

Greetings--

Funding the MTA:

On Monday I joined Senator Bernie Sanders, the Mayor, and a host of my colleagues in government to advocate for improving our mass transit system. At the rally, the Mayor and Senator Bernie Sanders spoke in favor of the Millionaire’s Tax as a way to better fund the MTA and support the investments that we greatly need. Every week the city is impacted by a service change or a stalled train. We must find big funding measures to fill the MTA capital budget gap so that we can update our signals and switches, purchase new open gangway subway cars and more.

[My survey on ways to improve the MTA is still available on my Assembly website here. Please fill it out and make your voice heard if you haven’t already.](#)

Ribbon Cutting with Brooklyn SolarWorks:

I am always happy to support small businesses around my district, especially those on a mission to make our world a better place. Recently, I had the opportunity to join my friends at Brooklyn SolarWorks for a ribbon cutting for their new warehouse space in Gowanus.

Brooklyn SolarWorks specializes in installing solar panels on flat roofs in Brooklyn, which is a wonderful benefit to our environment long term. Brooklyn SolarWorks is a progressive company with a conscience. They have been a tremendous community partner over the past year and have stepped up to assist in community endeavors both large and small, most recently by donating **320 solar panels to Puerto Rico** in the wake of Hurricane Maria. Their new space is fantastic and I look forward to working with them and our entire solar community to make our state less reliant on fossil fuel energy.

Flatbush Jewish Community Coalition’s Leadership Forum:

I had the opportunity to speak in front of the Flatbush Jewish Community Coalition’s Leadership Forum over the weekend. The FJCC does tremendous working within the community and it was wonderful to see so many colleagues in government at the breakfast.
