grant shall equal its average daily
40 attendance in the school-wide extended learning program multiplied
41 by the expected cost per pupil of the additional learning time;
42 provided, further, that the expected cost per pupil of the addi-
43 tional learning time shall equal the greater of \$1,500 or (A) the
44 quotient of (i) the school district's approved operating expense,
45 pursuant to paragraph t of subdivision 1 of section 3602 of the
46 education law, for the year prior to the base year, divided by (ii)
47 the district's public school district enrollment, pursuant to
48 subparagraph (2) of paragraph n of such subdivision, for the year
49 prior to the base year, multiplied by (B) 10 percent (0.10), multi-
50 plied by (C) the quotient of (i) the average of the national consum-
51 er price indexes determined by the United States department of labor
52 for the 12-month period preceding January first of the base year,
53 divided by (ii) the average of the national consumer price indexes
54 determined by the United States department of labor for the 12-month
55 period preceding January first of the year two years prior to the
56 base year; provided, however, that in extraordinary cases the

1 commissioner may award a grant that exceeds the per pupil limit
2 described above; provided further, however, that no district shall
3 receive a grant in excess of the total actual grant expenditures
4 incurred by the district in the current school year as approved by
5 the commissioner. Provided, further, that no school district shall
6 receive more than forty percent of the total school-wide extended
7 learning grant allocation.

8 Provided, further, that notwithstanding any provision of law to the
9 contrary, the \$7,500,000 appropriated herein available for community
10 schools grants shall be awarded, based on a request for proposals
11 (i) developed by the state council on children and families in coor-
12 dination with the commissioner, (ii) approved by the director of the
13 budget and (iii) issued by the commissioner, to school districts, or
14 in a city with a population of one million or more an eligible enti-
15 ty, to improve student outcomes through the implementation of commu-
16 nity schools programs that use school buildings as community hubs to
17 deliver co-located or school-linked academic, health, mental health,
18 nutrition, counseling, legal and/or other services to students and
19 their families. In a city with a population of one million or more,
20 eligible entities shall mean the city school district of the city of
21 New York, or not-for-profit organizations, which shall include not-
22 for-profit community-based organizations. An eligible entity that is
23 a not-for-profit may apply for a community school grant provided
24 that it collaborates with the city school district of the city of
25 New York and receives the approval of the chancellor of the city
26 school district of the city of New York. Provided, further, that
27 such grants shall be awarded based on factors including, but not
28 limited to, the following: (i) measures of school district need,
29 (ii) measures of the need of students to be served by each of the
30 school districts, (iii) the school district's proposal to target the
31 highest need schools and students, (iv) the sustainability of the
32 proposed community schools program, and (v) proposal quality.

33 Provided, further, that to assess proposal quality in order to award
34 such funding, the commissioner shall take into account factors
35 including, but not limited to: (i) the extent to which the school
36 district's proposal would provide such community services through
37 partnerships with local governments and non-profit organizations,
38 (ii) the extent to which the proposal would provide for delivery of
39 such services directly in school buildings, (iii) the extent to
40 which the proposal articulates how such services would facilitate
41 measurable improvement in student and family outcomes, (iv) the
42 extent to which the proposal articulates and identifies how existing
43 funding streams and programs would be used to provide such community
44 services, and (v) the extent to which the proposal ensures the safe-
45 ty of all students, staff and community members in school buildings
46 used as community hubs. Provided, however, that community schools
47 grants appropriated herein shall be paid to school districts in
48 installments upon successful implementation of each phase of a
49 school district's approved proposal. Provided, further, that no
50 school district shall receive more than forty percent of the total
51 community schools grant allocation, and that each individual commu-
52 nity school site shall be limited to a maximum grant of \$500,000.

53 Provided, further, that notwithstanding any provision of law to the
54 contrary, the \$5,500,000 appropriated herein available for a master
55 teachers program shall support the award of stipends of \$15,000 per
56 annum over four years to individual high-performing teachers in

1 math, science and related fields, and of related costs, administered
2 by the state university of New York pursuant to a plan developed in
3 consultation with the commissioner, who shall consult with appropri-
4 ate state organizations representing K-12 public school teachers,
5 and approved by the director of the budget, to build a corps of
6 outstanding math, science and related fields teachers in order to
7 improve the quality of instruction at public secondary schools. Such
8 plan for use of funding appropriated herein shall: (i) establish an
9 application process; (ii) guidelines by which applications from
10 eligible teachers shall be evaluated, which shall include, but not
11 be limited to, achievement of a rating of highly effective on the
12 annual professional performance review; and (iii) provide periodic
13 opportunities for professional development for successful appli-
14 cants. Provided, further, that priority shall be given to applicants
15 in regions of the state where a similar program is not otherwise
16 offered. Notwithstanding any provision of law to the contrary, upon
17 approval of the director of the budget, such \$5,500,000 of master
18 teachers program funding may be sub-allocated, interchanged, trans-
19 ferred or otherwise made available to the state university of New
20 York for the services and expenses of administering such program.
21 Nothing herein shall be construed to limit the rights of labor
22 organizations to collectively bargain terms and conditions pursuant
23 to article 14 of the civil service law.

24 Provided, further, that notwithstanding any provision of law to the
25 contrary, the \$2,000,000 appropriated herein available for the early
26 college high school program shall support the continuation and
27 expansion of such program pursuant to a plan developed by the
28 commissioner and approved by the director of the budget. Provided,
29 however, that a portion of the payments to early college high school
30 programs awarded funding from this appropriation shall be awarded on
31 a sliding scale based upon the number of college credits earned
32 annually by participating students, consistent with guidelines
33 established by the commissioner. Provided further that, notwith-
34 standing any provision of law to the contrary, higher education
35 partners participating in an early college high schools program, or
36 the entity/entities responsible for setting tuition at the institu-
37 tion, shall be authorized to set a reduced rate of tuition and/or
38 fees, or to waive tuition and/or fees entirely, for students
39 enrolled in such early college high schools program with no
40 reduction in other state, local or other support for such students
41 earning college credit that such higher education partner would
42 otherwise be eligible to receive.

43 Provided further that, notwithstanding any provision of law to the
44 contrary, of the amount appropriated herein, a minimum of
45 \$12,500,000 per year shall be available in the 2014-15 through
46 [2018-19] 2019-20 school years for the payment of grant awards as
47 follows: \$2,500,000 of pathways in technology early college high
48 school program grants and \$10,000,000 of teacher excellence fund
49 grants; provided, however, the funds appropriated herein for path-
50 ways in technology early college high school program grants shall
51 only be available for grants awarded for the 2017-18 school year and
52 prior school years; provided further that, notwithstanding any
53 provision of law to the contrary, such \$12,500,000, plus any other
54 amounts so designated in other items of appropriation within the
55 general fund local assistance account office of pre-kindergarten
56 through grade twelve education program, shall constitute the compet-

1 itive awards amount authorized for the 2013-14 school year by chap-
2 ter 53 of the laws of 2013.

3 Provided further that, notwithstanding any provision of law to the
4 contrary, the \$2,500,000 appropriated herein available for pathways
5 in technology early college high school (P-TECH) program grants
6 shall be awarded pursuant to a plan developed by the commissioner
7 and approved by the director of the budget, provided that such plan
8 shall include but not be limited to (i) assurances that K-12, higher
9 education and private-sector partners commit to the required
10 elements and responsibilities of a P-TECH program, (ii) provisions
11 to ensure regional diversity of grant recipients, and (iii) priority
12 for P-TECH programs serving students in academically challenged
13 school districts; provided further that the commissioner shall make
14 available the request for proposals for such program on or before
15 May fifteenth and the commissioner shall issue awards on or before
16 August fifteenth; and provided further that a portion of the
17 payments to P-TECH programs awarded funding from this appropriation
18 shall be made on a sliding scale based upon the number of college
19 credits earned annually by participating students, consistent with
20 guidelines established by the commissioner. Provided further that,
21 notwithstanding any provision of law to the contrary, higher educa-
22 tion partners participating in a P-TECH program, or the
23 entity/entities responsible for setting tuition at the institution,
24 shall be authorized to set a reduced rate of tuition and/or fees, or
25 to waive tuition and/or fees entirely, for students enrolled in such
26 P-TECH program with no reduction in other state, local or other
27 support for such students earning college credit that such higher
28 education partner would otherwise be eligible to receive.

29 Provided further that, notwithstanding any provision of law to the
30 contrary, the \$10,000,000 appropriated herein available for teacher
31 excellence fund grants shall be awarded to eligible school districts
32 pursuant to a request for proposals based on a plan developed by the
33 commissioner and approved by the director of the budget; provided
34 that such plan shall include an application for award of such grants
35 to such eligible school districts to provide annual teacher excel-
36 lence fund performance awards of up to \$20,000 to eligible teachers
37 rated as "highly effective" on the most recent annual professional
38 performance review, in accordance with the requirements of section
39 3012-d of the education law and the regulations of the commissioner,
40 pursuant to such districts' approved applications; provided that in
41 making such grants the commissioner shall prioritize school
42 districts' applications based on factors including but not limited
43 to (i) the extent to which the school district's application would
44 recognize and reward such teachers in school buildings with the
45 greatest academic need, in difficult-to-staff subject or certifi-
46 cation areas and grade levels, and at critical points in a teach-
47 er's career in order to encourage highly effective teachers to
48 remain in the classroom, and (ii) the quality of the school
49 district's application; and provided further that the commissioner
50 shall make available the application for such grants on or before
51 May fifteenth and the commissioner shall issue grant awards an
52 agreed-to schedule.

53 Provided further that, notwithstanding any provision of law to the
54 contrary, of the amount appropriated herein, a minimum of
55 \$23,500,000 per year shall be available in the 2015-16 through
56 [2018-19] 2019-20 school years for the payment of grant awards as

1 follows: \$15,000,000 for pre-kindergarten grants, \$2,500,000 for an
2 expanded master teacher program, \$1,500,000 of pathways in technolo-
3 gy early college high school program grants, \$1,500,000 for a school
4 district teacher residency program, \$1,500,000 for a New York state
5 masters-in-education teacher incentive scholarship program, and
6 \$1,500,000 for QUALITYstarsNY; provided, however, the funds appro-
7 priated herein for pathways in technology early college high school
8 program grants shall only be available for grants awarded for the
9 2017-18 school year and prior school years; provided further that,
10 notwithstanding any provision of law to the contrary, such
11 \$23,500,000, plus any other amounts so designated in other items of
12 appropriation within the general fund local assistance account
13 office of pre-kindergarten through grade twelve education program,
14 shall constitute the competitive awards amount authorized for the
15 2015-16 school year.

16 Provided, further, that notwithstanding any provision of law to the
17 contrary, the \$15,000,000 appropriated herein available for grants
18 to full-day and half-day pre-kindergarten programs for three-year-
19 old and four-year-old children shall be awarded, based on a request
20 for proposals developed by the commissioner and approved by the
21 director of the budget, to school districts to establish new full-
22 day and half-day pre-kindergarten placements for three-year-olds and
23 four-year-olds; provided that such grants shall only be used to
24 supplement, not supplant existing pre-kindergarten programs; and
25 provided further, however, that any portion of such \$15,000,000 that
26 is not awarded shall remain available for subsequent awards in the
27 2015-16 school year or for full-day and half-day prekindergarten
28 grants to be awarded in subsequent school years. Provided, further,
29 that such grants from funds appropriated herein shall be awarded
30 based on factors including, but not limited to, the following: (i)
31 measures of school district need, (ii) measures of the need of
32 students to be served by each of the school districts, (iii) the
33 school district's proposal to target the highest need schools and
34 students, (iv) the extent to which the district's proposal would
35 prioritize funds to maximize the total number of eligible children
36 in the district served in pre-kindergarten programs, and (v)
37 proposal quality. Provided, however, that full-day and half-day
38 pre-kindergarten grants appropriated herein shall only be available
39 to support programs (i) that provide instruction for at least five
40 hours per school day for full-day pre-kindergarten programs and at
41 least two and one-half hours per school day for half-day prekinde-
42 rgarten programs; (ii) that agree to offer instruction consistent
43 with the New York state pre-kindergarten foundation for the common
44 core standards; (iii) that ensure that, to the extent community-
45 based providers are part of such program, such providers meet the
46 requirements of paragraphs d-1 and d-2 of subdivision 12 of section
47 3602-e of the education law; and (iv) that otherwise comply with all

6 Provided further that, notwithstanding any provision of law to the
7 contrary, the \$1,500,000 appropriated herein available for early
