Dear Neighbor,

Representing you in the New York State Assembly's 76th District is an honor and privilege. You can count on me to listen to your concerns, take the time to find solutions to problems in our community, and achieve results every day.

We just accomplished a major victory with the passage of Prop 1, the New York Equal Rights Amendment (ERA). The ERA, for the first time included in our New York State Constitution, will prohibit discrimination by the government based on a person's ethnicity, national origin, age, disability, and sex — including their sexual orientation, gender identity, gender expression, pregnancy, and pregnancy outcomes. It will also protect against government actions that would curtail a person's reproductive autonomy or access to reproductive health care.

As Chair of the People with Disabilities Committee, I have been touring the homes of people with intellectual and developmental disabilities and speaking with their Direct Support Professionals to understand their need for higher pay and resources from our state budget. We passed our Blue-Ribbon Commission legislation on Legislative Disabilities Awareness Day to make recommendations for meaningful reforms to the developmental disabilities service system.

I want to hear from you! Please fill out and return the form to let us know which issues are of concern to you. As always, we are just a phone call, email or visit away!

Sincerely,

Rebecca A. Seawright
