We're all feeling The stress of **INFLATION**

As a working father of five, I know firsthand how Long Island's higher cost of living has made it a challenge to get through the month.

OUR PROBLEM:

20% of Long Islanders are struggling financially/structurally poor

Long Island pays among the **HIGHEST PROPERTY TAXES** in the nation

The median home price on Long Island is \$600,000 (excluding the East End)

THE SOLUTION:

Give families a break from state sales tax on gas, personal care products, household supplies and prepared meals at grocery stores (A.1690).

Millions of dollars secured for the Home Energy Assistance Program (HEAP) (A.3003-D).

40%

Mandate public utility companies and municipal companies to notify customers of price increases of forty percent or more (A.2859).

Provide volunteer firefighters with school property tax exemptions (A.4970).

\$25 million in first-time homeowner assistance for low and moderate income borrowers (A.3003-D).

ED FLOOD
