

NEWS From Assemblymember Charles D. Lavine

2020 A MONUMENTAL YEAR

Dear Neighbor,

As we begin the second half of the legislative session, I want to take the opportunity to update you on some of what we have been working on. For the past 15 years, I have had the honor of serving the people of the 13th Assembly District and I am excited to continue this journey into my 16th year. This year is a monumental year for many reasons and I am hopeful that many will take advantage of the early voting platforms I helped put into place last year for the very first time.

The state legislature has many important issues coming into discussion this year and we are working hard to make a difference. In addition to our work in Albany, my district office has been tackling issues of our local community. We continue to implement drives and ideas designed to help our fellow neighboring constituents and organizations.

As always, my staff and I are always happy to assist you with any questions, ideas and/or problems you may like to discuss. I encourage you to contact my district office at (516) 676-0050 with any concerns.

Sincerely,

Charles D. Lavine

Assemblymember, 13th District

Legislative Update

Ghost Guns A2492

Assemblymember Lavine has introduced legislation known as The Ghost Gun Bill which will enhance protection to the community and our children. The Ghost Gun Bill will require any guns being made by an individual without intent to sell, be assigned a serial number. The serial number would be created by the gunmaker and mandate that the number be reported to the Department of Criminal Justice Services. The serial number will allow police enforcement to trace the gun back to its owner and create accountability.

Re-Claiming History: Stolen Nazi Art A9679

Assemblymember Lavine is an avid historian and passionate about art preservation. The Stolen Art Bill is dedicated to re-claiming a piece of history for the Jewish community. There were over 600,000 pieces of art stolen during the Nazi era and about 100,000 still missing. These art pieces are crucial to so many survivors of that era and many of them are in renowned museums across the country. Museums are aware of the status of their art pieces, however, the descriptions of these stolen pieces do not acknowledge this important piece of their history. Assemblymember Lavine's Stolen Nazi Art Bill will require all these art pieces to have a placard next to the piece which acknowledges that it was stolen during the Nazi era.

Early Voting: Polling Sites A9791

Last year, Assemblymember Lavine created the pathway for early voting. This year, he is working on making sure all parts of Long Island have the opportunity to vote early. This year's early voting bill would ensure that voters in every county have adequate and equitable access to an early voting site. This bill would mandate for each city and town on Long Island to provide an early voting polling location for its voters.

2020 A MONUMENTAL YEAR

The Success of Early Voting

As Chair of the New York State Election Law Committee, voting rights is a central piece to Assemblymember Lavine's legislative agenda. Assemblymember Lavine implemented the early voting bill last year in order to make voting accessible to all. This bill was a huge success in Nassau County. On the day early voting was available, over 3,000 people went to cast their vote per day. In total, Nassau county had over 500,000 voters utilize the early voting option.

When to Vote: Early Voting

As Chair of the New York State Elections Law Committee voting rights is a major issue to Assemblymember Lavine.

The early voting dates for this year primary elections are:
June 13th to June 21st
 The early voting dates for the general elections are:
October 24th to November 1st
