To the 18th District residents & community groups we are committed to ensuring that residents have accurate information and accessible tools to respond to federal or ICE activity occurring within our district.

The Office of the New York State Attorney General's Office, led by Letitia James, is releasing a **Federal Action Reporting Form**, which is now available and ready to be used to document incidents, protect residents' rights, and ensure appropriate follow-up.

We encourage community members to remain calm, prioritize safety, and report in real-time federal enforcement activity through the official form so incidents can be properly documented and addressed.

For access to the Federal Action Reporting Form, please access the link below!
