NASSAU COUNTY NEEDS SAFE, CLEAN WATER

Long Island as we know it depends on a safe, reliable water supply. That's why Assemblyman Ed Ra is bringing the fight from our shores to the floor of the state Assembly. He's getting real results.

ASSEMBLYMAN RA:

Helped secure a five-year, \$2.5 billion state investment in clean water technology and infrastructure. (A.3004-D of 2017)

Helped pass bipartisan legislation protecting our groundwater by substantially limiting the amount of 1,4-Dioxane allowed in common household products like shampoos, body washes and detergents. (A.6295-A)

Sponsored legislation signed into law that will help public water suppliers go after polluters who've threatened our drinking water (A.5477-C).
