ADVOCATING FOR TRANSPARENCY IN THE ROOSEVELT ISLAND STEAM PLANT DEMOLITION

Assembly Member Rebecca A. Seawright has continued to advocate for transparency, public safety, and meaningful community engagement throughout the Roosevelt Island Steam Plant demolition process. Following requests from Assembly Member Seawright, Congressman Jerry Nadler, State Senator Liz Krueger, and Council Speaker Julie Menin, the City established a Community Advisory Group (CAG) that now meets monthly, bringing together residents, community organizations, elected officials, and city agencies to provide regular updates and address community concerns. We remain committed to ensuring residents receive timely information, strong environmental and public health protections, and ongoing opportunities for community input as the project moves forward. If you have any questions or concerns about the project, please email our office at SeawrightR@NYAssembly.gov and the demolition project public input email at ridemolition@hpd.nyc.gov.
