45 licensing and regulatory authority of state medical boards, provides a
46 streamlined process that allows physicians to become licensed in multi-

52 ance materials in furtherance of any joint or individual investigation
53 initiated under the compact.

54 5. Any member state may investigate actual or alleged violations of
55 the statutes authorizing the practice of medicine in any other member
56 state in which a physician holds a license to practice medicine.

1 § 8870. Disciplinary actions. 1. Any disciplinary action taken by any
2 member board against a physician licensed through the compact shall be
3 deemed unprofessional conduct which may be subject to discipline by
4 other member boards, in addition to any violation of the medical prac-
5 tice act or regulations in that state.

6 2. If a license granted to a physician by the member board in the
7 state of principal license is revoked, surrendered or relinquished in
8 lieu of discipline, or suspended, then all licenses issued to the physi-
9 cian by member boards shall automatically be placed, without further
10 action necessary by any member board, on the same status. If the member
11 board in the state of principal license subsequently reinstates the
12 physician's license, a license issued to the physician by any other
13 member board shall remain encumbered until that respective member board
14 takes action to reinstate the license in a manner consistent with the
15 medical practice act of that state.

16 3. If disciplinary action is taken against a physician by a member
17 board not in the state of principal license, any other member board may
18 deem the action conclusive as to matter of law and fact decided, and:

19 (a) impose the same or lesser sanction or sanctions against the physi-
20 cian so long as such sanctions are consistent with the medical practice
21 act of that state; or

22 (b) pursue separate disciplinary action against the physician under
23 its respective medical practice act, regardless of the action taken in
24 other member states.

25 4. If a license granted to a physician by a member board is revoked,
26 surrendered, or relinquished in lieu of discipline, or suspended, then
27 any license or licenses issued to the physician by any other member
28 board or boards shall be suspended, automatically and immediately with-
29 out further action necessary by the other member board or boards, for
30 ninety days upon entry of the order by the disciplining board, to permit
31 the member board or boards to investigate the basis for the action under
32 the medical practice act of that state. A member board may terminate the
33 automatic suspension of the license it issued prior to the completion of
34 the ninety day suspension period in a manner consistent with the medical
35 practice act of that state.

36 § 8871. Interstate medical licensure compact commission. 1. The member
37 states hereby create the "interstate medical licensure compact commis-
38 sion".

39 2. The purpose of the interstate commission is the administration of
40 the interstate medical licensure compact, which is a discretionary state
41 function.

42 3. The interstate commission shall be a body corporate and joint agen-
43 cy of the member states and shall have all the responsibilities, powers,
44 and duties set forth in the compact, and such additional powers as may
45 be conferred upon it by a subsequent concurrent action of the respective
46 legislatures of the member states in accordance with the terms of the
47 compact.

48 4. The interstate commission shall consist of two voting represen-
49 tatives appointed by each member state who shall serve as commissioners.
50 In states where allopathic and osteopathic physicians are regulated by
51 separate member boards, or if the licensing and disciplinary authority
52 is split between multiple member boards within a member state, the
53 member state shall appoint one representative from each member board. A
54 commissioner shall be a or an:
55 (a) Allopathic or osteopathic physician appointed to a member board;

1 (b) Executive director, executive secretary, or similar executive of a
2 member board; or

3 (c) Member of the public appointed to a member board.

4 5. The interstate commission shall meet at least once each calendar
5 year. A portion of this meeting shall be a business meeting to address
6 such matters as may properly come before the commission, including the
7 election of officers. The chairperson may call additional meetings and
8 shall call for a meeting upon the request of a majority of the member
9 states.

10 6. The bylaws may provide for meetings of the interstate commission to
11 be conducted by telecommunication or electronic communication.

12 7. Each commissioner participating at a meeting of the interstate
13 commission is entitled to one vote. A majority of commissioners shall
14 constitute a quorum for the transaction of business, unless a larger
15 quorum is required by the bylaws of the interstate commission. A commis-
16 sioner shall not delegate a vote to another commissioner. In the absence
17 of its commissioner, a member state may delegate voting authority for a
18 specified meeting to another person from that state who shall meet the
19 requirements of subdivision four of this section.

20 8. The interstate commission shall provide public notice of all meet-
21 ings and all meetings shall be open to the public. The interstate
22 commission may close a meeting, in full or in portion, where it deter-
23 mines by a two-thirds vote of the commissioners present that an open
24 meeting would be likely to:

25 (a) Relate solely to the internal personnel practices and procedures
26 of the interstate commission;

27 (b) Discuss matters specifically exempted from disclosure by federal
28 statute;

29 (c) Discuss trade secrets, commercial, or financial information that
30 is privileged or confidential;

31 (d) Involve accusing a person of a crime, or formally censuring a
32 person;

33 (e) Discuss information of a personal nature where disclosure would
34 constitute a clearly unwarranted invasion of personal privacy;

35 (f) Discuss investigative records compiled for law enforcement
36 purposes; or

37 (g) Specifically relate to the participation in a civil action or
38 other legal proceeding.

39 9. The interstate commission shall keep minutes which shall fully
40 describe all matters discussed in a meeting and shall provide a full and
41 accurate summary of actions taken, including record of any roll call
42 votes.

43 10. The interstate commission shall make its information and official
44 records, to the extent not otherwise designated in the compact or by its
45 rules, available to the public for inspection.

46 11. The interstate commission shall establish an executive committee,
47 which shall include officers, members, and others as determined by the
48 bylaws. The executive committee shall have the power to act on behalf of
49 the interstate commission, with the exception of rulemaking, during
50 periods when the interstate commission is not in session. When acting on
51 behalf of the interstate commission, the executive committee shall over-
52 see the administration of the compact including enforcement and compli-
53 ance with the provisions of the compact, its bylaws and rules, and other
54 such duties as necessary.

55 12. The interstate commission may establish other committees for
56 governance and administration of the compact.

1 § 8872. Powers and duties of the interstate commission. The interstate
2 commission shall have the duty and power to:

3 1. Oversee and maintain the administration of the compact;

4 2. Promulgate rules which shall be binding to the extent and in the
5 manner provided for in the compact;

6 3. Issue, upon the request of a member state or member board, advisory
7 opinions concerning the meaning or interpretation of the compact, its
8 bylaws, rules, and actions;

9 4. Enforce compliance with compact provisions, the rules promulgated
10 by the interstate commission, and the bylaws, using all necessary and
11 proper means, including but not limited to the use of judicial process;

12 5. Establish and appoint committees including, but not limited to, an
13 executive committee as required by section eighty-eight hundred seven-
14 ty-one of this article, which shall have the power to act on behalf of
15 the interstate commission in carrying out its powers and duties;

16 6. Pay, or provide for the payment of the expenses related to the
17 establishment, organization, and ongoing activities of the interstate
18 commission;

19 7. Establish and maintain one or more offices;

20 8. Borrow, accept, hire, or contract for services of personnel;

21 9. Purchase and maintain insurance and bonds;

22 10. Employ an executive director who shall have such powers to employ,
23 select or appoint employees, agents, or consultants, and to determine
24 their qualifications, define their duties, and fix their compensation;

25 11. Establish personnel policies and programs relating to conflicts of
26 interest, rates of compensation, and qualifications of personnel;

27 12. Accept donations and grants of money, equipment, supplies, materi-
28 als and services, and to receive, utilize, and dispose of it in a manner
29 consistent with the conflict of interest policies established by the
30 interstate commission;

31 13. Lease, purchase, accept contributions or donations of, or other-
32 wise to own, hold, improve, or use, any property, real, personal, or
33 mixed;

34 14. Sell, convey, mortgage, pledge, lease, exchange, abandon, or
35 otherwise dispose of any property, real, personal, or mixed;

36 15. Establish a budget and make expenditures;

37 16. Adopt a seal and bylaws governing the management and operation of
38 the interstate commission;

39 17. Report annually to the legislatures and governors of the member
40 states concerning the activities of the interstate commission during the
41 preceding year. Such reports shall also include reports of financial
42 audits and any recommendations that may have been adopted by the inter-
43 state commission;

44 18. Coordinate education, training, and public awareness regarding the
45 compact, its implementation, and its operation;

46 19. Maintain records in accordance with the bylaws;

47 20. Seek and obtain trademarks, copyrights, and patents; and

48 21. Perform such functions as may be necessary or appropriate to
49 achieve the purposes of the compact.

50 § 8873. Finance powers. 1. The interstate commission may levy on and
51 collect an annual assessment from each member state to cover the cost of
52 the operations and activities of the interstate commission and its
53 staff. The total assessment must be sufficient to cover the annual budg-
54 et approved each year for which revenue is not provided by other sourc-
55 es. The aggregate annual assessment amount shall be allocated upon a

1 formula to be determined by the interstate commission, which shall
2 promulgate a rule binding upon all member states.

3 2. The interstate commission shall not incur obligations of any kind
4 prior to securing the funds adequate to meet the same.

5 3. The interstate commission shall not pledge the credit of any of the
6 member states, except by, and with the authority of, the member state.

7 4. The interstate commission shall be subject to a yearly financial
8 audit conducted by a certified or licensed public accountant and the
9 report of the audit shall be included in the annual report of the inter-
10 state commission.

11 § 8874. Organization and operation of the interstate commission. 1.
12 The interstate commission shall, by a majority of commissioners present
13 and voting, adopt bylaws to govern its conduct as may be necessary or
14 appropriate to carry out the purposes of the compact within twelve
15 months of the first interstate commission meeting.

16 2. The interstate commission shall elect or appoint annually from
17 among its commissioners a chairperson, a vice-chairperson, and a treas-
18 urer, each of whom shall have such authority and duties as may be speci-
19 fied in the bylaws. The chairperson, or in the chairperson's absence or
20 disability, the vice-chairperson, shall preside at all meetings of the
21 interstate commission.

22 3. Officers selected pursuant to subdivision two of this section shall
23 serve without remuneration from the interstate commission.

24 4. The officers and employees of the interstate commission shall be
25 immune from suit and liability, either personally or in their official
26 capacity, for a claim for damage to or loss of property or personal
27 injury or other civil liability caused or arising out of, or relating
28 to, an actual or alleged act, error, or omission that occurred, or that
29 such person had a reasonable basis for believing occurred, within the
30 scope of interstate commission employment, duties, or responsibilities;
31 provided that such person shall not be protected from suit or liability
32 for damage, loss, injury, or liability caused by the intentional or
33 willful and wanton misconduct of such person.

34 (a) The liability of the executive director and employees of the
35 interstate commission or representatives of the interstate commission,
36 acting within the scope of such person's employment or duties for acts,
37 errors, or omissions occurring within such person's state, may not
38 exceed the limits of liability set forth under the constitution and laws
39 of that state for state officials, employees, and agents. The interstate
40 commission is considered to be an instrumentality of the states for the
41 purposes of any such action. Nothing in this paragraph shall be
42 construed to protect such person from suit or liability for damage,
43 loss, injury, or liability caused by the intentional or willful and
44 wanton misconduct of such person.

45 (b) The interstate commission shall defend the executive director, its
46 employees, and subject to the approval of the attorney general or other
47 appropriate legal counsel of the member state represented by an inter-
48 state commission representative, shall defend such interstate commission
49 representative in any civil action seeking to impose liability arising
50 out of an actual or alleged act, error or omission that occurred within
51 the scope of interstate commission employment, duties or responsibil-
52 ities, or that the defendant had a reasonable basis for believing
53 occurred within the scope of interstate commission employment, duties,
54 or responsibilities, provided that the actual or alleged act, error, or
55 omission did not result from intentional or willful and wanton miscon-
56 duct on the part of such person.

1 (c) To the extent not covered by the state involved, member state, or
2 the interstate commission, the representatives or employees of the
3 interstate commission shall be held harmless in the amount of a settle-
4 ment or judgment, including attorney's fees and costs, obtained against
5 such persons arising out of an actual or alleged act, error, or omission
6 that occurred within the scope of interstate commission employment,
7 duties, or responsibilities, or that such persons had a reasonable basis
8 for believing occurred within the scope of interstate commission employ-
9 ment, duties, or responsibilities, provided that the actual or alleged
10 act, error, or omission did not result from intentional or willful and
11 wanton misconduct on the part of such persons.

12 § 8875. Rulemaking functions of the interstate commission. 1. The
13 interstate commission shall promulgate reasonable rules in order to
14 effectively and efficiently achieve the purposes of the compact.
15 Notwithstanding the foregoing, in the event the interstate commission
16 exercises its rulemaking authority in a manner that is beyond the scope
17 of the purposes of the compact, or the powers granted hereunder, then
18 such an action by the interstate commission shall be invalid and have no
19 force or effect.

20 2. Rules deemed appropriate for the operations of the interstate
21 commission shall be made pursuant to a rulemaking process that substan-
22 tially conforms to the federal Model State Administrative Procedure Act
23 of 2010, and subsequent amendments thereto.

24 3. Not later than thirty days after a rule is promulgated, any person
25 may file a petition for judicial review of the rule in the United States
26 District Court for the District of Columbia or the federal district
27 where the interstate commission has its principal offices, provided that
28 the filing of such a petition shall not stay or otherwise prevent the
29 rule from becoming effective unless the court finds that the petitioner
30 has a substantial likelihood of success. The court shall give deference
31 to the actions of the interstate commission consistent with applicable
32 law and shall not find the rule to be unlawful if the rule represents a
33 reasonable exercise of the authority granted to the interstate commis-
34 sion.

35 § 8876. Oversight of interstate compact. 1. The executive, legisla-
36 tive, and judicial branches of state government in each member state
37 shall enforce the compact and shall take all actions necessary and
38 appropriate to effectuate the compact's purposes and intent. The
39 provisions of the compact and the rules promulgated hereunder shall have
40 standing as statutory law but shall not override existing state authori-
41 ty to regulate the practice of medicine.

42 2. All courts shall take judicial notice of the compact and the rules
43 in any judicial or administrative proceeding in a member state pertain-
44 ing to the subject matter of the compact which may affect the powers,
45 responsibilities or actions of the interstate commission.

46 3. The interstate commission shall be entitled to receive all service
47 of process in any such proceeding, and shall have standing to intervene
48 in the proceeding for all purposes. Failure to provide service of proc-
49 ess to the interstate commission shall render a judgment or order void
50 as to the interstate commission, the compact, or promulgated rules.

51 § 8877. Enforcement of interstate compact. 1. The interstate commis-
52 sion, in the reasonable exercise of its discretion, shall enforce the
53 provisions and rules of the compact.

54 2. The interstate commission may, by majority vote of the commission-
55 ers, initiate legal action in the United States District Court for the
56 District of Columbia, or, at the discretion of the interstate commis-

1 sion, in the federal district where the interstate commission has its
2 principal offices, to enforce compliance with the provisions of the
3 compact, and its promulgated rules and bylaws, against a member state in
4 default. The relief sought may include both injunctive relief and
5 damages. In the event judicial enforcement is necessary, the prevailing
6 party shall be awarded all costs of such litigation including reasonable
7 attorney's fees.

8 3. The remedies herein shall not be the exclusive remedies of the
9 interstate commission. The interstate commission may avail itself of
10 any other remedies available under state law or the regulation of a
11 profession.

12 § 8878. Default procedures. 1. The grounds for default include, but
13 are not limited to, failure of a member state to perform such obli-
14 gations or responsibilities imposed upon it by the compact, or the rules
15 and bylaws of the interstate commission promulgated under the compact.

16 2. If the interstate commission determines that a member state has
17 defaulted in the performance of its obligations or responsibilities
18 under the compact, or the bylaws or promulgated rules, the interstate
19 commission shall:

20 (a) Provide written notice to the defaulting state and other member
21 states, of the nature of the default, the means of curing the default,
22 and any action taken by the interstate commission. The interstate
23 commission shall specify the conditions by which the defaulting state
24 must cure its default; and

25 (b) Provide remedial training and specific technical assistance
26 regarding the default.

27 3. If the defaulting state fails to cure the default, the defaulting
28 state shall be terminated from the compact upon an affirmative vote of a
29 majority of the commissioners and all rights, privileges, and benefits
30 conferred by the compact shall terminate on the effective date of termi-
31 nation. A cure of the default does not relieve the offending state of
32 obligations or liabilities incurred during the period of the default.

33 4. Termination of membership in the compact shall be imposed only
34 after all other means of securing compliance have been exhausted. Notice
35 of intent to terminate shall be given by the interstate commission to
36 the governor, the majority and minority leaders of the defaulting
37 state's legislature, and each of the member states.

38 5. The interstate commission shall establish rules and procedures to
39 address licenses and physicians that are materially impacted by the
40 termination of a member state, or the withdrawal of a member state.

41 6. The member state which has been terminated is responsible for all
42 dues, obligations, and liabilities incurred through the effective date
43 of termination including obligations, the performance of which extends
44 beyond the effective date of termination.

45 7. The interstate commission shall not bear any costs relating to any
46 state that has been found to be in default or which has been terminated
47 from the compact, unless otherwise mutually agreed upon in writing
48 between the interstate commission and the defaulting state.

49 8. The defaulting state may appeal the action of the interstate
50 commission by petitioning the United States District Court for the
51 District of Columbia or the federal district where the interstate
52 commission has its principal offices. The prevailing party shall be
53 awarded all costs of such litigation including reasonable attorney's
54 fees.

55 § 8879. Dispute resolution. 1. The interstate commission shall
56 attempt, upon the request of a member state, to resolve disputes which

1 are subject to the compact and which may arise among member states or
2 member boards.

3 2. The interstate commission shall promulgate rules providing for both
4 mediation and binding dispute resolution as appropriate.

5 § 8880. Member states, effective date and amendment. 1. Any state is
6 eligible to become a member state of the compact.

7 2. The compact shall become effective and binding upon legislative
8 enactment of the compact into law by no less than seven states. There-
9 after, it shall become effective and binding on a state upon enactment
10 of the compact into law by that state.

11 3. The governors of non-member states, or their designees, shall be
12 invited to participate in the activities of the interstate commission on
13 a non-voting basis prior to adoption of the compact by all states.

14 4. The interstate commission may propose amendments to the compact for
15 enactment by the member states. No amendment shall become effective and
16 binding upon the interstate commission and the member states unless and
17 until it is enacted into law by unanimous consent of the member states.

18 § 8881. Withdrawal. 1. Once effective, the compact shall continue in
19 force and remain binding upon each and every member state; provided that
20 a member state may withdraw from the compact by specifically repealing
21 the statute which enacted the compact into law.

22 2. Withdrawal from the compact shall be by the enactment of a statute
23 repealing the same, but shall not take effect until one year after the
24 effective date of such statute and until written notice of the with-
25 drawal has been given by the withdrawing state to the governor of each
26 other member state.

27 3. The withdrawing state shall immediately notify the chairperson of
28 the interstate commission in writing upon the introduction of legis-
29 lation repealing the compact in the withdrawing state.

30 4. The interstate commission shall notify the other member states of
31 the withdrawing state's intent to withdraw within sixty days of its
32 receipt of notice provided under subdivision three of this section.

33 5. The withdrawing state is responsible for all dues, obligations and
34 liabilities incurred through the effective date of withdrawal, including
35 obligations, the performance of which extend beyond the effective date
36 of withdrawal.

37 6. Reinstatement following withdrawal of a member state shall occur
38 upon the withdrawing state reenacting the compact or upon such later
39 date as determined by the interstate commission.

40 7. The interstate commission is authorized to develop rules to address
41 the impact of the withdrawal of a member state on licenses granted in
42 other member states to physicians who designated the withdrawing member
43 state as the state of principal license.

44 § 8882. Dissolution. 1. The compact shall dissolve effective upon the
45 date of the withdrawal or default of the member state which reduces the
46 membership in the compact to one member state.

47 2. Upon the dissolution of the compact, the compact becomes null and
48 void and shall be of no further force or effect, and the business and
49 affairs of the interstate commission shall be concluded and surplus
50 funds shall be distributed in accordance with the bylaws.

51 § 8883. Severability and construction. 1. The provisions of the
52 compact shall be severable, and if any phrase, clause, sentence, or
53 provision is deemed unenforceable, the remaining provisions of the
54 compact shall be enforceable.

55 2. The provisions of the compact shall be liberally construed to
56 effectuate its purposes.

1 3. Nothing in the compact shall be construed to prohibit the applica-
2 bility of other interstate compacts to which the states are members.

3 § 8884. Binding effect of compact and other laws. 1. Nothing contained
4 in this article shall prevent the enforcement of any other law of a
5 member state that is not inconsistent with the compact.

6 2. All laws in a member state in conflict with the compact are super-
7 seded to the extent of the conflict.

8 3. All lawful actions of the interstate commission, including all
9 rules and bylaws promulgated by the commission, are binding upon the
10 member states.

11 4. All agreements between the interstate commission and the member
12 states are binding in accordance with their terms.

13 5. In the event any provision of the compact exceeds the constitu-
14 tional limits imposed on the legislature of any member state, such
15 provision shall be ineffective to the extent of the conflict with the
16 constitutional provision in question in that member state.

17 § 2. Article 170 of the education law is renumbered article 171 and a
18 new article 170 is added to title 8 of the education law to read as
19 follows:

20 ARTICLE 170

21 NURSE LICENSURE COMPACT

22 Section 8900. Nurse licensure compact.

23 8901. Findings and declaration of purpose.

24 8902. Definitions.

25 8903. General provisions and jurisdiction.

26 8904. Applications for licensure in a party state.

27 8905. Additional authorities invested in party state licensing
28 boards.

29 8906. Coordinated licensure information system and exchange of
30 information.

31 8907. Establishment of the interstate commission of nurse licen-
32 sure compact administrators.

33 8908. Rulemaking.

34 8909. Oversight, dispute resolution and enforcement.

35 8910. Effective date, withdrawal and amendment.

36 8911. Construction and severability.

37 § 8900. Nurse licensure compact. The nurse license compact as set
38 forth in the article is hereby adopted and entered into with all party
39 states joining therein.

40 § 8901. Findings and declaration of purpose 1. Findings. The party
41 states find that:

42 a. The health and safety of the public are affected by the degree of
43 compliance with and the effectiveness of enforcement activities related
44 to state nurse licensure laws;

45 b. Violations of nurse licensure and other laws regulating the prac-
46 tice of nursing may result in injury or harm to the public;

47 c. The expanded mobility of nurses and the use of advanced communi-
48 cation technologies as part of our nation's health care delivery system
49 require greater coordination and cooperation among states in the areas
50 of nurse licensure and regulation;

51 d. New practice modalities and technology make compliance with indi-
52 vidual state nurse licensure laws difficult and complex;

53 e. The current system of duplicative licensure for nurses practicing
54 in multiple states is cumbersome and redundant for both nurses and
55 states; and

1 f. Uniformity of nurse licensure requirements throughout the states
2 promotes public safety and public health benefits.

3 2. Declaration of purpose. The general purposes of this compact are
4 to:

5 a. Facilitate the states' responsibility to protect the public's
6 health and safety;

7 b. Ensure and encourage the cooperation of party states in the areas
8 of nurse licensure and regulation;

9 c. Facilitate the exchange of information between party states in the
10 areas of nurse regulation, investigation and adverse actions;

11 d. Promote compliance with the laws governing the practice of nursing
12 in each jurisdiction;

13 e. Invest all party states with the authority to hold a nurse account-
14 able for meeting all state practice laws in the state in which the
15 patient is located at the time care is rendered through the mutual
16 recognition of party state licenses;

17 f. Decrease redundancies in the consideration and issuance of nurse
18 licenses; and

19 g. Provide opportunities for interstate practice by nurses who meet
20 uniform licensure requirements.

21 § 8902. Definitions. 1. Definitions. As used in this compact:

22 a. "Adverse action" means any administrative, civil, equitable or
23 criminal action permitted by a state's laws which is imposed by a
24 licensing board or other authority against a nurse, including actions
25 against an individual's license or multistate licensure privilege such
26 as revocation, suspension, probation, monitoring of the licensee, limi-
27 tation on the licensee's practice, or any other encumbrance on licensure
28 affecting a nurse's authorization to practice, including issuance of a
29 cease and desist action.

30 b. "Alternative program" means a non-disciplinary monitoring program
31 approved by a licensing board.

32 c. "Coordinated licensure information system" means an integrated
33 process for collecting, storing and sharing information on nurse licen-
34 sure and enforcement activities related to nurse licensure laws that is
35 administered by a nonprofit organization composed of and controlled by
36 licensing boards.

37 d. "Commission" means the interstate commission of nurse licensure
38 compact administrators.

39 e. "Current significant investigative information" means:

40 1. Investigative information that a licensing board, after a prelimi-
41 nary inquiry that includes notification and an opportunity for the nurse
42 to respond, if required by state law, has reason to believe is not
43 groundless and, if proved true, would indicate more than a minor infrac-
44 tion; or

45 2. Investigative information that indicates that the nurse represents

49 a health care entity, health care professional, or any other person,
50 which indicates that the nurse demonstrated an impairment, gross incom-
51 petence, or unprofessional conduct that would present an imminent danger
52 to a patient or the public health, safety, or welfare.

55 licensing board.

1 g. "Home state" means the party state which is the nurse's primary
2 state of residence.

3 h. "Licensing board" means a party state's regulatory body responsible
4 for issuing nurse licenses.

5 i. "Multistate license" means a license to practice as a registered
6 nurse (RN) or as a licensed practical/vocational nurse (LPN/VN), which
7 is issued by a home state licensing board, and which authorizes the
8 licensed nurse to practice in all party states under a multistate licen-
9 sure privilege.

10 j. "Multistate licensure privilege" means a legal authorization asso-
11 ciated with a multistate license permitting the practice of nursing as
12 either a RN or a LPN/VN in a remote state.

13 k. "Nurse" means RN or LPN/VN, as those terms are defined by each
14 party state's practice laws.

15 l. "Party state" means any state that has adopted this compact.

16 m. "Remote state" means a party state, other than the home state.

17 n. "Single-state license" means a nurse license issued by a party

27 and retain a license, except for qualifications or requirements of the
28 home state.

29 § 8903. General provisions and jurisdiction. 1. General provisions and
30 jurisdiction. a. A multistate license to practice registered or licensed
31 practical/vocational nursing issued by a home state to a resident in
32 that state will be recognized by each party state as authorizing a nurse
33 to practice as a registered nurse (RN) or as a licensed
34 practical/vocational nurse (LPN/VN), under a multistate licensure privi-
35 lege, in each party state.

36 b. A state shall implement procedures for considering the criminal
37 history records of applicants for an initial multistate license or
38 licensure by endorsement. Such procedures shall include the submission
39 of fingerprints or other biometric-based information by applicants for
40 the purpose of obtaining an applicant's criminal history record informa-
41 tion from the federal bureau of investigation and the agency responsible
42 for retaining that state's criminal records.

43 c. Each party state shall require its licensing board to authorize an
44 applicant to obtain or retain a multistate license in the home state
45 only if the applicant:

46 i. Meets the home state's qualifications for licensure or renewal of
47 licensure, and complies with all other applicable state laws;

48 ii. (1) Has graduated or is eligible to graduate from a licensing
49 board-approved RN or LPN/VN prelicensure education program; or

50 (2) Has graduated from a foreign RN or LPN/VN prelicensure education
51 program that has been: (A) approved by the authorized accrediting body

55 iii. Has, if a graduate of a foreign prelicensure education program
56 not taught in English or if English is not the individual's native

18 x. Is subject to self-disclosure requirements regarding current
19 participation in an alternative program; and
20 xi. Has a valid United States social security number.
21 d. All party states shall be authorized, in accordance with existing
22 state due process law, to take adverse action against a nurse's multi-
23 state licensure privilege such as revocation, suspension, probation or
24 any other action that affects a nurse's authorization to practice under
25 a multistate licensure privilege, including cease and desist actions. If
26 a party state takes such action, it shall promptly notify the adminis-
27 trator of the coordinated licensure information system. The administra-
28 tor of the coordinated licensure information system shall promptly noti-
29 fy the home state of any such actions by remote states.
30 e. A nurse practicing in a party state shall comply with the state
31 practice laws of the state in which the client is located at the time
32 service is provided. The practice of nursing is not limited to patient
33 care but shall include all nursing practice as defined by the state
34 practice laws of the party state in which the client is located. The
35 practice of nursing in a party state under a multistate licensure privi-
36 lege will subject a nurse to the jurisdiction of the licensing board,
37 the courts and the laws of the party state in which the client is
38 located at the time service is provided.
39 f. Individuals not residing in a party state shall continue to be able
40 to apply for a party state's single-state license as provided under the
41 laws of each party state. However, the single-state license granted to
42 these individuals will not be recognized as granting the privilege to
43 practice nursing in any other party state. Nothing in this compact shall
44 affect the requirements established by a party state for the issuance of
45 a single-state license.
46 g. Any nurse holding a home state multistate license, on the effective
47 date of this compact, may retain and renew the multistate license issued
48 by the nurse's then-current home state, provided that:
49 i. A nurse, who changes primary state of residence after this
50 compact's effective date, shall meet all applicable requirements set
51 forth in this article to obtain a multistate license from a new home
52 state.
53 ii. A nurse who fails to satisfy the multistate licensure requirements
54 set forth in this article due to a disqualifying event occurring after
55 this compact's effective date shall be ineligible to retain or renew a
56 multistate license, and the nurse's multistate license shall be revoked

1 or deactivated in accordance with applicable rules adopted by the
2 commission.

3 § 8904. Applications for licensure in a party state. 1. Applications
4 for licensure in a party state. a. Upon application for a multistate
5 license, the licensing board in the issuing party state shall ascertain,
6 through the coordinated licensure information system, whether the appli-
7 cant has ever held, or is the holder of, a license issued by any other
8 state, whether there are any encumbrances on any license or multistate
9 licensure privilege held by the applicant, whether any adverse action
10 has been taken against any license or multistate licensure privilege
11 held by the applicant and whether the applicant is currently participat-
12 ing in an alternative program.

13 b. A nurse may hold a multistate license, issued by the home state, in
14 only one party state at a time.

15 c. If a nurse changes primary state of residence by moving between two
16 party states, the nurse must apply for licensure in the new home state,
17 and the multistate license issued by the prior home state will be deac-
18 tivated in accordance with applicable rules adopted by the commission.

19 i. The nurse may apply for licensure in advance of a change in primary
20 state of residence.

21 ii. A multistate license shall not be issued by the new home state
22 until the nurse provides satisfactory evidence of a change in primary
23 state of residence to the new home state and satisfies all applicable
24 requirements to obtain a multistate license from the new home state.

25 d. If a nurse changes primary state of residence by moving from a
26 party state to a non-party state, the multistate license issued by the
27 prior home state will convert to a single-state license, valid only in
28 the former home state.

29 § 8905. Additional authorities invested in party state licensing
30 boards. 1. Licensing board authority. In addition to the other powers
31 conferred by state law, a licensing board shall have the authority to:

32 a. Take adverse action against a nurse's multistate licensure privi-
33 lege to practice within that party state.

34 i. Only the home state shall have the power to take adverse action
35 against a nurse's license issued by the home state.

36 ii. For purposes of taking adverse action, the home state licensing
37 board shall give the same priority and effect to reported conduct
38 received from a remote state as it would if such conduct had occurred
39 within the home state. In so doing, the home state shall apply its own
40 state laws to determine appropriate action.

41 b. Issue cease and desist orders or impose an encumbrance on a nurse's
42 authority to practice within that party state.

43 c. Complete any pending investigations of a nurse who changes primary
44 state of residence during the course of such investigations. The licens-
45 ing board shall also have the authority to take appropriate action or
46 actions and shall promptly report the conclusions of such investigations
47 to the administrator of the coordinated licensure information system.
48 The administrator of the coordinated licensure information system shall
49 promptly notify the new home state of any such actions.

50 d. Issue subpoenas for both hearings and investigations that require
51 the attendance and testimony of witnesses, as well as the production of
52 evidence. Subpoenas issued by a licensing board in a party state for the
53 attendance and testimony of witnesses or the production of evidence from
54 another party state shall be enforced in the latter state by any court
55 of competent jurisdiction, according to the practice and procedure of
56 that court applicable to subpoenas issued in proceedings pending before

1 it. The issuing authority shall pay any witness fees, travel expenses,
2 mileage and other fees required by the service statutes of the state in
3 which the witnesses or evidence are located.

4 e. Obtain and submit, for each nurse licensure applicant, fingerprint
5 or other biometric-based information to the federal bureau of investi-
6 gation for criminal background checks, receive the results of the feder-
7 al bureau of investigation record search on criminal background checks
8 and use the results in making licensure decisions.

9 f. If otherwise permitted by state law, recover from the affected
10 nurse the costs of investigations and disposition of cases resulting
11 from any adverse action taken against that nurse.

12 g. Take adverse action based on the factual findings of the remote
13 state, provided that the licensing board follows its own procedures for
14 taking such adverse action.

15 2. Adverse actions. a. If adverse action is taken by the home state
16 against a nurse's multistate license, the nurse's multistate licensure
17 privilege to practice in all other party states shall be deactivated
18 until all encumbrances have been removed from the multistate license.
19 All home state disciplinary orders that impose adverse action against a
20 nurse's multistate license shall include a statement that the nurse's
21 multistate licensure privilege is deactivated in all party states during
22 the pendency of the order.

23 b. Nothing in this compact shall override a party state's decision
24 that participation in an alternative program may be used in lieu of
25 adverse action. The home state licensing board shall deactivate the
26 multistate licensure privilege under the multistate license of any nurse
27 for the duration of the nurse's participation in an alternative program.

28 § 8906. Coordinated licensure information system and exchange of
29 information. 1. Coordinated licensure information system and exchange
30 of information. a. All party states shall participate in a coordinated
31 licensure information system of all licensed registered nurses (RNs) and
32 licensed practical/vocational nurses (LPNs/VNs). This system will
33 include information on the licensure and disciplinary history of each
34 nurse, as submitted by party states, to assist in the coordination of
35 nurse licensure and enforcement efforts.

36 b. The commission, in consultation with the administrator of the coor-
37 ordinated licensure information system, shall formulate necessary and
38 proper procedures for the identification, collection and exchange of
39 information under this compact.

40 c. All licensing boards shall promptly report to the coordinated
41 licensure information system any adverse action, any current significant
42 investigative information, denials of applications with the reasons for
43 such denials and nurse participation in alternative programs known to
44 the licensing board regardless of whether such participation is deemed
45 nonpublic or confidential under state law.

46 d. Current significant investigative information and participation in
47 nonpublic or confidential alternative programs shall be transmitted
48 through the coordinated licensure information system only to party state
49 licensing boards.

50 e. Notwithstanding any other provision of law, all party state licens-
51 ing boards contributing information to the coordinated licensure infor-
52 mation system may designate information that may not be shared with
53 non-party states or disclosed to other entities or individuals without
54 the express permission of the contributing state.

55 f. Any personally identifiable information obtained from the coordi-
56 nated licensure information system by a party state licensing board

1 shall not be shared with non-party states or disclosed to other entities
2 or individuals except to the extent permitted by the laws of the party
3 state contributing the information.

4 g. Any information contributed to the coordinated licensure informa-
5 tion system that is subsequently required to be expunged by the laws of
6 the party state contributing that information shall also be expunged
7 from the coordinated licensure information system.

8 h. The compact administrator of each party state shall furnish a
9 uniform data set to the compact administrator of each other party state,
10 which shall include, at a minimum:

11 i. Identifying information;

12 ii. Licensure data;

13 iii. Information related to alternative program participation; and

14 iv. Other information that may facilitate the administration of this
15 compact, as determined by commission rules.

16 i. The compact administrator of a party state shall provide all inves-
17 tigative documents and information requested by another party state.

18 § 8907. Establishment of the interstate commission of nurse licensure
19 compact administrators. 1. Commission of nurse licensure compact admin-
20 istrators. The party states hereby create and establish a joint public
21 entity known as the interstate commission of nurse licensure compact
22 administrators. The commission is an instrumentality of the party
23 states.

24 2. Venue. Venue is proper, and judicial proceedings by or against the
25 commission shall be brought solely and exclusively, in a court of compe-
26 tent jurisdiction where the principal office of the commission is
27 located. The commission may waive venue and jurisdictional defenses to
28 the extent it adopts or consents to participate in alternative dispute
29 resolution proceedings.

30 3. Sovereign immunity. Nothing in this compact shall be construed to
31 be a waiver of sovereign immunity.

32 4. Membership, voting and meetings. a. Each party state shall have and
33 be limited to one administrator. The head of the state licensing board
34 or designee shall be the administrator of this compact for each party
35 state. Any administrator may be removed or suspended from office as
36 provided by the law of the state from which the administrator is
37 appointed. Any vacancy occurring in the commission shall be filled in
38 accordance with the laws of the party state in which the vacancy exists.

39 b. Each administrator shall be entitled to one vote with regard to the
40 promulgation of rules and creation of bylaws and shall otherwise have an
41 opportunity to participate in the business and affairs of the commis-
42 sion. An administrator shall vote in person or by such other means as
43 provided in the bylaws. The bylaws may provide for an administrator's
44 participation in meetings by telephone or other means of communication.

45 c. The commission shall meet at least once during each calendar year.
46 Additional meetings shall be held as set forth in the bylaws or rules of
47 the commission.

48 d. All meetings shall be open to the public, and public notice of
49 meetings shall be given in the same manner as required under the rule-
50 making provisions in section eighty-nine hundred three of this article.

51 5. Closed meetings. a. The commission may convene in a closed, nonpub-
52 lic meeting if the commission shall discuss:

53 i. Noncompliance of a party state with its obligations under this
54 compact;

55 ii. The employment, compensation, discipline or other personnel
56 matters, practices or procedures related to specific employees or other

1 matters related to the commission's internal personnel practices and
2 procedures;
3 iii. Current, threatened or reasonably anticipated litigation;
4 iv. Negotiation of contracts for the purchase or sale of goods,
5 services or real estate;
6 v. Accusing any person of a crime or formally censuring any person;

10 would constitute a clearly unwarranted invasion of personal privacy;
11 viii. Disclosure of investigatory records compiled for law enforcement
12 purposes;
13 ix. Disclosure of information related to any reports prepared by or on
14 behalf of the commission for the purpose of investigation of compliance
15 with this compact; or
16 x. Matters specifically exempted from disclosure by federal or state
17 statute.
18 b. If a meeting, or portion of a meeting, is closed pursuant to this
19 paragraph the commission's legal counsel or designee shall certify that
20 the meeting may be closed and shall reference each relevant exempting
21 provision. The commission shall keep minutes that fully and clearly
22 describe all matters discussed in a meeting and shall provide a full and
23 accurate summary of actions taken, and the reasons therefor, including a
24 description of the views expressed. All documents considered in
25 connection with an action shall be identified in such minutes. All
26 minutes and documents of a closed meeting shall remain under seal,
27 subject to release by a majority vote of the commission or order of a
28 court of competent jurisdiction.
29 c. The commission shall, by a majority vote of the administrators,
30 prescribe bylaws or rules to govern its conduct as may be necessary or
31 appropriate to carry out the purposes and exercise the powers of this
32 compact, including but not limited to:
33 i. Establishing the fiscal year of the commission;
34 ii. Providing reasonable standards and procedures:
35 (1) For the establishment and meetings of other committees; and

41 interested parties, with enumerated exceptions designed to protect the
42 public's interest, the privacy of individuals, and proprietary informa-
43 tion, including trade secrets. The commission may meet in closed session
44 only after a majority of the administrators vote to close a meeting in
45 whole or in part. As soon as practicable, the commission must make
46 public a copy of the vote to close the meeting revealing the vote of
47 each administrator, with no proxy votes allowed;
48 iv. Establishing the titles, duties and authority and reasonable
49 procedures for the election of the officers of the commission;
50 v. Providing reasonable standards and procedures for the establishment
51 of the personnel policies and programs of the commission. Notwithstand-

53 bylaws shall exclusively govern the personnel policies and programs of
54 the commission; and
55 vi. Providing a mechanism for winding up the operations of the commis-

1 after the termination of this compact after the payment or reserving of
2 all of its debts and obligations.

3 6. General provisions. a. The commission shall publish its bylaws and

24 to sharing administrative or staff expenses, office space or other
25 resources;

26 f. To hire employees, elect or appoint officers, fix compensation,
27 define duties, grant such individuals appropriate authority to carry out

30 tions of personnel and other related personnel matters;

31 g. To accept any and all appropriate donations, grants and gifts of

34 sion shall avoid any appearance of impropriety or conflict of interest;

35 h. To lease, purchase, accept appropriate gifts or donations of, or

54 provide for the payment of, the reasonable expenses of its establish-
55 ment, organization and ongoing activities.

1 b. The commission may also levy on and collect an annual assessment
2 from each party state to cover the cost of its operations, activities
3 and staff in its annual budget as approved each year. The aggregate
4 annual assessment amount, if any, shall be allocated based upon a formu-
5 la to be determined by the commission, which shall promulgate a rule
6 that is binding upon all party states.

7 c. The commission shall not incur obligations of any kind prior to

28 any damage, loss, injury or liability caused by the intentional, willful
29 or wanton misconduct of that person.

30 b. The commission shall defend any administrator, officer, executive
31 director, employee or representative of the commission in any civil
32 action seeking to impose liability arising out of any actual or alleged
33 act, error or omission that occurred within the scope of the commis-

32 hearing on each rule. Rules may be grouped for the convenience of the
33 commission at hearings required by this section.

34 c. If no one appears at the public hearing, the commission may proceed
35 with promulgation of the proposed rule.

36 d. Following the scheduled hearing date, or by the close of business
37 on the scheduled hearing date if the hearing was not held, the commis-
38 sion shall consider all written and oral comments received.

39 4. Voting on rules. The commission shall, by majority vote of all
40 administrators, take final action on the proposed rule and shall deter-
41 mine the effective date of the rule, if any, based on the rulemaking
42 record and the full text of the rule.

43 5. Emergency rules. Upon determination that an emergency exists, the
44 commission may consider and adopt an emergency rule without prior
45 notice, opportunity for comment or hearing, provided that the usual
46 rulemaking procedures provided in this compact and in this section shall
47 be retroactively applied to the rule as soon as reasonably possible, in
48 no event later than ninety days after the effective date of the rule.
49 For the purposes of this provision, an emergency rule is one that must
50 be adopted immediately in order to:

51 a. Meet an imminent threat to public health, safety or welfare;

52 b. Prevent a loss of the commission or party state funds; or

53 c. Meet a deadline for the promulgation of an administrative rule that
54 is required by federal law or rule.

55 6. Revisions. The commission may direct revisions to a previously
56 adopted rule or amendment for purposes of correcting typographical

1 errors, errors in format, errors in consistency or grammatical errors.
2 Public notice of any revisions shall be posted on the website of the
3 commission. The revision shall be subject to challenge by any person for
4 a period of thirty days after posting. The revision may be challenged
5 only on grounds that the revision results in a material change to a
6 rule. A challenge shall be made in writing, and delivered to the
7 commission, prior to the end of the notice period. If no challenge is
8 made, the revision will take effect without further action. If the
9 revision is challenged, the revision may not take effect without the
10 approval of the commission.

11 § 8909. Oversight, dispute resolution and enforcement. 1. Oversight.
12 a. Each party state shall enforce this compact and take all actions
13 necessary and appropriate to effectuate this compact's purposes and
14 intent.

15 b. The commission shall be entitled to receive service of process in
16 any proceeding that may affect the powers, responsibilities or actions
17 of the commission, and shall have standing to intervene in such a
18 proceeding for all purposes. Failure to provide service of process in
19 such proceeding to the commission shall render a judgment or order void
20 as to the commission, this compact or promulgated rules.

21 2. Default, technical assistance and termination. a. If the commission
22 determines that a party state has defaulted in the performance of its
23 obligations or responsibilities under this compact or the promulgated
24 rules, the commission shall:

25 i. Provide written notice to the defaulting state and other party
26 states of the nature of the default, the proposed means of curing the
27 default or any other action to be taken by the commission; and

28 ii. Provide remedial training and specific technical assistance
29 regarding the default.

30 b. If a state in default fails to cure the default, the defaulting
31 state's membership in this compact may be terminated upon an affirmative
32 vote of a majority of the administrators, and all rights, privileges and
33 benefits conferred by this compact may be terminated on the effective
34 date of termination. A cure of the default does not relieve the offend-
35 ing state of obligations or liabilities incurred during the period of
36 default.

37 c. Termination of membership in this compact shall be imposed only
38 after all other means of securing compliance have been exhausted. Notice
39 of intent to suspend or terminate shall be given by the commission to
40 the governor of the defaulting state and to the executive officer of the
41 defaulting state's licensing board and each of the party states.

42 d. A state whose membership in this compact has been terminated is
43 responsible for all assessments, obligations and liabilities incurred
44 through the effective date of termination, including obligations that
45 extend beyond the effective date of termination.

46 e. The commission shall not bear any costs related to a state that is
47 found to be in default or whose membership in this compact has been
48 terminated unless agreed upon in writing between the commission and the
49 defaulting state.

50 f. The defaulting state may appeal the action of the commission by
51 petitioning the U.S. District Court for the District of Columbia or the
52 federal district in which the commission has its principal offices. The
53 prevailing party shall be awarded all costs of such litigation, includ-
54 ing reasonable attorneys' fees.

1 3. Dispute resolution. a. Upon request by a party state, the commis-
2 sion shall attempt to resolve disputes related to the compact that arise
3 among party states and between party and non-party states.

4 b. The commission shall promulgate a rule providing for both mediation
5 and binding dispute resolution for disputes, as appropriate.

6 c. In the event the commission cannot resolve disputes among party
7 states arising under this compact:

8 i. The party states may submit the issues in dispute to an arbitration
9 panel, which will be comprised of individuals appointed by the compact
10 administrator in each of the affected party states, and an individual
11 mutually agreed upon by the compact administrators of all the party
12 states involved in the dispute.

13 ii. The decision of a majority of the arbitrators shall be final and
14 binding.

15 4. Enforcement. a. The commission, in the reasonable exercise of its
16 discretion, shall enforce the provisions and rules of this compact.

17 b. By majority vote, the commission may initiate legal action in the
18 U.S. District Court for the District of Columbia or the federal
19 district in which the commission has its principal offices against a
20 party state that is in default to enforce compliance with the provisions
21 of this compact and its promulgated rules and bylaws. The relief sought
22 may include both injunctive relief and damages. In the event judicial
23 enforcement is necessary, the prevailing party shall be awarded all
24 costs of such litigation, including reasonable attorneys' fees.

25 c. The remedies herein shall not be the exclusive remedies of the
26 commission. The commission may pursue any other remedies available under
27 federal or state law.

28 § 8910. Effective date, withdrawal and amendment. 1. Effective date.

29 a. This compact shall become effective and binding on the earlier of
30 the date of legislative enactment of this compact into law by no less
31 than twenty-six states or the effective date of the chapter of the laws
32 of two thousand twenty-two that enacted this compact. Thereafter, the
33 compact shall become effective and binding as to any other compacting
34 state upon enactment of the compact into law by that state. All party
35 states to this compact, that also were parties to the prior nurse licen-
36 sure compact, superseded by this compact, (herein referred to as "prior
37 compact"), shall be deemed to have withdrawn from said prior compact
38 within six months after the effective date of this compact.

39 b. Each party state to this compact shall continue to recognize a
40 nurse's multistate licensure privilege to practice in that party state
41 issued under the prior compact until such party state has withdrawn from
42 the prior compact.

43 2. Withdrawal. a. Any party state may withdraw from this compact by
44 enacting a statute repealing the same. A party state's withdrawal shall
45 not take effect until six months after enactment of the repealing stat-
46 ute.

47 b. A party state's withdrawal or termination shall not affect the
48 continuing requirement of the withdrawing or terminated state's licens-
49 ing board to report adverse actions and significant investigations
50 occurring prior to the effective date of such withdrawal or termination.

51 c. Nothing contained in this compact shall be construed to invalidate
52 or prevent any nurse licensure agreement or other cooperative arrange-
53 ment between a party state and a non-party state that is made in accord-
54 ance with the other provisions of this compact.

55 3. Amendment. a. This compact may be amended by the party states. No
56 amendment to this compact shall become effective and binding upon the

1 party states unless and until it is enacted into the laws of all party
2 states.

3 b. Representatives of non-party states to this compact shall be
4 invited to participate in the activities of the commission, on a nonvot-
5 ing basis, prior to the adoption of this compact by all states.

6 § 8911. Construction and severability. 1. Construction and severabil-
7 ity. This compact shall be liberally construed so as to effectuate the
8 purposes thereof. The provisions of this compact shall be severable, and
9 if any phrase, clause, sentence or provision of this compact is declared
10 to be contrary to the constitution of any party state or of the United
11 States, or if the applicability thereof to any government, agency,
12 person or circumstance is held to be invalid, the validity of the
13 remainder of this compact and the applicability thereof to any govern-
14 ment, agency, person or circumstance shall not be affected thereby. If
15 this compact shall be held to be contrary to the constitution of any
16 party state, this compact shall remain in full force and effect as to
17 the remaining party states and in full force and effect as to the party
18 state affected as to all severable matters.

19 § 3. Section 6501 of the education law is amended by adding a new
20 subdivision 3 to read as follows:

21 3. a. an applicant for licensure in a qualified high-need healthcare
22 profession who provides documentation and attestation that he or she
23 holds a license in good standing from another state, may request the
24 issuance of a temporary practice permit, which, if granted will permit
25 the applicant to work under the supervision of a New York state licensee
26 in accordance with regulations of the commissioner. The department may
27 grant such temporary practice permit when it appears based on the appli-
28 cation and supporting documentation received that the applicant will
29 meet the requirements for licensure in this state because he or she has
30 provided documentation and attestation that they hold a license in good
31 standing from another state with significantly comparable licensure
32 requirements to those of this state, except the department has not been
33 able to secure direct source verification of the applicant's underlying
34 credentials (e.g., license verification, receipt of original transcript,
35 experience verification). Such permit shall be valid for six months or
36 until ten days after notification that the applicant does not meet the
37 qualifications for licensure. An additional six months may be granted
38 upon a determination by the department that the applicant is expected to
39 qualify for the full license upon receipt of the remaining direct source
40 verification documents requested by the department in such time period
41 and that the delay in providing the necessary documentation for full
42 licensure was due to extenuating circumstances which the applicant could
43 not avoid.

44 b. a temporary practice permit issued under paragraph a of this subdi-
45 vision shall be subject to the full disciplinary and regulatory authori-
46 ty of the board of regents and the department, pursuant to this title,
47 as if such authorization were a professional license issued under this
48 article.

49 c. for purposes of this subdivision "high-need healthcare profession"
50 means a licensed healthcare profession of which there are an insuffi-
51 cient number of licensees to serve in the state or a region of the
52 state, as determined by the commissioner of health, in consultation with
53 the commissioner of education. The commissioner of health shall main-
54 tain a list of such licensed professions, which shall be posted online
55 and updated from time to time as warranted.

1 § 4. This act shall take effect immediately and shall be deemed to
2 have been in full force and effect on and after April 1, 2022; provided,
3 however, section three of this act shall take effect on the ninetieth
4 day after it shall have become a law. Effective immediately, the addi-
5 tion, amendment and/or repeal of any rule or regulation necessary for
6 the implementation of this act on its effective date are authorized to
7 be made and completed on or before such effective date.

8

11 follows:

12 6. "Qualified health care professional" means a physician, dentist,
13 podiatrist, optometrist performing a clinical laboratory test that does
14 not use an invasive modality as defined in section seventy-one hundred
15 one of the education law, pharmacist, physician assistant, specialist
16 assistant, nurse practitioner, or midwife, who is licensed and regis-
17 tered with the state education department.

18 § 2. Section 6801 of the education law, is amended by adding a new
19 subdivision 7 to read as follows:

20 7. A licensed pharmacist is a qualified health care professional under
21 section five hundred seventy-one of the public health law for the
22 purposes of directing a limited service laboratory and ordering and
23 administering tests approved by the Food and Drug Administration (FDA),
24 subject to certificate of waiver requirements established pursuant to
25 the federal clinical laboratory improvement act of nineteen hundred
26 eighty-eight.

27 § 3. Subparagraph (iv) of paragraph (a) of subdivision 3 of section
28 6902 of the education law, as amended by section 2 of part D of chapter
29 56 of the laws of 2014, is amended to read as follows:

30 (iv) The practice protocol shall reflect current accepted medical and
31 nursing practice[. The protocols shall be filed with the department
32 within ninety days of the commencement of the practice] and may be
33 updated periodically. The commissioner shall make regulations establish-
34 ing the procedure for the review of protocols and the disposition of any
35 issues arising from such review.

36 § 4. Paragraph (b) of subdivision 3 of section 6902 of the education
37 law, as added by section 2 of part D of chapter 56 of the laws of 2014,
38 is amended to read as follows:

39 (b) Notwithstanding subparagraph (i) of paragraph (a) of this subdivi-
40 sion[,]:

41 (i) a nurse practitioner, certified under section sixty-nine hundred
42 ten of this article and practicing for more than three thousand six
43 hundred hours in a specialty area other than primary care or such other
44 related areas as determined by the commissioner of health, may comply
45 with this paragraph in lieu of complying with the requirements of para-
46 graph (a) of this subdivision relating to collaboration with a physi-
47 cian, a written practice agreement and written practice protocols. A
48 nurse practitioner complying with this paragraph shall have collabora-
49 tive relationships with one or more licensed physicians qualified to
50 collaborate in the specialty involved or a hospital, licensed under
51 article twenty-eight of the public health law, that provides services
52 through licensed physicians qualified to collaborate in the specialty
53 involved and having privileges at such institution. As evidence that the
54 nurse practitioner maintains collaborative relationships, the nurse

1 practitioner shall complete and maintain a form, created by the depart-
2 ment, to which the nurse practitioner shall attest, that describes such
3 collaborative relationships. For purposes of this paragraph, "collabora-
4 tive relationships" shall mean that the nurse practitioner shall commu-
5 nicate, whether in person, by telephone or through written (including
6 electronic) means, with a licensed physician qualified to collaborate in
7 the specialty involved or, in the case of a hospital, communicate with a
8 licensed physician qualified to collaborate in the specialty involved
9 and having privileges at such hospital, for the purposes of exchanging
10 information, as needed, in order to provide comprehensive patient care
11 and to make referrals as necessary. Such form shall also reflect the
12 nurse practitioner's acknowledgement that if reasonable efforts to
13 resolve any dispute that may arise with the collaborating physician or,
14 in the case of a collaboration with a hospital, with a licensed physi-
15 cian qualified to collaborate in the specialty involved and having priv-
16 ileges at such hospital, about a patient's care are not successful, the
17 recommendation of the physician shall prevail. Such form shall be
18 updated as needed and may be subject to review by the department. The
19 nurse practitioner shall maintain documentation that supports such
20 collaborative relationships. Failure to comply with the requirements
21 found in this paragraph by a nurse practitioner who is not complying
22 with such provisions of paragraph (a) of this subdivision, shall be
23 subject to professional misconduct provisions as set forth in article
24 one hundred thirty of this title.

25 (ii) a nurse practitioner, certified under section sixty-nine
26 hundred ten of this article and practicing for more than three thousand
27 six hundred hours in primary care, shall be exempt from the requirements

29 of this paragraph, "primary care" shall include but not be limited to
30 general pediatrics, general adult medicine, general geriatric medicine,
31 general internal medicine, obstetrics and gynecology, family medicine,
32 or such other related areas as determined by the commissioner of health.

33 § 5. Section 3 of part D of chapter 56 of the laws of 2014, amending
34 the education law relating to enacting the "nurse practitioners modern-
35 ization act", as amended by section 10 of part S of chapter 57 of the
36 laws of 2021, is amended to read as follows:

37 § 3. This act shall take effect on the first of January after it shall
38 have become a law [and shall expire June 30 of the seventh year after it
39 shall have become a law, when upon such date the provisions of this act
40 shall be deemed repealed]; provided, however, that effective immediate-
41 ly, the addition, amendment and/or repeal of any rule or regulation
42 necessary for the implementation of this act on its effective date is
43 authorized and directed to be made and completed on or before such
44 effective date.

45 § 6. Section 6908 of the education law is amended by adding a new
46 subdivision 3 to read as follows:

47 3. This article shall not be construed as prohibiting medication-re-
48 lated tasks provided by a certified medication aide in accordance with
49 regulations developed by the commissioner, in consultation with the
50 commissioner of health. At a minimum, such regulations shall:

51 a. specify the medication-related tasks that may be performed by
52 certified medication aides pursuant to this subdivision. Such tasks
53 shall include the administration of medications which are routine and
54 pre-filled or otherwise packaged in a manner that promotes relative ease
55 of administration, provided that administration of medications by
56 injection, sterile procedures, and central line maintenance shall be

1 prohibited. Provided, however, such prohibition shall not apply to
2 injections of insulin or other injections for diabetes care, to

12 this article, where such nurse is employed by a residential health care
13 facility licensed pursuant to article twenty-eight of the public health
14 law;

15 c. establish a process by which a registered professional nurse may
16 assign medication-related tasks to a certified medication aide. Such
17 process shall include, but not be limited to:

18 (i) allowing assignment of medication-related tasks to a certified
19 medication aide only where such certified medication aide has demon-
20 strated to the satisfaction of the supervising registered professional
21 nurse competency in every medication-related task that such certified
22 medication aide is authorized to perform, a willingness to perform such
23 medication-related tasks, and the ability to effectively and efficiently
24 communicate with the individual receiving services and understand such
25 individual's needs;

26 (ii) authorizing the supervising registered professional nurse to
27 revoke any assigned medication-related task from a certified medication
28 aide for any reason; and

29 (iii) authorizing multiple registered professional nurses to jointly
30 agree to assign medication-related tasks to a certified medication aide,
31 provided further that only one registered professional nurse shall be
32 required to determine if the certified medication aide has demonstrated
33 competency in the medication-related task to be performed;

34 d. provide that medication-related tasks may be performed only in
35 accordance with and pursuant to an authorized health practitioner's
36 ordered care;

37 e. provide that only a certified nurse aide may perform medication-re-
38 lated tasks as a certified medication aide when such aide has:

50 the commissioner in consultation with the commissioner of health; and

51 (viii) meets other appropriate qualifications as determined by the
52 commissioner in consultation with the commissioner of health;

53 f. prohibit a certified medication aide from holding themselves out,
54 or accepting employment as, a person licensed to practice nursing under
55 the provisions of this article;

1 g. provide that a certified medication aide is not required nor
2 permitted to assess the medication or medical needs of an individual;

3 h. provide that a certified medication aide shall not be authorized to
4 perform any medication-related tasks or activities pursuant to this
5 subdivision that are outside the scope of practice of a licensed practi-
6 cal nurse or any medication-related tasks that have not been appropri-
7 ately assigned by the supervising registered professional nurse;

8 i. provide that a certified medication aide shall document all medica-
9 tion-related tasks provided to an individual, including medication
10 administration to each individual through the use of a medication admin-
11 istration record; and

12 j. provide that the supervising registered professional nurse shall
13 retain the discretion to decide whether to assign medication-related
14 tasks to certified medication aides under this program and shall not be
15 subject to coercion, retaliation, or the threat of retaliation.

17 subdivision 11 to read as follows:

18 11. A registered professional nurse, while working for a residential

44 influenza virus or respiratory syncytial virus, to an individual,
45 provided that:

46 (a) prior to making such assignment the registered professional nurse
47 or certified nurse practitioner shall provide the individual assigned
48 such task with specific instructions for performing the specimen
49 collection and criteria for identifying, reporting and responding to
50 problems or complications;

51 (b) the registered professional nurse or certified nurse practitioner
52 provides training to the individual and personally verifies that the
53 individual can safely and competently perform the tasks assigned;

PART D

25 Section 1. The social services law is amended by adding a new section
26 367-w to read as follows:

27 § 367-w. Health care and mental hygiene worker bonuses. 1. Purpose
28 and intent. New York's essential front line health care and mental
29 hygiene workers have seen us through a once-in-a-century public health
30 crisis and turned our state into a model for battling and beating
31 COVID-19. To attract talented people into the profession at a time of
32 such significant strain while also retaining those who have been working
33 so tirelessly these past two years, we must recognize the efforts of our
34 health care and mental hygiene workforce and reward them financially for
35 their service.

36 To do that, the commissioner of health is hereby directed to seek
37 additional federal spending authority under section 9817 of the American
38 Rescue Plan Act of 2021 to maximize federal financial participation with
39 respect to spending on home and community based services and to seek
40 such other federal approvals as applicable, and, subject to federal
41 financial participation, to support with federal and state funding
42 bonuses to be made available during the state fiscal year of 2023 to
43 recruit, retain, and reward health care and mental hygiene workers.

44 2. Definitions. As used in this section, the term:

45 (a) "Employee" means certain front line health care and mental hygiene
46 practitioners, technicians, assistants and aides that provide hands on
47 health or care services to individuals, without regard to whether the
48 person works full-time, part-time, on a salaried, hourly, or temporary
49 basis, or as an independent contractor, that received an annualized base
50 salary of one hundred twenty-five thousand dollars or less, to include
51 such titles as determined by the commissioner, in consultation with the
52 commissioner of mental health, the commissioner for people with develop-
53 mental disabilities, the commissioner of addiction services and

1 supports, and the commissioner of children and family services, as
2 applicable, and approved by the director of the budget.

3 (b) "Employer" means a provider enrolled in the medical assistance
4 program under this title that employs at least one employee and that
5 bills for services under the state plan or a home and community based
6 services waiver authorized pursuant to subdivision (c) of section nine-
7 teen hundred fifteen of the federal social security act, or that has a
8 provider agreement to bill for services provided or arranged through a
9 managed care provider under section three hundred sixty-four-j of this
10 title or a managed long term care plan under section forty-four hundred
11 three-f of the public health law, to include:

12 (i) providers and facilities licensed, certified or otherwise author-
13 ized under articles twenty-eight, thirty, thirty-six or forty of the
14 public health law, articles sixteen, thirty-one, thirty-two or thirty-
15 six of the mental hygiene law, article seven of this chapter, fiscal
16 intermediaries under section three hundred sixty-five-f of this title,
17 pharmacies registered under section six thousand eight hundred eight of

12 worked and to provide reimbursement to employers for the purposes of
13 funding employee bonuses in accordance with hours worked during the
14 vesting period.

15 (b) Using the forms and processes developed by the commissioner under
16 this subdivision, employers shall, for a period of time specified by the
17 commissioner:

15 required to pay the bonus no later than the date specified under this
16 subdivision, provided however that prior to such date the employee does

19 ing a collectively bargained agreement, if any, between the employee and
20 employer.

21 (e) Any bonus due and payable to an employee under this section shall

42 shall be credited towards and included in the calculation of the average
43 number of hours worked per week over the course of the vesting period.

44 5. Audits, investigations and reviews. (a) The Medicaid inspector
45 general shall, in coordination with the commissioner, conduct audits,
46 investigations and reviews of employers required to submit claims under
47 this section. Such claims, inappropriately paid, under this section
48 shall constitute overpayments as that term is defined under the regu-
49 lations governing the medical assistance program. The Medicaid inspector
50 general may recover such overpayments to employers as it would an over-
51 payment under the medical assistance program, impose sanctions up to and
52 including exclusion from the medical assistance program, impose penal-
53 ties, and take any other action authorized by law where:

54 (i) an employer claims a bonus not due to an employee or a bonus

11 employee, regardless of any recovery, sanction or penalty the Medicaid
12 inspector general may impose.

13 (d) In all instances recovery of inappropriate bonus payments shall be
14 recovered from the employer. The employer shall not have the right to
15 recover any inappropriately paid bonus from the employee.

16 (e) Where the Medicaid inspector general sanctions an employer for
17 violations under this section, they may also sanction any affiliates as
18 defined under the regulations governing the medical assistance program.

19 6. Rules and regulations. The commissioner, in consultation with the
20 Medicaid inspector general as it relates to subdivision five of this
21 section, may promulgate rules, to implement this section pursuant to
22 emergency regulation; provided, however, that this provision shall not
23 be construed as requiring the commissioner to issue regulations to
24 implement this section.

25 § 2. Subparagraphs (iv) and (v) of paragraph (a) of subdivision 4 of
26 section 145-b of the social services law, as amended by section 1 of
27 part QQ of chapter 56 of the laws of 2020, are amended to read as

14 2. Employees shall be eligible for health care and mental hygiene
15 worker bonuses in an amount up to but not exceeding three thousand
16 dollars per employee. The payment of bonuses shall be paid based on the

1 services identified in section six hundred two of this title to qualify
2 for such base grant unless the municipality has the approval of the
3 commissioner to expend the base grant on a portion of such core public
4 health services. If any services in such section are not provided, the
5 commissioner [may] shall limit the municipality's per capita or base
6 grant to reflect the scope of the reduced services, in an amount not to
7 exceed five hundred seventy-seven thousand five hundred dollars. The
8 commissioner may use the amount that is not granted to contract with
9 agencies, associations, or organizations to provide such services; or
10 the health department may use such proportionate share to provide the

20 except for the city of New York which shall receive no less than twenty
21 per centum, of the difference between the amount of moneys expended by
22 the municipality for public health services required by section six
23 hundred two of this title during the fiscal year and the base grant
24 provided pursuant to subdivision one of this section. Provided, however,
25 that a municipality's documented fringe benefit costs submitted under an
26 application for state aid and otherwise eligible for reimbursement under
27 this article shall not exceed fifty per centum of the municipality's
28 eligible personnel services. No such reimbursement shall be provided for

38 4. Moneys appropriated for the purposes of this article to a munici-

39 ment shall establish, in consultation with the state emergency medical
40 services council, a training program for emergency medical services that
41 includes students, emergency medical service practitioners, agencies,
42 facilities, and personnel, and the commissioner may provide funding
43 within the amount appropriated to conduct such training programs in
44 consultation with the state emergency medical services council. Until
45 such time as the department announces the training program pursuant to
46 this section is in effect, all current standards, curriculums, and

10 5. The commissioner shall, within amounts appropriated, establish a
11 public service campaign to recruit additional personnel into the emer-
12 gency medical system fields.

13 6. The commissioner shall, within amounts appropriated, establish an
14 emergency medical system mental health and wellness program that
15 provides resources to emergency medical service practitioners to reduce
16 burnout, prevent suicides, and increase safety.

17 7. The department, in consultation with the state emergency medical
18 services council, may create or adopt with the approval of the commis-
19 sioner additional standards, training and criteria to become a credent-

33 emergency medical system agency certificate only upon a determination
34 that a public need for the proposed service has been established pursu-

36 exists for only a portion of a proposed service, a certificate may be
37 issued for that portion. Prior to reaching a final determination of
38 need, the department shall forward a summary of the proposed service
39 including any documentation received or subsequent reports created ther-
40 eto, to the state emergency medical services council for review and
41 recommendation to the department on the approval of the application. An
42 applicant or other concerned party may appeal any determination made by
43 the department pursuant to this section within fourteen days. Appeals
44 shall be heard pursuant to the provisions of section twelve-a of this
45 chapter, and a final determination as to need shall be made by the
46 commissioner upon review of the report and recommendation of the presid-
47 ing administrative law judge.

48 (b) Notwithstanding the provisions of paragraph (a) of this subdivi-

50 issuance of an emergency medical system agency certificate without a
51 determination of public need.

52 § 7. Subdivision 1 of section 3001 of the public health law, as

55 a three-person household shall be one hundred fifteen percent of the
56 income standard for a two-person household, the income standard for a

1 four-person household shall be one hundred thirty percent of the income

31 mental hygiene law, the amount of thirty-five dollars per month.

32 (ii) A person who neither receives nor is eligible to receive federal

2 the Internal Revenue Code of 1986, as amended.

3 § 6. Subparagraphs 1 and 2 of paragraph (b) of subdivision 2 of
4 section 366 of the social services law, subparagraph 1 as amended by
5 chapter 638 of the laws of 1993 and as designated by chapter 170 of the
6 laws of 1994, subparagraph 2 as added by chapter 170 of the laws of
7 1994, clause (iii) of subparagraph 2 as amended by chapter 187 of the
8 laws of 2017, clause (iv) of subparagraph 2 as amended by chapter 656 of
9 the laws of 1997 and as further amended by section 104 of part A of
10 chapter 62 of the laws of 2011, and clause (vi) of subparagraph 2 as
11 added by chapter 435 of the laws of 2018, are amended to read as
12 follows:

13 (1) In establishing standards for determining eligibility for and
14 amount of such assistance, the department shall take into account only
15 such income [and resources], in accordance with federal requirements, as
16 [are] is available to the applicant or recipient and as would not be
17 required to be disregarded or set aside for future needs, and there
18 shall be a reasonable evaluation of any such income [or resources]. The
19 department shall not consider the availability of an option for an
20 accelerated payment of death benefits or special surrender value pursu-
21 ant to paragraph one of subsection (a) of section one thousand one
22 hundred thirteen of the insurance law, or an option to enter into a
23 viatical settlement pursuant to the provisions of article seventy-eight
24 of the insurance law, as an available resource in determining eligibil-
25 ity for an amount of such assistance, provided, however, that the
26 payment of such benefits shall be considered in determining eligibility
27 for and amount of such assistance. There shall not be taken into consid-
28 eration the financial responsibility of any individual for any applicant
29 or recipient of assistance under this title unless such applicant or
30 recipient is such individual's spouse or such individual's child who is
31 under twenty-one years of age. In determining the eligibility of a child
32 who is categorically eligible as blind or disabled, as determined under
33 regulations prescribed by the social security act for medical assist-
34 ance, the income [and resources] of parents or spouses of parents are
35 not considered available to that child if she/he does not regularly
36 share the common household even if the child returns to the common
37 household for periodic visits. In the application of standards of eligi-
38 bility with respect to income, costs incurred for medical care, whether
39 in the form of insurance premiums or otherwise, shall be taken into
40 account. Any person who is eligible for, or reasonably appears to meet
41 the criteria of eligibility for, benefits under title XVIII of the
42 federal social security act shall be required to apply for and fully
43 utilize such benefits in accordance with this chapter.

44 (2) In evaluating the income [and resources] available to an applicant
45 for or recipient of medical assistance, for purposes of determining
46 eligibility for and the amount of such assistance, the department must
47 consider assets [held in or] paid from trusts created by such applicant
48 or recipient, as determined pursuant to the regulations of the depart-
49 ment, in accordance with the provisions of this subparagraph.

50 (i) In the case of a revocable trust created by an applicant or recip-
51 ient, as determined pursuant to regulations of the department[: the
52 trust corpus must be considered to be an available resource;], payments
53 made from the trust to or for the benefit of such applicant or recipient
54 must be considered to be available income; and any other payments from
55 the trust must be considered to be assets disposed of by such applicant

1 or recipient for purposes of paragraph (d) of subdivision five of this
2 section.

3 (ii) In the case of an irrevocable trust created by an applicant or
4 recipient, as determined pursuant to regulations of the department: any
5 portion of the trust corpus, and of the income generated by the trust
6 corpus, from which no payment can under any circumstances be made to
7 such applicant or recipient must be considered, as of the date of estab-
8 lishment of the trust, or, if later, the date on which payment to the
9 applicant or recipient is foreclosed, to be assets disposed of by such
10 applicant or recipient for purposes of paragraph (d) of subdivision five
11 of this section; [any portion of the trust corpus, and of the income
12 generated by the trust corpus, from which payment could be made to or
13 for the benefit of such applicant or recipient must be considered to be
14 an available resource;] payments made from the trust to or for the bene-
15 fit of such applicant or recipient must be considered to be available
16 income; and any other payments from the trust must be considered to be
17 assets disposed of by such applicant or recipient for purposes of para-
18 graph (d) of subdivision five of this section.

19 (iii) Notwithstanding the provisions of clauses (i) and (ii) of this
20 subparagraph, in the case of an applicant or recipient who is disabled,
21 as such term is defined in section 1614(a)(3) of the federal social
22 security act, the department must not consider as available income [or
23 resources] the [corpus or] income of the following trusts which comply
24 with the provisions of the regulations authorized by clause (iv) of this
25 subparagraph: (A) a trust containing the assets of such a disabled indi-
26 vidual which was established for the benefit of the disabled individual
27 while such individual was under sixty-five years of age by the individ-
28 ual, a parent, grandparent, legal guardian, or court of competent juris-
29 diction, if upon the death of such individual the state will receive all
30 amounts remaining in the trust up to the total value of all medical
31 assistance paid on behalf of such individual; (B) and a trust containing
32 the assets of such a disabled individual established and managed by a
33 non-profit association which maintains separate accounts for the benefit
34 of disabled individuals, but, for purposes of investment and management
35 of trust funds, pools the accounts, provided that accounts in the trust
36 fund are established solely for the benefit of individuals who are disa-
37 bled as such term is defined in section 1614(a)(3) of the federal social
38 security act by such disabled individual, a parent, grandparent, legal
39 guardian, or court of competent jurisdiction, and to the extent that
40 amounts remaining in the individual's account are not retained by the
41 trust upon the death of the individual, the state will receive all such
42 remaining amounts up to the total value of all medical assistance paid
43 on behalf of such individual. Notwithstanding any law to the contrary,
44 a not-for-profit corporation may, in furtherance of and as an adjunct to
45 its corporate purposes, act as trustee of a trust for persons with disa-
46 bilities established pursuant to this subclause, provided that a trust
47 company, as defined in subdivision seven of section one hundred-c of the
48 banking law, acts as co-trustee.

49 (iv) The department shall promulgate such regulations as may be neces-
50 sary to carry out the provisions of this subparagraph. Such regulations
51 shall include provisions for: assuring the fulfillment of fiduciary
52 obligations of the trustee with respect to the remainder interest of the
53 department or state; monitoring pooled trusts; applying this subdivision
54 to legal instruments and other devices similar to trusts, in accordance
55 with applicable federal rules and regulations; and establishing proce-
56 dures under which the application of this subdivision will be waived

1 with respect to an applicant or recipient who demonstrates that such
2 application would work an undue hardship on him or her, in accordance
3 with standards specified by the secretary of the federal department of
4 health and human services. Such regulations may require: notification of
5 the department of the creation or funding of such a trust for the bene-
6 fit of an applicant for or recipient of medical assistance; notification
7 of the department of the death of a beneficiary of such a trust who is a
8 current or former recipient of medical assistance; in the case of a
9 trust, the corpus of which exceeds one hundred thousand dollars, notifi-
10 cation of the department of transactions tending to substantially
11 deplete the trust corpus; notification of the department of any trans-
12 actions involving transfers from the trust corpus for less than fair
13 market value; the bonding of the trustee when the assets of such a trust
14 equal or exceed one million dollars, unless a court of competent juris-
15 diction waives such requirement; and the bonding of the trustee when the
16 assets of such a trust are less than one million dollars, upon order of
17 a court of competent jurisdiction. The department, together with the
18 department of financial services, shall promulgate regulations governing
19 the establishment, management and monitoring of trusts established
20 pursuant to subclause (B) of clause (iii) of this subparagraph in which
21 a not-for-profit corporation and a trust company serve as co-trustees.

22 (v) Notwithstanding any acts, omissions or failures to act of a trus-
23 tee of a trust which the department or a local social services official
24 has determined complies with the provisions of clause (iii) and the
25 regulations authorized by clause (iv) of this subparagraph, the depart-
26 ment must not consider the [corpus or] income of any such trust as
27 available income [or resources] of the applicant or recipient who is
28 disabled, as such term is defined in section 1614(a)(3) of the federal
29 social security act. The department's remedy for redress of any acts,
30 omissions or failures to act by such a trustee which acts, omissions or
31 failures are considered by the department to be inconsistent with the
32 terms of the trust, contrary to applicable laws and regulations of the
33 department, or contrary to the fiduciary obligations of the trustee
34 shall be the commencement of an action or proceeding under subdivision
35 one of section sixty-three of the executive law to safeguard or enforce
36 the state's remainder interest in the trust, or such other action or
37 proceeding as may be lawful and appropriate as to assure compliance by
38 the trustee or to safeguard and enforce the state's remainder interest
39 in the trust.

40 (vi) The department shall provide written notice to an applicant for
41 or recipient of medical assistance who is or reasonably appears to be
42 eligible for medical assistance except for having income exceeding
43 applicable income levels. The notice shall inform the applicant or
44 recipient, in plain language, that in certain circumstances the medical
45 assistance program does not count the income of disabled applicants and
46 recipients if it is placed in a trust described in clause (iii) of this
47 subparagraph. The notice shall be included with the eligibility notice
48 provided to such applicants and recipients and shall reference where
49 additional information may be found on the department's website. This
50 clause shall not be construed to change any criterion for eligibility
51 for medical assistance.

52 § 7. Paragraph (a) of subdivision 3 of section 366 of the social
53 services law, as amended by chapter 110 of the laws of 1971, is amended
54 to read as follows:

55 (a) Medical assistance shall be furnished to applicants in cases
56 where, although such applicant has a responsible relative with suffi-

1 cient income [and resources] to provide medical assistance as determined
2 by the regulations of the department, the income [and resources] of the
3 responsible relative are not available to such applicant because of the
4 absence of such relative or the refusal or failure of such relative to
5 provide the necessary care and assistance. In such cases, however, the
6 furnishing of such assistance shall create an implied contract with such
7 relative, and the cost thereof may be recovered from such relative in
8 accordance with title six of article three of this chapter and other
9 applicable provisions of law.

10 § 8. Paragraph h of subdivision 6 of section 366 of the social
11 services law, as amended by section 69-b of part C of chapter 58 of the
12 laws of 2008, is amended to read as follows:

14 law to the contrary, for purposes of determining medical assistance
15 eligibility for persons specified in paragraph b of this subdivision,

18 subdivision.

19 § 9. Subparagraph (vii) of paragraph (b) of subdivision 7 of section
20 366 of the social services law, as amended by chapter 324 of the laws of
21 2004, is amended to read as follows:

22 (vii) be ineligible for medical assistance because the income [and
23 resources] of responsible relatives are deemed available to him or her,
24 causing him or her to exceed the income or resource eligibility level
25 for such assistance;

26 § 10. Paragraph j of subdivision 7 of section 366 of the social
27 services law, as amended by chapter 324 of the laws of 2004, is amended
28 to read as follows:

29 j. Notwithstanding any other provision of this chapter other than
30 subdivision six of this section or any other law to the contrary, for
31 purposes of determining medical assistance eligibility for persons spec-
32 ified in paragraph b of this subdivision, the income [and resources] of
33 a responsible relative shall not be deemed available for as long as the
34 person meets the criteria specified in this subdivision.

35 § 11. Subdivision 8 of section 366 of the social services law, as
36 added by chapter 41 of the laws of 1992, is amended to read as follows:

37 8. Notwithstanding any inconsistent provision of this chapter or any
38 other law to the contrary, income [and resources] which are otherwise
39 exempt from consideration in determining a person's eligibility for
40 medical care, services and supplies available under this title, shall be
41 considered available for the payment or part payment of the costs of
42 such medical care, services and supplies as required by federal law and
43 regulations.

44 § 12. Subparagraph (vi) of paragraph (b) of subdivision 9 of section
45 366 of the social services law, as added by chapter 170 of the laws of
46 1994, is amended to read as follows:

50 deemed available to such persons causing them to exceed the income [or
51 resource] eligibility level for such assistance;

52 § 13. Paragraph k of subdivision 9 of section 366 of the social
53 services law, as added by chapter 170 of the laws of 1994, is amended to
54 read as follows:

55 k. Notwithstanding any provision of this chapter other than subdivi-
56 sion six or seven of this section, or any other law to the contrary, for

1 purposes of determining medical assistance eligibility for persons spec-
2 ified in paragraphs b and c of this subdivision, the income [and
3 resources] of a responsible relative shall not be deemed available for
4 as long as the person meets the criteria specified in this subdivision.

5 § 14. Paragraph (d) of subdivision 12 of section 366 of the social
6 services law, as added by section 1 of part E of chapter 58 of the laws
7 of 2006, is amended to read as follows:

8 (d) Notwithstanding any provision of this chapter or any other law to

11 [and resources] of a legally responsible relative shall not be deemed
12 available for as long as the person meets the criteria specified in this
13 subdivision; provided, however, that such income shall continue to be
14 deemed unavailable should responsibility for the care and placement of
15 the person be returned to [his or her] their parent or other legally
16 responsible person.

23 of 2010 and as relettered by section fifteen of this act, is amended to
24 read as follows:

25 (c) Notwithstanding the provisions of paragraph (a) of this subdivi-
26 sion, an applicant or recipient [whose eligibility under this title is
27 determined without regard to the amount of his or her accumulated
28 resources] may attest to the amount of interest income generated by
29 [such] resources if the amount of such interest income is expected to be
30 immaterial to medical assistance eligibility, as determined by the
31 commissioner of health. In the event there is an inconsistency between
32 the information reported by the applicant or recipient and any informa-
33 tion obtained by the commissioner of health from other sources and such
34 inconsistency is material to medical assistance eligibility, the commis-
35 sioner of health shall request that the applicant or recipient provide
36 adequate documentation to verify [his or her] their interest income.

37 § 17. Paragraph (d) of subdivision 2 of section 366-a of the social

46 by section one hundred seventy-one-a of the tax law and in similar
47 systems operating in other geographically contiguous states, by means of
48 an income verification performed pursuant to a memorandum of understand-

50 four of section one hundred seventy-one-b of the tax law, and, to the
51 extent required by federal law, with information contained in the non-
52 wage income file maintained by the United States internal revenue
53 service, in the beneficiary data exchange maintained by the United
54 States department of health and human services, and in the unemployment
55 insurance benefits file. Such matching shall provide for procedures
56 which document significant inconsistent results of matching activities.

1 Nothing in this section shall be construed to prohibit activities the
2 department reasonably believes necessary to conform with federal
3 requirements under section one thousand one hundred thirty-seven of the
4 social security act.

5 § 19. Subdivision 1 of section 366-c of the social services law, as

20 law, as added by chapter 558 of the laws of 1989 and as relettered by
21 section twenty-one of this act, are amended to read as follows:

22 5. (a) At the beginning or after the commencement of a continuous
23 period of institutionalization, either spouse may request [an assessment
24 of the total value of their resources or] a determination of the commu-
25 nity spouse monthly income allowance, the amount of the family allow-
26 ance, or the method of computing the amount of the family allowance, or
27 the method of computing the amount of the community spouse income allow-
28 ance.

29 (b) [(i) Upon receipt of a request pursuant to paragraph (a) of this
30 subdivision together with all relevant documentation of the resources of
31 both spouses, the social services district shall assess and document the
32 total value of the spouses' resources and provide each spouse with a
33 copy of the assessment and the documentation upon which it was based. If
34 the request is not part of an application for medical assistance bene-
35 fits, the social services district may charge a fee for the assessment
36 which is related to the cost of preparing and copying the assessment and
37 documentation which fee may not exceed twenty-five dollars.

38 (ii) The social services district shall also notify each requesting
39 spouse of the community spouse monthly income allowance, of the amount,
40 if any, of the family allowances, and of the method of computing the
41 amount of the community spouse monthly income allowance.

42 (c)] The social services district shall also provide to the spouse a
43 notice of the right to a fair hearing at the time of provision of the
44 information requested under paragraph (a) of this subdivision or after a

51 of the community spouse monthly allowance[,] or the amount of monthly
52 income otherwise available to the community spouse, [the computation of
53 the spousal share of resources, the attribution of resources or the
54 determination of the community spouse's resource allocation,] the spouse
55 may request a fair hearing to dispute such determination. Such hearing

1 (b) If either spouse establishes that the community spouse needs

5 by the commissioner in regulations), the department shall substitute an
6 amount adequate to provide additional necessary income from the income
7 otherwise available to the institutionalized spouse.

8 [(c) If either spouse establishes that income generated by the commu-
9 nity spouse resource allowance, established by the social services
10 district, is inadequate to raise the community spouse's income to the
11 minimum monthly maintenance needs allowance, the department shall estab-
12 lish a resource allowance for the spousal share of the institutionalized
13 spouse adequate to provide such minimum monthly maintenance needs allow-
14 ance.]

15 § 23. The commissioner of health shall, consistent with the social
16 services law, make any necessary amendments to the state plan for
17 medical assistance submitted pursuant to section three hundred sixty-
18 three of the social services law, in order to ensure federal financial
19 participation in expenditures under the provisions of this act. The
20 provisions of this act shall not take effect unless all necessary
21 approvals under federal law and regulation have been obtained to receive
22 federal financial participation for the costs of services provide here-
23 under.

24 § 24. This act shall take effect January 1, 2023, subject to federal
25 financial participation; provided, however that the amendments to para-
26 graph h of subdivision 6 of section 366 of the social services law made
27 by section eight of this act shall not affect the repeal of such subdivi-
28 sion and shall be deemed repealed therewith; provided further that the
29 commissioner of health shall notify the legislative bill drafting
30 commission upon the occurrence of federal financial participation in
31 order that the commission may maintain an accurate and timely effective
32 data base of the official text of the laws of the state of New York in
33 furtherance of effectuating the provisions of section 44 of the legisla-
34 tive law and section 70-b of the public officers law.

35

PART O

36 Section 1. Subdivision 3 of section 367-r of the social services law,
37 as added by section 2 of part PP of chapter 56 of the laws of 2020, is
38 amended and a new subdivision 4 is added to read as follows:

39 3. Provider directory for fee-for-service private duty nursing
40 services provided to medically fragile children and adults. The commis-
41 sioner of health is authorized to establish a directory of qualified
42 providers for the purpose of promoting the availability and ensuring
43 delivery of fee-for-service private duty nursing services to medically
44 fragile children and individuals transitioning out of such category of
45 care, and medically fragile adults. Qualified providers enrolling in
46 the directory shall ensure the availability and delivery of and shall
47 provide such services to those individuals as are in need of such
48 services, and shall receive increased reimbursement for such services
49 pursuant to paragraph (c) of subdivision two, and paragraph (c) of
50 subdivision four of this section. The directory shall offer enrollment
51 to all private duty nursing services providers to promote and ensure the
52 participation in the directory of all nursing services providers avail-
53 able to serve medically fragile children and adults.

1 4. Medically fragile adults. (a) The commissioner shall increase rates
2 for private duty nursing services that are provided to medically fragile
3 adults, as such term is defined by the commissioner in regulation, to
4 ensure the availability of such services to such adults. In establish-
5 ing rates of payment under this subdivision, the commissioner shall
6 consider the cost neutrality of such rates as related to the cost effec-
7 tiveness of caring for medically fragile adults in a non-institutional
8 setting as compared to an institutional setting. Such increased rates
9 for services rendered to such adults may take into consideration the
10 elements of cost, geographical differentials in the elements of cost
11 considered, economic factors in the area in which the private duty nurs-
12 ing service is provided, costs associated with the provision of private
13 duty nursing services to medically fragile adults, and the need for
14 incentives to improve services and institute economies and such
15 increased rates shall be payable only to those private duty nurses who
16 can demonstrate, to the satisfaction of the department of health, satis-
17 factory training and experience to provide services to such adults. Such
18 increased rates shall be determined based on application of the case mix
19 adjustment factor for AIDS home care program services rates as deter-
20 mined pursuant to applicable regulations of the department of health.
21 The commissioner may promulgate regulations to implement the provisions
22 of this subdivision. (b) Private duty nursing services providers which
23 have their rates adjusted pursuant to paragraph (a) of this subdivision
24 shall use such funds solely for the purposes of recruitment and
25 retention of private duty nurses or to ensure the delivery of private
26 duty nursing services to medically fragile adults and are prohibited
27 from using such funds for any other purpose. Funds provided under para-
28 graph (a) of this subdivision are not intended to supplant support
29 provided by a local government. Each such provider, with the exception
30 of self-employed private duty nurses, shall submit, at a time and in a
31 manner to be determined by the commissioner of health, a written certif-
32 ication attesting that such funds will be used solely for the purpose of
33 recruitment and retention of private duty nurses or to ensure the deliv-
34 ery of private duty nursing services to medically fragile adults. The
35 commissioner of health and their designees are authorized to audit each
36 such provider to ensure compliance with the written certification
37 required by this subdivision and shall recoup all funds determined to
38 have been used for purposes other than recruitment and retention of
39 private duty nurses or the delivery of private duty nursing services to
40 medically fragile adults. Such recoupment shall be in addition to any
41 other penalties provided by law. (c) The commissioner of health shall,
42 subject to the provisions of paragraph (b) of this subdivision, and the
43 provisions of subdivision three of this section, and subject to the
44 availability of federal financial participation, increase fees for the
45 fee-for service reimbursement of private duty nursing services provided
46 to medically fragile adults by fee-for-service private duty nursing
47 services providers who enroll and participate in the provider directory
48 pursuant to subdivision three of this section, commencing April first,
49 two thousand twenty-two, such that such fees for reimbursement equal the
50 final benchmark payment designed to ensure adequate access to the
51 service. In developing such benchmark the commissioner of health may
52 utilize the average two thousand eighteen Medicaid managed care payments
53 for reimbursement of such private duty nursing services. The commission-
54 er may promulgate regulations to implement the provisions of this para-
55 graph.

1 § 2. Section 21 of part MM of chapter 56 of the laws of 2020, direct-
 2 ing the department of health to establish or procure the services of
 3 an independent panel of clinical professionals and to develop and imple-
 4 ment a uniform task-based assessment tool, is amended to read as
 5 follows:

6 § 21. The department of health shall develop[, directly or through
 7 procurement, and shall implement an evidenced based validated uniform
 8 task-based assessment tool no later than April 1, 2021,] guidelines and
 9 standards for the use of tasking tools to assist managed care plans and
 10 local departments of social services to make appropriate and individual-
 11 ized determinations for utilization of home care services in accordance
 12 with applicable state and federal law and regulations, including the
 13 number of personal care services and consumer directed personal assist-
 14 ance hours of care each day[,], provided pursuant to the state's medical
 15 assistance program, and how Medicaid recipients' needs for assistance
 16 with activities of daily living can be met, such as through telehealth,
 17 provided that services rendered via telehealth meet equivalent quality
 18 and safety standards of services provided through non-electronic means,
 19 and other available alternatives, including family and social supports.
 20 [Notwithstanding the provisions of section 163 of the state finance law,
 21 or sections 142 and 143 of the economic development law, or any contrary
 22 provision of law, a contract may be entered without a competitive bid or
 23 request for proposal process if such contract is for the purpose of
 24 developing the evidence based validated uniform task-based assessment
 25 tool described in this section, provided that:

26 (a) The department of health shall post on its website, for a period
 27 of no less than 30 days:

28 (i) A description of the evidence based validated uniform task-based
 29 assessment tool to be developed pursuant to the contract;

30 (ii) The criteria for contractor selection;

31 (iii) The period of time during which a prospective contractor may
 32 seek to be selected by the department of health, which shall be no less
 33 than 30 days after such information is first posted on the website; and

34 (iv) The manner by which a prospective contractor may submit a
 35 proposal for selection, which may include submission by electronic
 36 means;

37 (b) All reasonable and responsive submissions that are received from
 38 prospective contractors in a timely fashion shall be reviewed by the
 39 commissioner of health;

40 (c) The commissioner of health shall select such contractor that is
 41 best suited to serve the purposes of this section and the needs of
 42 recipients; and

43 (d) All decisions made and approaches taken pursuant to this section
 44 shall be documented in a procurement record as defined in section one
 45 hundred sixty-three of the state finance law.]

10 forth in accordance with this article.

17 care provider.

18 (D) Nothing in this paragraph or other provision of this section shall
19 be construed to limit in any way the ability of the department of health
20 to terminate awarded contracts for cause, which shall include but not be
21 limited to any violation of the terms of such contracts or violations of
22 state or federal laws and regulations and any loss of necessary state or
23 federal funding.

24 (E) Notwithstanding sections one hundred twelve and one hundred
25 sixty-three of the state finance law, sections one hundred forty-two and
26 one hundred forty-three of the economic development law, and any other
27 inconsistent provision of law, the department of health may, in accord-
28 ance with the provisions of this paragraph, issue new requests for
29 proposals and award new contracts for terms following an existing term
30 of a contract entered into under this paragraph.

31 (b) (i) Within sixty days of the department of health issuing the
32 request for proposals under paragraph (a) of this subdivision, a managed
33 care provider that was approved to participate in the managed care
34 program prior to the issuance of the request for proposals, shall submit
35 its intention to complete such proposal to the department.

36 (ii) A managed care provider that: (A) fails to submit its intent
37 timely, (B) indicates within the sixty-days its intent not to complete
38 such a proposal, (C) fails to submit a proposal within the further time-

42 upon direction from the commissioner of health, terminate its services
43 and operations in accordance with the contract between the managed care
44 provider and the department of health and shall be additionally required
45 to maintain coverage of participants for such period of time as deter-
46 mined necessary by the commissioner of health to achieve the safe and
47 orderly transfer of participants.

48 (c) [The commissioner of health shall make a determination whether to
49 approve, disapprove or recommend modification of the proposal] If neces-
50 sary to ensure access to sufficient number of managed care providers on
51 a geographic or other basis, including a lack of adequate and appropri-
52 ate care, language and cultural competence, or special needs services,
53 the commissioner of health may reissue a request for proposals as
54 provided for under paragraph (a) of this subdivision, provided however,
55 that such request may be limited to the geographic or other basis of
56 need that the request for proposals is seeking to address. Any awards

1 made shall be subject to the requirements of this section, including but
2 not limited to the minimum and maximum number of awards in a region.

3 (d) [Notwithstanding any inconsistent provision of this title and
4 section one hundred sixty-three of the state finance law, the commis-
5 sioner of health may contract with managed care providers approved under
6 paragraph (b) of this subdivision, without a competitive bid or request
7 for proposal process, to provide coverage for participants pursuant to
8 this title.

9 (e) Notwithstanding any inconsistent provision of this title and
10 section one hundred forty-three of the economic development law, no
11 notice in the procurement opportunities newsletter shall be required for
12 contracts awarded by the commissioner of health, to qualified managed
13 care providers pursuant to this section.

14 (f) The care and services described in subdivision four of this
15 section will be furnished by a managed care provider pursuant to the
16 provisions of this section when such services are furnished in accord-
17 ance with an agreement with the department of health, and meet applica-
18 ble federal law and regulations.

19 [(g)] (e) The commissioner of health may delegate some or all of the
20 tasks identified in this section to the local districts.

21 [(h)] (f) Any delegation pursuant to paragraph [(g)] (e) of this
22 subdivision shall be reflected in the contract between a managed care
23 provider and the commissioner of health.

24 § 3. Subdivision 4 of section 365-m of the social services law is
25 REPEALED and a new subdivision 4 is added to read as follows:

26 4. The commissioner of health, jointly with the commissioners of the
27 office of mental health and the office of addiction services and
28 supports, shall select a limited number of special needs managed care
29 plans under section three hundred sixty-four-j of this title, in accord-
30 ance with subdivision five of such section, capable of managing the
31 behavioral and physical health needs of medical assistance enrollees
32 with significant behavioral health needs.

33 § 4. The opening paragraph of subdivision 2 of section 4403-f of the
34 public health law, as amended by section 8 of part C of chapter 58 of
35 the laws of 2007, is amended to read as follows:

36 An eligible applicant shall submit an application for a certificate of
37 authority to operate a managed long term care plan upon forms prescribed
38 by the commissioner, including any such forms or process as may be
39 required or prescribed by the commissioner in accordance with the
40 competitive bid process under subdivision six of this section. Such
41 eligible applicant shall submit information and documentation to the
42 commissioner which shall include, but not be limited to:

43 § 5. Subdivision 3 of section 4403-f of the public health law, as

45 amended to read as follows:

46 3. Certificate of authority; approval. (a) The commissioner shall not
47 approve an application for a certificate of authority unless the appli-

49 [(a)] (i) that it will have in place acceptable quality-assurance
50 mechanisms, grievance procedures, mechanisms to protect the rights of
51 enrollees and case management services to ensure continuity, quality,
52 appropriateness and coordination of care;

53 [(b)] (ii) that it will include an enrollment process which shall
54 ensure that enrollment in the plan is informed. The application shall
55 describe the disenrollment process, which shall provide that an other-

1 wise eligible enrollee shall not be involuntarily disenrolled on the
2 basis of health status;

3 [(c)] (iii) satisfactory evidence of the character and competence of
4 the proposed operators and reasonable assurance that the applicant will
5 provide high quality services to an enrolled population;

6 [(d)] (iv) sufficient management systems capacity to meet the require-

8 covered services;

9 [(e)] (v) readiness and capability to maximize reimbursement of and
10 coordinate services reimbursed pursuant to title XVIII of the federal
11 social security act and all other applicable benefits, with such benefit
12 coordination including, but not limited to, measures to support sound
13 clinical decisions, reduce administrative complexity, coordinate access
14 to services, maximize benefits available pursuant to such title and
15 ensure that necessary care is provided;

16 [(f)] (vi) readiness and capability to arrange and manage covered
17 services and coordinate non-covered services which could include prima-

19 of the federal social security act;

20 [(g)] (vii) willingness and capability of taking, or cooperating in,
21 all steps necessary to secure and integrate any potential sources of

27 for aging, and through financing options such as those authorized pursu-
28 ant to section three hundred sixty-seven-f of the social services law;

29 [(h)] (viii) that the contractual arrangements for providers of health
30 and long term care services in the benefit package are sufficient to
31 ensure the availability and accessibility of such services to the
32 proposed enrolled population consistent with guidelines established by
33 the commissioner; with respect to individuals in receipt of such
34 services prior to enrollment, such guidelines shall require the managed
35 long term care plan to contract with agencies currently providing such
36 services, in order to promote continuity of care. In addition, such
37 guidelines shall require managed long term care plans to offer and cover
38 consumer directed personal assistance services for eligible individuals
39 who elect such services pursuant to section three hundred sixty-five-f
40 of the social services law; and

41 [(i)] (ix) that the applicant is financially responsible and may be
42 expected to meet its obligations to its enrolled members.

43 (b) Notwithstanding the provisions of paragraph (a) of this subdivi-
44 sion, the approval of any application for certification as a managed
45 long term care plan under this section for a plan that seeks to cover a
46 population of enrollees eligible for services under title XIX of the
47 federal social security act, shall be subject to and conditioned on
48 selection through the competitive bid process provided under subdivision
49 six of this section.

50 § 6. Subdivision 6 of section 4403-f of the public health law, as
51 amended by section 41-b of part H of chapter 59 of the laws of 2011,

53 added by section 5 of part MM of chapter 56 of the laws of 2020, is
54 amended to read as follows:

55 6. Approval authority. [(a)] An applicant shall be issued a certif-
56 icate of authority as a managed long term care plan upon a determination

1 by the commissioner that the applicant complies with the operating
2 requirements for a managed long term care plan under this section;
3 provided, however, that any managed long term care plan seeking to
4 provide health and long term care services to a population of enrollees
5 that are eligible under title XIX of the federal social security act
6 shall not receive a certificate of authority, nor be eligible for a
7 contract to provide such services with the department, unless selected
8 through the competitive bid process described in this subdivision. [The
9 commissioner shall issue no more than seventy-five certificates of
10 authority to managed long term care plans pursuant to this section.
11 Nothing in this section shall be construed as requiring the department
12 to contract with or to contract for a particular line of business with
13 an entity certified under this section for the provision of services
14 available under title eleven of article five of the social services law.

15 (b) An operating demonstration shall be issued a certificate of
16 authority as a managed long term care plan upon a determination by the
17 commissioner that such demonstration complies with the operating

24 the senate and the speaker of the assembly may each recommend to the
25 commissioner, in writing, up to four eligible applicants to convert to
26 be approved managed long term care plans. An applicant shall only be
27 approved and issued a certificate of authority if the commissioner
28 determines that the applicant meets the requirements of subdivision
29 three of this section. The majority leader of the senate or the speaker
30 of the assembly may assign their authority to recommend one or more
31 applicants under this section to the commissioner.]

32 (a) Notwithstanding sections one hundred twelve and one hundred
33 sixty-three of the state finance law, sections one hundred forty-two and
34 one hundred forty-three of the economic development law, and any other
35 inconsistent provision of law, the commissioner of health shall, through
36 a competitive bid process based on proposals submitted to the depart-
37 ment, provide for the selection of qualified managed long term care
38 plans to provide health and long term care services to enrollees who are
39 eligible under title XIX of the federal social security act pursuant to
40 a contract with the department; provided, however, that:

41 (i) A proposal submitted by a managed long term care plan shall
42 include information sufficient to allow the commissioner to evaluate the
43 bidder in accordance with the requirements identified in subdivisions
44 two through four of this section.

45 (ii) In addition to the criteria described in subparagraph (i) of this
46 paragraph, the commissioner shall also consider:

47 (A) accessibility and geographic distribution of network providers,
48 taking into account the needs of persons with disabilities and the
49 differences between rural, suburban, and urban settings;

8 (G) whether the bidder participates in products for integrated care
9 for participants who are dually eligible for medicaid and medicare;

17 shall be defined in the procurement;

18 (L) for current or previously authorized managed care providers, past

23 bidder addressed such issues in a timely manner;

24 (M) such criteria as the commissioner shall develop, with the commis-

26 developmental disabilities, the office of addiction services and

28 (N) any other criteria deemed appropriate by the commissioner.

29 (iii) Subparagraphs (i) and (ii) of this paragraph describing proposal
30 content and selection criteria requirements shall not be construed as
31 limiting or requiring the commissioner to evaluate such content or
32 criteria on a pass-fail, scale, or other particular methodological
33 basis; provided however, that the commissioner must consider all such
34 content and criteria using methods determined by the commissioner in
35 their discretion and, as applicable, in consultation with the commis-
36 sioners of the office of mental health, the office for people with
37 developmental disabilities, the office of addiction services and
38 supports, and the office of children and family services.

39 (iv) The department shall post on its website:

40 (A) The request for proposals and a description of the proposed
41 services to be provided pursuant to contracts in accordance with this
42 subdivision;

43 (B) The criteria on which the department shall determine qualified
44 bidders and evaluate their applications, including all criteria identi-
45 fied in this subdivision;

46 (C) The manner by which a proposal may be submitted, which may include
47 submission by electronic means;

48 (D) The manner by which a managed long term care plan may continue to
49 provide health and long term care services to enrollees who are eligible
50 under title XIX of the federal social security act pending awards to
51 managed long term care plans through a competitive bid process pursuant
52 to this subdivision; and

53 (E) Upon award, the managed long term care plans that the commissioner
54 intends to contract with pursuant to this subdivision, provided that the

2 timely fashion shall be reviewed by the commissioner of health in
3 consultation with the commissioners of the office of mental health, the
4 office for people with developmental disabilities, the office of
5 addiction services and supports, and the office of children and family
6 services, as applicable. The commissioner shall consider comments
7 resulting from the review of proposals and make awards in consultation
8 with such agencies.

9 (B) The commissioner shall make awards under this subdivision, for
10 each product for which proposals were requested, to at least two managed
11 long term care plans in each geographic region defined by the commis-
12 sioner in the request for proposals for which at least two managed long
13 term care plans have submitted a proposal, and shall have discretion to
14 offer more contracts based on need for access; provided, however, that
15 the commissioner shall not offer any more than five (5) contracts in any
16 one region.

17 (C) Managed long term care plans awarded under this subdivision shall
18 be entitled to enter into a contract with the department for the purpose
19 of providing health and long term care services to enrollees who are
20 eligible under title XIX of the federal social security act. Such
21 contracts shall run for a term to be determined by the commissioner,
22 which may be renewed or modified from time to time without a new request
23 for proposals, to ensure consistency with changes in federal and state
24 laws, regulations or policies, including but not limited to the expan-
25 sion or reduction of medical assistance services available to partic-
26 ipants through a managed long term care plan.

27 (D) Nothing in this paragraph or other provision of this section shall
28 be construed to limit in any way the ability of the department to termi-
29 nate awarded contracts for cause, which shall include but not be limited
30 to any violation of the terms of such contracts or violations of state
31 or federal laws and regulations and any loss of necessary state or
32 federal funding.

33 (E) Notwithstanding sections one hundred twelve and one hundred
34 sixty-three of the state finance law, sections one hundred forty-two and
35 one hundred forty-three of the economic development law, and any other
36 inconsistent provision of law, the department may, in accordance with
37 the provisions of this paragraph, issue new requests for proposals and
38 award new contracts for terms following an existing term of a contract
39 entered into under this paragraph.

40 (b) (i) Within sixty days of the department issuing the request for
41 proposals under paragraph (a) of this subdivision, a managed long term
42 care plan that was approved to provide health and long term care
43 services to enrollees who are eligible under title XIX of the federal
44 social security act prior to the issuance of the request for proposals,
45 shall submit its intention to complete such proposal to the department.

46 (ii) A managed long term care plan that: (A) fails to submit its
47 intent timely, (B) indicates within the sixty days its intent not to
48 complete such a proposal, (C) fails to submit a proposal within the
49 further timeframe specified by the commissioner in the request for
50 proposals, or (D) is not awarded the ability to provide health and long
51 term care services to enrollees who are eligible under title XIX of the
52 federal social security act under paragraph (a) of this subdivision,
53 shall, upon direction from the commissioner, terminate its services and
54 operations in accordance with the contract between the managed long term
55 care plan and the department and shall be additionally required to main-
56 tain coverage of enrollees for such period of time as determined neces-

1 sary by the commissioner to achieve the safe and orderly transfer of
2 enrollees.

3 (c) Addressing needs for additional managed long term care plans to
4 ensure access and choice for enrollees eligible under title XIX of the
5 federal social security act. If necessary to ensure access to sufficient
6 number of managed long term care plans on a geographic or other basis,
7 including a lack of adequate and appropriate care, language and cultural
8 competence, or special needs services, the commissioner may reissue a
9 request for proposals as provided for under paragraph (a) of this subdi-
10 vision, provided however that such request may be limited to the
11 geographic or other basis of need that the request for proposals seeks
12 to address. Any awards made shall be subject to the requirements of this
13 section, including but not limited to the minimum and maximum number of
14 awards in a region.

15 (d) (i) Effective April first, two thousand twenty, and expiring
16 [March thirty-first, two thousand twenty-two] on the date the commis-
17 sioner publishes on its website a request for proposals in accordance
18 with subparagraph (iv) of paragraph (a) of the subdivision, the commis-
19 sioner shall place a moratorium on the processing and approval of appli-
20 cations seeking a certificate of authority as a managed long term care
21 plan pursuant to this section, including applications seeking authori-
22 zation to expand an existing managed long term care plan's approved
23 service area or scope of eligible enrollee populations. Such moratorium
24 shall not apply to:

25 (A) applications submitted to the department prior to January first,
26 two thousand twenty;

27 (B) applications seeking approval to transfer ownership or control of
28 an existing managed long term care plan;

29 (C) applications demonstrating to the commissioner's satisfaction that
30 submission of the application for consideration would be appropriate to
31 address a serious concern with care delivery, such as a lack of adequate
32 access to managed long term care plans in a geographic area or a lack of
33 adequate and appropriate care, language and cultural competence, or
34 special needs services; and

35 (D) applications seeking to operate under the PACE (Program of All-In-
36 clusive Care for the Elderly) model as authorized by federal public law
37 105-33, subtitle I of title IV of the Balanced Budget Act of 1997, or to
38 serve individuals dually eligible for services and benefits under titles
39 XVIII and XIX of the federal social security act in conjunction with an
40 affiliated Medicare Dual Eligible Special Needs Plan, based on the need
41 for such plans and the experience of applicants in serving dually eligi-
42 ble individuals as determined by the commissioner in their discretion.

43 (ii) For the duration of the moratorium, the commissioner shall assess
44 the public need for managed long term care plans that are not integrated
45 with an affiliated Medicare plan, the ability of such plans to provide
46 high quality and cost effective care for their membership, and based on
47 such assessment develop a process and conduct an orderly wind-down and
48 elimination of such plans, which shall coincide with the expiration of
49 the moratorium unless the commissioner determines that a longer wind-
50 down period is needed.

51 (e) [For the duration of the moratorium under paragraph (d) of this
52 subdivision] From April first, two thousand twenty, until March thirty-
53 first, two thousand twenty-two, the commissioner shall establish, and
54 enforce by means of a premium withholding equal to three percent of the
55 base rate, an annual cap on total enrollment (enrollment cap) for each
56 managed long term care plan, subject to subparagraphs (ii) and (iii) of

1 this paragraph, based on a percentage of each plan's reported enrollment
2 as of October first, two thousand twenty.

3 (i) The specific percentage of each plan's enrollment cap shall be
4 established by the commissioner based on: (A) the ability of individuals
5 eligible for such plans to access health and long term care services,
6 (B) plan quality of care scores, (C) historical plan disenrollment, (D)
7 the projected growth of individuals eligible for such plans in different
8 regions of the state, (E) historical plan enrollment of patients with
9 varying levels of need and acuity, and (F) other factors in the commis-
10 sioner's discretion to ensure compliance with federal requirements,
11 appropriate access to plan services, and choice by eligible individuals.

12 (ii) In the event that a plan exceeds its annual enrollment cap, the
13 commissioner is authorized under this paragraph to retain all or a
14 portion of the premium withheld based on the amount over which a plan
15 exceeds its enrollment cap. Penalties assessed pursuant to this subdivi-
16 sion shall be determined by regulation.

17 (iii) The commissioner may not establish an annual cap on total
18 enrollment under this paragraph for plans' lines of business operating
19 under the PACE (Program of All-Inclusive Care for the Elderly) model as
20 authorized by federal public law 105-33, subtitle I of title IV of the
21 Balanced Budget Act of 1997, or that serve individuals dually eligible
22 for services and benefits under titles XVIII and XIX of the federal
23 social security act in conjunction with an affiliated Medicare Dual
24 Eligible Special Needs Plan.

25 [(f) In implementing the provisions of paragraphs (d) and (e) of this
26 subdivision, the commissioner shall, to the extent practicable, consider
27 and select methodologies that seek to maximize continuity of care and
28 minimize disruption to the provider labor workforce, and shall, to the
29 extent practicable and consistent with the ratios set forth herein,
30 continue to support contracts between managed long term care plans and
31 licensed home care services agencies that are based on a commitment to
32 quality and value.]

33 § 7. Subparagraphs (v) and (vi) of paragraph (b) of subdivision 1 of
34 section 268-d of the public health law, as added by section 2 of part T
35 of chapter 57 of the laws of 2019, are amended to read as follows:

41 that is willing to agree to provide cancer-related inpatient, outpatient
42 and medical services to enrollees in all health plans offering coverage
43 through the Marketplace in such cancer center's service area under the
44 prevailing terms and conditions that the plan requires of other similar
45 providers to be included in the plan's provider network, provided that
46 such terms shall include reimbursement of such center at no less than
47 the fee-for-service medicaid payment rate and methodology applicable to
48 the center's inpatient and outpatient services; and

49 (vii) complies with the insurance law and this chapter requirements
50 applicable to health insurance issued in this state and any regulations
51 promulgated pursuant thereto that do not conflict with or prevent the
52 application of federal requirements; and

53 § 8. Subdivision 4 of section 364-j of the social services law is
54 amended by adding a new paragraph (w) to read as follows:

55 (w) A managed care provider shall provide or arrange, directly or
56 indirectly, including by referral, for access to and coverage of

1 services provided by any national cancer institute-designated cancer
2 center licensed by the department of health within the managed care
3 provider's service area that is willing to agree to provide cancer-re-
4 lated inpatient, outpatient and medical services to participants in all
5 managed care providers offering coverage to medical assistance recipi-
6 ents in such cancer center's service area under the prevailing terms and
7 conditions that the managed care provider requires of other similar
8 providers to be included in the managed care provider's network,
9 provided that such terms shall include reimbursement of such center at
10 no less than the fee-for-service medicaid payment rate and methodology
11 applicable to the center's inpatient and outpatient services.

12 § 9. Paragraph (c) of subdivision 1 of section 369-gg of the social
13 services law, as amended by section 2 of part H of chapter 57 of the
14 laws of 2021, is amended to read as follows:

15 (c) "Health care services" means (i) the services and supplies as
16 defined by the commissioner in consultation with the superintendent of
17 financial services, and shall be consistent with and subject to the

19 with the provisions of the patient protection and affordable care act
20 (P.L. 111-148) and consistent with the benefits provided by the refer-
21 ence plan selected by the commissioner for the purposes of defining such
22 benefits, and shall include coverage of and access to the services of
23 any national cancer institute-designated cancer center licensed by the
24 department of health within the service area of the approved organiza-

28 terms and conditions that the approved organization requires of other
29 similar providers to be included in the approved organization's network,
30 provided that such terms shall include reimbursement of such center at
31 no less than the fee-for-service medicaid payment rate and methodology
32 applicable to basic health program plan payments for inpatient and
33 outpatient services; and (ii) dental and vision services as defined by
34 the commissioner;

35 § 10. Severability. If any clause, sentence, paragraph, section or
36 part of this act shall be adjudged by any court of competent jurisdic-
37 tion to be invalid and after exhaustion of all further judicial review,
38 the judgment shall not affect, impair or invalidate the remainder there-
39 of, but shall be confined in its operation to the clause, sentence,
40 paragraph, section or part of this act directly involved in the contro-
41 versy in which the judgment shall have been rendered.

42 § 11. Sections one, two, three, four, five, six and ten of this act

28 § 40. The superintendent of financial services shall establish rates
29 for policies providing coverage for physicians and surgeons medical
30 malpractice for the periods commencing July 1, 1985 and ending June 30,
31 [2022] 2023; provided, however, that notwithstanding any other provision
32 of law, the superintendent shall not establish or approve any increase
33 in rates for the period commencing July 1, 2009 and ending June 30,
34 2010. The superintendent shall direct insurers to establish segregated
35 accounts for premiums, payments, reserves and investment income attrib-
36 utable to such premium periods and shall require periodic reports by the
37 insurers regarding claims and expenses attributable to such periods to
38 monitor whether such accounts will be sufficient to meet incurred claims
39 and expenses. On or after July 1, 1989, the superintendent shall impose
40 a surcharge on premiums to satisfy a projected deficiency that is
41 attributable to the premium levels established pursuant to this section
42 for such periods; provided, however, that such annual surcharge shall
43 not exceed eight percent of the established rate until July 1, [2022]
44 2023, at which time and thereafter such surcharge shall not exceed twen-
45 ty-five percent of the approved adequate rate, and that such annual
46 surcharges shall continue for such period of time as shall be sufficient
47 to satisfy such deficiency. The superintendent shall not impose such
48 surcharge during the period commencing July 1, 2009 and ending June 30,
49 2010. On and after July 1, 1989, the surcharge prescribed by this
50 section shall be retained by insurers to the extent that they insured
51 physicians and surgeons during the July 1, 1985 through June 30, [2022]
52 2023 policy periods; in the event and to the extent physicians and
53 surgeons were insured by another insurer during such periods, all or a
54 pro rata share of the surcharge, as the case may be, shall be remitted
55 to such other insurer in accordance with rules and regulations to be
56 promulgated by the superintendent. Surcharges collected from physicians

1 and surgeons who were not insured during such policy periods shall be
2 apportioned among all insurers in proportion to the premium written by
3 each insurer during such policy periods; if a physician or surgeon was
4 insured by an insurer subject to rates established by the superintendent
5 during such policy periods, and at any time thereafter a hospital,
6 health maintenance organization, employer or institution is responsible
7 for responding in damages for liability arising out of such physician's
8 or surgeon's practice of medicine, such responsible entity shall also
9 remit to such prior insurer the equivalent amount that would then be
10 collected as a surcharge if the physician or surgeon had continued to
11 remain insured by such prior insurer. In the event any insurer that
12 provided coverage during such policy periods is in liquidation, the
13 property/casualty insurance security fund shall receive the portion of
14 surcharges to which the insurer in liquidation would have been entitled.
15 The surcharges authorized herein shall be deemed to be income earned for
16 the purposes of section 2303 of the insurance law. The superintendent,
17 in establishing adequate rates and in determining any projected defi-
18 ciency pursuant to the requirements of this section and the insurance
19 law, shall give substantial weight, determined in his discretion and
20 judgment, to the prospective anticipated effect of any regulations
21 promulgated and laws enacted and the public benefit of stabilizing
22 malpractice rates and minimizing rate level fluctuation during the peri-

24 experience as to the efficacy of such laws and regulations affecting
25 medical, dental or podiatric malpractice enacted or promulgated in 1985,
26 1986, by this act and at any other time. Notwithstanding any provision
27 of the insurance law, rates already established and to be established by
28 the superintendent pursuant to this section are deemed adequate if such
29 rates would be adequate when taken together with the maximum authorized
30 annual surcharges to be imposed for a reasonable period of time whether
31 or not any such annual surcharge has been actually imposed as of the
32 establishment of such rates.

33 § 6. Section 5 and subdivisions (a) and (e) of section 6 of part J of

46 § 20. Notwithstanding any law, rule or regulation to the contrary,
47 only physicians or dentists who were eligible, and for whom the super-

4 the general hospitals may certify additional eligible physicians or

SUBPART A

31 Section 1. Section 601 of the financial services law, as added by
32 section 26 of part H of chapter 60 of the laws of 2014, is amended to
33 read as follows:

34 § 601. Dispute resolution process established. The superintendent
35 shall establish a dispute resolution process by which a dispute for a
36 bill for emergency services or a surprise bill may be resolved. The
37 superintendent shall have the power to grant and revoke certifications
38 of independent dispute resolution entities to conduct the dispute resol-
39 ution process. The superintendent shall promulgate regulations estab-
40 lishing standards for the dispute resolution process, including a proc-
41 ess for certifying and selecting independent dispute resolution
42 entities. An independent dispute resolution entity shall use licensed
43 physicians in active practice in the same or similar specialty as the
44 physician providing the service that is subject to the dispute resol-
45 ution process of this article for disputes that involve physician
46 services. To the extent practicable, the physician shall be licensed in
47 this state. Disputes shall be submitted to an independent dispute
48 resolution entity within three years of the date the health care plan
49 made the original payment on the claim that is the subject of the
50 dispute.

51 § 2. Subsection (b) of section 602 of the financial services law is
52 REPEALED.

1 § 3. Subsection (h) of section 603 of the financial services law, as
2 added by section 26 of part H of chapter 60 of the laws of 2014, is
3 amended to read as follows:

4 (h) "Surprise bill" means a bill for health care services, other than
5 emergency services, [received by] with respect to:

6 (1) an insured for services rendered by a non-participating [physi-
7 cian] provider at a participating hospital or ambulatory surgical
8 center, where a participating [physician] provider is unavailable or a
9 non-participating [physician] provider renders services without the
10 insured's knowledge, or unforeseen medical services arise at the time
11 the health care services are rendered; provided, however, that a
12 surprise bill shall not mean a bill received for health care services
13 when a participating [physician] provider is available and the insured
14 has elected to obtain services from a non-participating [physician]
15 provider;

16 (2) an insured for services rendered by a non-participating provider,
17 where the services were referred by a participating physician to a non-
18 participating provider without explicit written consent of the insured
19 acknowledging that the participating physician is referring the insured
20 to a non-participating provider and that the referral may result in
21 costs not covered by the health care plan; or

22 (3) a patient who is not an insured for services rendered by a physi-
23 cian at a hospital or ambulatory surgical center, where the patient has
24 not timely received all of the disclosures required pursuant to section
25 twenty-four of the public health law.

26 § 4. Section 604 of the financial services law, as amended by chapter
27 377 of the laws of 2019, is amended to read as follows:

28 § 604. Criteria for determining a reasonable fee. In determining the
29 appropriate amount to pay for a health care service, an independent
30 dispute resolution entity shall consider all relevant factors, includ-
31 ing:

32 (a) whether there is a gross disparity between the fee charged by the
33 [physician or hospital] provider for services rendered as compared to:

34 (1) fees paid to the involved [physician or hospital] provider for the
35 same services rendered by the [physician or hospital] provider to other
36 patients in health care plans in which the [physician or hospital]
37 provider is not participating, and

38 (2) in the case of a dispute involving a health care plan, fees paid
39 by the health care plan to reimburse similarly qualified [physicians or
40 hospitals] providers for the same services in the same region who are
41 not participating with the health care plan;

42 (b) the level of training, education and experience of the [physician]
43 health care professional, and in the case of a hospital, the teaching
44 staff, scope of services and case mix;

45 (c) the [physician's and hospital's] provider's usual charge for
46 comparable services with regard to patients in health care plans in
47 which the [physician or hospital] provider is not participating;

48 (d) the circumstances and complexity of the particular case, including
49 time and place of the service;

50 (e) individual patient characteristics; [and, with regard to physician
51 services,]

52 (f) the median of the rate recognized by the health care plan to reim-
53 burse similarly qualified providers for the same or similar services in
54 the same region that are participating with the health care plan; and

55 (g) with regard to physician services, the usual and customary cost of
56 the service.

1 § 5. Subsections (a) and (c) of section 605 of the financial services
2 law, as amended by chapter 377 of the laws of 2019, paragraphs 1 and 2
3 of subsection (a) as amended by section 1 of part YY of chapter 56 of
4 the laws of 2020, are amended to read as follows:

5 (a) Emergency services for an insured. (1) When a health care plan
6 receives a bill for emergency services from a non-participating [physi-
7 cian or hospital] provider, including a bill for inpatient services
8 which follow an emergency room visit, the health care plan shall pay an
9 amount that it determines is reasonable for the emergency services,
10 including inpatient services which follow an emergency room visit,
11 rendered by the non-participating [physician or hospital] provider, in
12 accordance with section three thousand two hundred twenty-four-a of the
13 insurance law, except for the insured's co-payment, coinsurance or
14 deductible, if any, and shall ensure that the insured shall incur no
15 greater out-of-pocket costs for the emergency services, including inpa-
16 tient services which follow an emergency room visit, than the insured
17 would have incurred with a participating [physician or hospital] provid-
18 er. [If an insured assigns benefits to a non-participating physician or
19 hospital in relation to emergency services, including inpatient services
20 which follow an emergency room visit, provided by such non-participating
21 physician or hospital, the] The non-participating [physician or hospi-
22 tal] provider may bill the health care plan for the services rendered.
23 Upon receipt of the bill, the health care plan shall pay the non-parti-
24 cipating [physician or hospital] provider the amount prescribed by this
25 section and any subsequent amount determined to be owed to the [physi-
26 cian or hospital] provider in relation to the emergency services
27 provided, including inpatient services which follow an emergency room
28 visit.

29 (2) A non-participating [physician or hospital] provider or a health
30 care plan may submit a dispute regarding a fee or payment for emergency
31 services, including inpatient services which follow an emergency room
32 visit, for review to an independent dispute resolution entity.

33 (3) The independent dispute resolution entity shall make a determi-
34 nation within thirty business days of receipt of the dispute for review.

35 (4) In determining a reasonable fee for the services rendered, an
36 independent dispute resolution entity shall select either the health
37 care plan's payment or the non-participating [physician's or hospital's]
38 provider's fee. The independent dispute resolution entity shall deter-
39 mine which amount to select based upon the conditions and factors set
40 forth in section six hundred four of this article. If an independent
41 dispute resolution entity determines, based on the health care plan's
42 payment and the non-participating [physician's or hospital's] provider's
43 fee, that a settlement between the health care plan and non-participat-
44 ing [physician or hospital] provider is reasonably likely, or that both
45 the health care plan's payment and the non-participating [physician's or
46 hospital's] provider's fee represent unreasonable extremes, then the
47 independent dispute resolution entity may direct both parties to attempt
48 a good faith negotiation for settlement. The health care plan and non-
49 participating [physician or hospital] provider may be granted up to ten
50 business days for this negotiation, which shall run concurrently with
51 the thirty business day period for dispute resolution.

52 (c) The determination of an independent dispute resolution entity
53 shall be binding on the health care plan, [physician or hospital]
54 provider and patient, and shall be admissible in any court proceeding
55 between the health care plan, [physician or hospital] provider or

1 patient, or in any administrative proceeding between this state and the
2 [physician or hospital] provider.

3 § 6. Subsection (d) of section 605 of the financial services law is
4 REPEALED and subsection (e) of section 605 of the financial services law
5 is relettered subsection (d).

6 § 7. Section 606 of the financial services law, as amended by section
7 3 of part YY of chapter 56 of the laws of 2020, is amended to read as
8 follows:

9 § 606. Hold harmless [and assignment of benefits] for insureds from
10 bills for emergency services and surprise bills. (a) [When an insured
11 assigns benefits for a surprise bill in writing to a non-participating
12 physician that knows the insured is insured under a health care plan,
13 the] A non-participating [physician] provider shall not bill [the] an
14 insured for a surprise bill except for any applicable copayment, coinsu-
15 rance or deductible that would be owed if the insured utilized a partic-
16 ipating [physician] provider.

17 (b) [When an insured assigns benefits for emergency services, includ-
18 ing inpatient services which follow an emergency room visit, to a non-
19 participating physician or hospital that knows the insured is insured
20 under a health care plan, the] A non-participating [physician or hospi-
21 tal] provider shall not bill [the] an insured for emergency services,
22 including inpatient services which follow an emergency room visit,
23 except for any applicable copayment, coinsurance or deductible that
24 would be owed if the insured utilized a participating [physician or
25 hospital] provider.

26 § 8. Subsections (a), (b) and (c) of section 607 of the financial
27 services law, as added by section 26 of part H of chapter 60 of the laws
28 of 2014, are amended to read as follows:

29 (a) Surprise bill [received by] involving an insured [who assigns
30 benefits]. (1) [If] For a surprise bill involving an insured [assigns
31 benefits to a non-participating physician], the health care plan shall
32 pay the non-participating [physician] provider in accordance with para-
33 graphs two and three of this subsection.

34 (2) The non-participating [physician] provider may bill the health
35 care plan for the health care services rendered, and the health care
36 plan shall pay the non-participating [physician] provider the billed
37 amount or attempt to negotiate reimbursement with the non-participating
38 [physician] provider.

39 (3) If the health care plan's attempts to negotiate reimbursement for
40 health care services provided by a non-participating [physician] provid-
41 er does not result in a resolution of the payment dispute between the
42 non-participating [physician] provider and the health care plan, the
43 health care plan shall pay the non-participating [physician] provider an
44 amount the health care plan determines is reasonable for the health care
45 services rendered, except for the insured's copayment, coinsurance or
46 deductible, in accordance with section three thousand two hundred twen-
47 ty-four-a of the insurance law, and shall ensure that the insured shall
48 incur no greater out-of-pocket costs for the surprise bill than the
49 insured would have incurred with a participating provider.

50 (4) Either the health care plan or the non-participating [physician]
51 provider may submit the dispute regarding the surprise bill for review
52 to an independent dispute resolution entity, provided however, the
53 health care plan may not submit the dispute unless it has complied with
54 the requirements of paragraphs one, two and three of this subsection.

55 (5) The independent dispute resolution entity shall make a determi-
56 nation within thirty business days of receipt of the dispute for review.

1 (6) When determining a reasonable fee for the services rendered, the
2 independent dispute resolution entity shall select either the health
3 care plan's payment or the non-participating [physician's] provider's
4 fee. An independent dispute resolution entity shall determine which
5 amount to select based upon the conditions and factors set forth in
6 section six hundred four of this article. If an independent dispute
7 resolution entity determines, based on the health care plan's payment
8 and the non-participating [physician's] provider's fee, that a settle-
9 ment between the health care plan and non-participating [physician]
10 provider is reasonably likely, or that both the health care plan's
11 payment and the non-participating [physician's] provider's fee represent
12 unreasonable extremes, then the independent dispute resolution entity
13 may direct both parties to attempt a good faith negotiation for settle-
14 ment. The health care plan and non-participating [physician] provider
15 may be granted up to ten business days for this negotiation, which shall
16 run concurrently with the thirty business day period for dispute resol-
17 ution.

18 (b) Surprise bill received by [an insured who does not assign benefits
19 or by] a patient who is not an insured.

20 (1) [An insured who does not assign benefits in accordance with
21 subsection (a) of this section or a] A patient who is not an insured and
22 who receives a surprise bill may submit a dispute regarding the surprise
23 bill for review to an independent dispute resolution entity.

24 (2) The independent dispute resolution entity shall determine a
25 reasonable fee for the services rendered based upon the conditions and
26 factors set forth in section six hundred four of this article.

27 (3) A patient [or insured who does not assign benefits in accordance
28 with subsection (a) of this section] shall not be required to pay the
29 physician's fee to be eligible to submit the dispute for review to the
30 independent dispute resolution entity.

31 (c) The determination of an independent dispute resolution entity
32 shall be binding on the patient, [physician] provider and health care
33 plan, and shall be admissible in any court proceeding between the
34 patient or insured, [physician] provider or health care plan, or in any
35 administrative proceeding between this state and the [physician] provid-
36 er.

37 § 9. Subsection (a) of section 608 of the financial services law, as
38 amended by chapter 375 of the laws of 2019, is amended to read as
39 follows:

40 (a) For disputes involving an insured, when the independent dispute
41 resolution entity determines the health care plan's payment is reason-
42 able, payment for the dispute resolution process shall be the responsi-
43 bility of the non-participating [physician or hospital] provider. When
44 the independent dispute resolution entity determines the non-participat-
45 ing [physician's or hospital's] provider's fee is reasonable, payment
46 for the dispute resolution process shall be the responsibility of the
47 health care plan. When a good faith negotiation directed by the inde-
48 pendent dispute resolution entity pursuant to paragraph four of
49 subsection (a) of section six hundred five of this article, or paragraph
50 six of subsection (a) of section six hundred seven of this article
51 results in a settlement between the health care plan and non-participat-
52 ing [physician or hospital] provider, the health care plan and the non-
53 participating [physician or hospital] provider shall evenly divide and
54 share the prorated cost for dispute resolution.

1 § 10. Subparagraph (A) of paragraph 1 of subsection (b) of section
2 4910 of the insurance law, as amended by chapter 219 of the laws of
3 2011, is amended to read as follows:

4 (A) the insured has had coverage of the health care service, which
5 would otherwise be a covered benefit under a subscriber contract or
6 governmental health benefit program, denied on appeal, in whole or in
7 part, pursuant to title one of this article on the grounds that such
8 health care service does not meet the health care plan's requirements
9 for medical necessity, appropriateness, health care setting, level of
10 care, [or] effectiveness of a covered benefit, or other ground consist-
11 ent with 42 U.S.C. § 300gg-19 as determined by the superintendent, and

12 § 11. Subparagraph (i) of paragraph (a) of subdivision 2 of section
13 4910 of the public health law, as amended by chapter 219 of the laws of
14 2011, is amended to read as follows:

15 (i) the enrollee has had coverage of a health care service, which
16 would otherwise be a covered benefit under a subscriber contract or
17 governmental health benefit program, denied on appeal, in whole or in
18 part, pursuant to title one of this article on the grounds that such
19 health care service does not meet the health care plan's requirements
20 for medical necessity, appropriateness, health care setting, level of
21 care, [or] effectiveness of a covered benefit, or other ground consist-
22 ent with 42 U.S.C. § 300gg-19 as determined by the commissioner in
23 consultation with the superintendent of financial services, and

24 § 12. This act shall take effect immediately.

26 Section 1. Paragraph 1 of subsection (c) of section 109 of the insur-
27 ance law, as amended by section 55 of part A of chapter 62 of the laws
28 of 2011, is amended to read as follows:

29 (1) If the superintendent finds after notice and hearing that any
30 authorized insurer, representative of the insurer, licensed insurance
31 agent, licensed insurance broker, licensed adjuster, or any other person
32 or entity licensed, certified, registered, or authorized pursuant to
33 this chapter, has [wilfully] willfully violated the provisions of this
34 chapter or any regulation promulgated thereunder or with respect to
35 accident and health insurance, any provision of federal law or regu-
36 lation, then the superintendent may order the person or entity to pay to
37 the people of this state a penalty in a sum not exceeding one thousand
38 dollars for each offense.

39 § 2. Paragraph 17 of subsection (a) of section 3217-a of the insur-
40 ance law, as amended by section 9 of subpart A of part BB of chapter 57
41 of the laws of 2019, is amended to read as follows:

40 as added by section 11 of part C of chapter 60 of the laws of 2014, is
41 amended to read as follows:

42 5. Pursuant to appropriations within the offices of mental health or
43 addiction services and supports, the department of health shall reinvest
44 [funds allocated for behavioral health services, which are general fund
45 savings directly related to] savings realized through the transition of
46 populations covered by this section from the applicable Medicaid fee-
47 for-service system to a managed care model, including savings [resulting
48 from the reduction of inpatient and outpatient behavioral health
49 services provided under the Medicaid programs licensed or certified
50 pursuant to article thirty-one or thirty-two of the mental hygiene law,
51 or programs that are licensed pursuant to both article thirty-one of the
52 mental hygiene law and article twenty-eight of the public health law, or
53 certified under both article thirty-two of the mental hygiene law and
54 article twenty-eight of the public health law] realized through the

1 recovery of premiums from managed care providers which represent a
2 reduction of spending on qualifying behavioral health services against
3 established premium targets for behavioral health services and the
4 medical loss ratio applicable to special needs managed care plans, for
5 the purpose of increasing investment in community based behavioral
6 health services, including residential services certified by the office
7 of [alcoholism and substance abuse] addiction services and supports.
8 The methodologies used to calculate the savings shall be developed by
9 the commissioner of health and the director of the budget in consulta-
10 tion with the commissioners of the office of mental health and the
11 office of [alcoholism and substance abuse] addiction services and
12 supports. In no event shall the full annual value of the [community
13 based behavioral health service] reinvestment [savings attributable to
14 the transition to managed care] pursuant to this subdivision exceed the
15 [twelve month value of the department of health general fund reductions
16 resulting from such transition] value of the premiums recovered from
17 managed care providers which represent a reduction of spending on quali-
18 fying behavioral health services. Within any fiscal year where appropri-
19 ation increases are recommended for reinvestment, insofar as managed
20 care transition savings do not occur as estimated, [and general fund
21 savings do not result,] then spending for such reinvestment may be
22 reduced in the next year's annual budget itemization. [The commissioner
23 of health shall promulgate regulations, and prior to October first, two
24 thousand fifteen, may promulgate emergency regulations as required to
25 distribute funds pursuant to this subdivision; provided, however, that
26 any emergency regulations promulgated pursuant to this section shall
27 expire no later than December thirty-first, two thousand fifteen.] The
28 commissioner shall include [detailed descriptions of the methodology
29 used to calculate savings] information regarding the funds available for
30 reinvestment[, the results of applying such methodologies, the details
31 regarding implementation of such reinvestment] pursuant to this
32 section[, and any regulations promulgated under this subdivision,] in
33 the annual report required under section forty-five-c of part A of chap-
34 ter fifty-six of the laws of two thousand thirteen.

35 § 2. This act shall take effect immediately.

4 subject to the approval of the director of the budget, to transfer to
5 the commissioner of health state funds to be utilized as the state share
6 for the purpose of increasing payments under the medicaid program to
7 managed care organizations licensed under article 44 of the public
8 health law or under article 43 of the insurance law. Such managed care
9 organizations shall utilize such funds for the purpose of reimbursing
10 providers licensed pursuant to article 28 of the public health law or
11 article 36, 31 or 32 of the mental hygiene law for ambulatory behavioral
12 health services, as determined by the commissioner of health, in consul-

14 addiction services and supports and the commissioner of the office of
15 mental health, provided to medicaid enrolled outpatients and for all
16 other behavioral health services except inpatient included in New York
17 state's Medicaid redesign waiver approved by the centers for medicare
18 and Medicaid services (CMS). Such reimbursement shall be in the form of
19 fees for such services which are equivalent to the payments established
20 for such services under the ambulatory patient group (APG) rate-setting
21 methodology as utilized by the department of health, the office of
22 [alcoholism and substance abuse] addiction services and supports, or the
23 office of mental health for rate-setting purposes or any such other fees
24 pursuant to the Medicaid state plan or otherwise approved by CMS in the
25 Medicaid redesign waiver; provided, however, that the increase to such
26 fees that shall result from the provisions of this section shall not, in
27 the aggregate and as determined by the commissioner of health, in
28 consultation with the commissioner of [alcoholism and substance abuse]
29 addiction services and supports and the commissioner of the office of
30 mental health, be greater than the increased funds made available pursu-

32 fees to providers available under this section shall be for all rate
33 periods on and after the effective date of section [1] 18 of part [P] E
34 of chapter 57 of the laws of [2017] 2019 through March 31, [2023] 2027
35 for patients in the city of New York, for all rate periods on and after
36 the effective date of section [1] 18 of part [P] E of chapter 57 of the
37 laws of [2017] 2019 through March 31, [2023] 2027 for patients outside

41 commissioner of health, in consultation with the commissioner of [alco-
42 holism and substance abuse] addiction services and supports and the
43 commissioner of mental health, may require, as a condition of approval
44 of such ambulatory behavioral health fees, that aggregate managed care
45 expenditures to eligible providers meet the alternative payment method-
46 ology requirements as set forth in attachment I of the New York state
47 medicaid section one thousand one hundred fifteen medicaid redesign team
48 waiver as approved by the centers for medicare and medicaid services.
49 The commissioner of health shall, in consultation with the commissioner
50 of [alcoholism and substance abuse] addiction services and supports and
51 the commissioner of mental health, waive such conditions if a sufficient
52 number of providers, as determined by the commissioner, suffer a finan-
53 cial hardship as a consequence of such alternative payment methodology
54 requirements, or if he or she shall determine that such alternative
55 payment methodologies significantly threaten individuals access to ambu-
56 latory behavioral health services. Such waiver may be applied on a

1 provider specific or industry wide basis. Further, such conditions may
2 be waived, as the commissioner determines necessary, to comply with
3 federal rules or regulations governing these payment methodologies.
4 Nothing in this section shall prohibit managed care organizations and
5 providers from negotiating different rates and methods of payment during
6 such periods described above, subject to the approval of the department
7 of health. The department of health shall consult with the office of
8 [alcoholism and substance abuse] addiction services and supports and the
9 office of mental health in determining whether such alternative rates
10 shall be approved. The commissioner of health may, in consultation with
11 the commissioner of [alcoholism and substance abuse] addiction services
12 and supports and the commissioner of the office of mental health,
13 promulgate regulations, including emergency regulations promulgated

21 licensed pursuant to article 28 of the public health law or article 36,
22 31 or 32 of the mental hygiene law, for ambulatory behavioral health
23 services provided to patients enrolled in the child health insurance
24 program pursuant to title 1-A of article 25 of the public health law,
25 shall be in the form of fees for such services which are equivalent to
26 the payments established for such services under the ambulatory patient
27 group (APG) rate-setting methodology or any such other fees established
28 pursuant to the Medicaid state plan. The commissioner of health shall
29 consult with the commissioner of [alcoholism and substance abuse]
30 addiction services and supports and the commissioner of the office of
31 mental health in determining such services and establishing such fees.
32 Such ambulatory behavioral health fees to providers available under this
33 section shall be for all rate periods on and after the effective date of
34 this chapter through March 31, [2023] 2027, provided, however, that
35 managed care organizations and providers may negotiate different rates
36 and methods of payment during such periods described above, subject to
37 the approval of the department of health. The department of health
38 shall consult with the office of [alcoholism and substance abuse]
39 addiction services and supports and the office of mental health in
40 determining whether such alternative rates shall be approved. The
41 report required under section 16-a of part C of chapter 60 of the laws
42 of 2014 shall also include the population of patients enrolled in the
43 child health insurance program pursuant to title 1-A of article 25 of
44 the public health law in its examination on the transition of behavioral
45 health services into managed care.

47 to increasing Medicaid payments to providers through managed care organ-
48 izations and providing equivalent fees through an ambulatory patient
49 group methodology, as amended by section 19 of part E of chapter 57 of
50 the laws of 2019, is amended to read as follows:

51 Section 1. a. Notwithstanding any contrary provision of law, the
52 commissioners of mental health and [alcoholism and substance abuse]
53 addiction services and supports are authorized, subject to the approval
54 of the director of the budget, to transfer to the commissioner of health
55 state funds to be utilized as the state share for the purpose of
56 increasing payments under the medicaid program to managed care organiza-

1 tions licensed under article 44 of the public health law or under arti-
2 cle 43 of the insurance law. Such managed care organizations shall
3 utilize such funds for the purpose of reimbursing providers licensed
4 pursuant to article 28 of the public health law, or pursuant to article
5 36, 31 or article 32 of the mental hygiene law for ambulatory behavioral
6 health services, as determined by the commissioner of health in consul-
7 tation with the commissioner of mental health and commissioner of [alco-
8 holism and substance abuse] addiction services and supports, provided to
9 medicaid enrolled outpatients and for all other behavioral health
10 services except inpatient included in New York state's Medicaid redesign
11 waiver approved by the centers for medicare and Medicaid services (CMS).
12 Such reimbursement shall be in the form of fees for such services which
13 are equivalent to the payments established for such services under the
14 ambulatory patient group (APG) rate-setting methodology as utilized by
15 the department of health or by the office of mental health or office of
16 [alcoholism and substance abuse] addiction services and supports for
17 rate-setting purposes or any such other fees pursuant to the Medicaid
18 state plan or otherwise approved by CMS in the Medicaid redesign waiver;
19 provided, however, that the increase to such fees that shall result from
20 the provisions of this section shall not, in the aggregate and as deter-
21 mined by the commissioner of health in consultation with the commission-
22 ers of mental health and [alcoholism and substance abuse] addiction
23 services and supports, be greater than the increased funds made avail-
24 able pursuant to this section. The increase of such behavioral health
25 fees to providers available under this section shall be for all rate
26 periods on and after the effective date of section [2] 19 of part [P] E
27 of chapter 57 of the laws of [2017] 2019 through March 31, [2023] 2027
28 for patients in the city of New York, for all rate periods on and after
29 the effective date of section [2] 19 of part [P] E of chapter 57 of the
30 laws of [2017] 2019 through March 31, [2023] 2027 for patients outside
31 the city of New York, and for all rate periods on and after the effec-
32 tive date of section [2] 19 of part [P] E of chapter 57 of the laws of
33 [2017] 2019 through March 31, [2023] 2027 for all services provided to
34 persons under the age of twenty-one; provided, however, the commissioner
35 of health, in consultation with the commissioner of [alcoholism and
36 substance abuse] addiction services and supports and the commissioner of
37 mental health, may require, as a condition of approval of such ambulato-
38 ry behavioral health fees, that aggregate managed care expenditures to
39 eligible providers meet the alternative payment methodology requirements
40 as set forth in attachment I of the New York state medicaid section one
41 thousand one hundred fifteen medicaid redesign team waiver as approved
42 by the centers for medicare and medicaid services. The commissioner of
43 health shall, in consultation with the commissioner of [alcoholism and
44 substance abuse] addiction services and supports and the commissioner of
45 mental health, waive such conditions if a sufficient number of provid-
46 ers, as determined by the commissioner, suffer a financial hardship as a
47 consequence of such alternative payment methodology requirements, or if
48 he or she shall determine that such alternative payment methodologies
49 significantly threaten individuals access to ambulatory behavioral
50 health services. Such waiver may be applied on a provider specific or
51 industry wide basis. Further, such conditions may be waived, as the
52 commissioner determines necessary, to comply with federal rules or regu-
53 lations governing these payment methodologies. Nothing in this section
54 shall prohibit managed care organizations and providers from negotiating
55 different rates and methods of payment during such periods described,
56 subject to the approval of the department of health. The department of

1 health shall consult with the office of [alcoholism and substance abuse]
2 addiction services and supports and the office of mental health in
3 determining whether such alternative rates shall be approved. The
4 commissioner of health may, in consultation with the commissioners of
5 mental health and [alcoholism and substance abuse] addiction services

9 section. Rates promulgated under this section shall be included in the
10 report required under section 45-c of part A of chapter 56 of the laws
11 of 2013.

13 managed care organizations licensed under article 44 of the public
14 health law or under article 43 of the insurance law, to providers
15 licensed pursuant to article 28 of the public health law or article 36,

17 services provided to patients enrolled in the child health insurance
18 program pursuant to title 1-A of article 25 of the public health law,
19 shall be in the form of fees for such services which are equivalent to
20 the payments established for such services under the ambulatory patient
21 group (APG) rate-setting methodology. The commissioner of health shall
22 consult with the commissioner of [alcoholism and substance abuse]
23 addiction services and supports and the commissioner of the office of
24 mental health in determining such services and establishing such fees.
25 Such ambulatory behavioral health fees to providers available under this
26 section shall be for all rate periods on and after the effective date of

28 managed care organizations and providers may negotiate different rates
29 and methods of payment during such periods described above, subject to
30 the approval of the department of health. The department of health shall
31 consult with the office of [alcoholism and substance abuse] addiction

35 also include the population of patients enrolled in the child health
36 insurance program pursuant to title 1-A of article 25 of the public
37 health law in its examination on the transition of behavioral health
38 services into managed care.
