

LEGISLATIVE SESSION

The state Legislature is typically in session from January to June. The state Assembly is open to the public when in session. To make reservations for a large group, please don't hesitate to contact my office. To view a livestream of Assembly proceedings, visit nyassembly.gov/av.

STANDING COMMITTEES

When a bill is introduced, it is assigned to one of over 30 standing committees. Committees meet regularly throughout the year to analyze the merits of legislation, hold hearings for public input and vote on whether a particular bill should be advanced for a vote on the Assembly floor.

Assemblywoman Rebecca Kassay is a member of committees on Economic Development, Environmental Conservation, Governmental Operations, Local Governments, and Small Business. She draws from her experience and expertise to help craft legislation on these committees that moves Long Island and New York state forward.

COMMUNITY PROGRAMMING

Throughout the year, Assemblywoman Kassay collaborates with local agencies and nonprofits to provide free programs and resources for you and your neighbors throughout the district.

MONTHLY MISSIONS

Each month, Assemblywoman Kassay invites community volunteers to confront local issues through hands-on activities, bettering our district for all who call it home.
