

**Fighting for
Our Children**

NEW YORK STATE ASSEMBLYMAN
BRIAN CURRAN

FIGHTING FOR OUR CHILDREN!

LEARN MORE INSIDE!

**Important details
regarding education
in New York.**

As a father, Brian Curran knows education is essential, and that is why he is taking action to make sure all students have a chance to thrive. Brian has:

-  Voted to increase funding for public schools by 9.5% as well as an increase of 5.9% in aid to non-public schools because every child deserves a quality education. (A.3003-D)
-  Defeated the governor's proposed in-state tuition hikes for SUNY and CUNY schools to make sure more people can afford to go to college.
-  Advocated for putting vaping detectors in schools to protect the health of students. (A.2552)
-  Sponsored legislation to provide schools with up to \$50,000 to be used for after-school programs. (A.6122)
-  In order to combat drug use, Brian wrote legislation to create a peer-to-mentoring program regarding drug use in schools. (A.6181)

A recent study has shown that from 2019-2022, New York reading scores among 4th graders dropped at a rate double the national average, this is unacceptable. In the last four years, New York has gone in the wrong direction. As your Assemblyman, I'm going to fight to bring New York back as a leader on education.¹
