Dear Neighbor,

The COVID-19 crisis is unprecedented. The scope of our loss is difficult to process and impossible to make sense of. We mourn those who were taken from us, and we pray for their loved ones.

A crisis brings hardship. It also presents opportunities for people to transcend difficult circumstances and take action. That's exactly what our essential workers are doing every day. To our doctors and nurses, police officers and firefighters, EMTs and pharmacists, transportation workers and grocery clerks, and so many others, we thank you from the bottom of our hearts. I want to offer special recognition to the healthcare workers who put themselves on the line to provide the compassionate care that continues to save lives.

I know this crisis has turned our world upside down. I also know brighter days are ahead. Circumstances are changing rapidly, and things could be different in any number of ways by the time this reaches your mailbox. Just know I'm here for you, and you can always reach out to my office, especially if you don't know where else to turn.

Sincerely,

A handwritten signature in brown ink that reads "Ed Ra".
