Farewell to Jessica Spanton

As Jessica Scarcella-Spanton starts a new chapter at the MTA, I want to thank her for her service to the North Shore over the last four years as Director of Operations for Senator Diane Savino. Jessica not only showed professionalism and dedication in her role, but kindness and

respect to everyone she collaborated with making her the gold standard for constituent services. She has no doubt left an indelible impact on the North Shore and each person she has worked with in the community. I am grateful to be able to call her a friend and wish her all the best in her new role.

Updates from Albany

Governor Hochul today announced a series of universal mask requirements designed to protect New Yorkers against the highly contagious Delta variant and the recent surge in COVID-19 infections statewide.

- The requirement applies to New York State Office of Children and Family Services-licensed and -registered childcare centers, home-based group family and family childcare programs, after-school childcare programs and enrolled legally exempt group programs during operational hours.
- Implementing the mask regulation in childcare programs will provide consistency between childcare program children and school children, many of whom often share the same buildings.

New masking requirements will also apply to congregate programs and facilities licensed, registered, operated, certified or approved by the Office of Mental Health, the Office of Addiction Services and Supports, the Office for People With Developmental Disabilities, Office of Children and Family Services and the Office of Temporary and Disability Assistance.

- This includes but is not limited to certified residential and day programs, inpatient and outpatient mental health facilities, substance abuse programs, juvenile detention programs, juvenile residential facilities, congregate foster care programs, runaway and homeless youth, domestic violence and other shelter programs.
- These requirements apply to anyone medically able to tolerate wearing a mask, regardless of vaccination status.

"The new mask requirement in child care facilities brings the state into compliance with federal Centers for Disease Control and Prevention guidance issued in July that recommends universal indoor masking for anyone age two and older who has not been vaccinated against COVID-19 and is medically able to wear a mask.

We must take into consideration that most healthcare professionals and virologist have stated that children under 12 who are not eligible to be vaccinated, masks are the best way to prevent and protect against infection."

Critical Updates, New Policies, and Testing Locations to Protect You and Your Community

1. **Governor Hochul today announced the start of in-water construction of the Living Breakwaters, a \$107 million effort that will provide physical, social, and ecological resiliency for the South Shore of Staten Island.** The 2,400 linear feet of breakwaters, consisting of eight partially submerged enhanced stone and eco-concrete structures, will reduce the risks of storm waves and combat the long-term erosion of the beach along Conference House Park.
2. **Construction permit fees as high as \$1,200 to be waived for NYC homes and businesses affected by Ida.** Mayor de Blasio signed an executive order that waives permit fees related to storm-related reconstruction and improvements.
3. **Governor Hochul Announces \$6 Million for Climate Justice Fellowships Benefitting Disadvantaged Communities and Priority Populations.** The state will support 150 Climate Justice Fellowship opportunities for people across the state in order to ensure an equitable clean energy transition for all New Yorkers.
4. **Governor Hochul announced a series of changes to both attract more applications and accelerate payments within New York State's Emergency Rental Assistance Program.** Under the Governor's direction, the state will invest an additional \$1 million in marketing and outreach efforts to raise awareness about the rent relief program, the available funding, and the strong tenant eviction protections in place for those who apply. The Office of Temporary and Disability Assistance, which administers the program, will analyze application data to target areas of the state with relatively low numbers of applications.
5. **The Mayor announced the Key to NYC vaccination mandate for indoor dining, entertainment and fitness has begun, August 17th. Enforcement will begin, with a multi-agency coalition, on September 13th.** Read the Executive Order [here](#). "New York

City has one mission: defeat the delta variant and build a recovery for all of us,” said **Mayor Bill de Blasio**. “The Key to NYC sends a powerful message that vaccination will unlock our city’s potential, and we’ll stop at nothing to save lives and keep New Yorkers safe.”

6. **Eligible individuals can schedule vaccine appointments by contacting:**

FORECLOSURE PREVENTION NETWORK

Since 2007, Legal Services NYC's Foreclosure Prevention Network has assisted nearly 17,000 New York City homeowners facing foreclosure. With community-based foreclosure prevention projects in our Bronx, Brooklyn, Queens and Staten Island offices, our dedicated team of nearly 40 attorneys and advocates provide critical legal services to homeowners navigating the judicial foreclosure process and fight to help them save their homes. LSNYC Foreclosure Prevention Network partners include non-profit organizations, housing counselors, social service agencies and local government. Our advocates conduct trainings, outreach and education activities in conjunction with community and government partners.

WHAT WE DO

Legal Services NYC's Foreclosure Prevention Network attorneys represent homeowners in foreclosure as well as in state and federal court litigation challenging predatory lending, abusive mortgage servicing, scams targeting vulnerable homeowners, and fair housing and lending violations. We are the largest group of free civil legal services attorneys that help NYC homeowners by:

- Representing homeowners in court-mandated settlement conferences
- Providing legal advice and pro se assistance to homeowners through court-based clinics
- Helping clients negotiate home-saving solutions
- Advocating for fairer lending rules, and for better enforcement of laws protecting consumers from predatory practices

CLIENT SUCCESS STORY

Ms. M, a 68-year-old Black homeowner, fell one month behind on her mortgage when she had to pay for her sister's funeral expenses. For one year, her mortgage company continued to accept her payments, but then her servicing was transferred to a new company. The new mortgage company refused to accept Ms. M's payments unless she could catch up on the one missed payment. For three years, Ms. M tried to negotiate with her lender, but it refused to work with her even though she had sufficient income and was caring for her husband, who suffered from Alzheimer's disease. After being sued in foreclosure, Ms. M was able to connect with Brooklyn Legal Services, who helped her negotiate a modification with a lower interest rate and more affordable monthly payment, saving her \$300 per month on her housing expenses and allowing her family to remain in their home.

9. **The Forest Ave Comeunity Fridge is a group from Mariners Harbor looking to help out our community with Food Insecurity.**

@FORESTAVECOMEUNITYFRIDGE

WHO ARE WE?

We are a collaborative group, born and raised on the North Shore, who are passionate about addressing the health food disparity in our neighborhood of Mariners Harbor. The foundation of our initiative is "take what you need, leave what you don't" and "we keep us fed and healthy!" – in hopes of **creating a culture of unity, interdependence, community restoration and empowerment** in Mariners Harbor.

WHAT IS A COMMUNITY FRIDGE?

A Community Fridge is a fridge that provides **free and healthy food** for community members. The fridges offer access to fresh produce, healthy grains and perishable items to communities that do not have a lot of access to healthy food options.

HOW CAN MY BUSINESS HELP?

Your business can help by donating surplus food to our fridge or allowing us to purchase food at reduced costs.

WHY SHOULD MY BUSINESS/ORGANIZATION CARE ABOUT A COMMUNITY FRIDGE?

In recent political and racial events, many businesses and organizations are looking for ways to fight against racial inequity. Community fridges represent mutual aid – the idea that solidarity not charity is what communities need in order to become fairer and stronger. By donating food to our fridge, your business will be taking part in our ongoing movement for creating justice – first within our communities.
