Dear President Winfrey and Chairman Mathew:

We are calling for the restoration of Spectrum News NY1 to the people of the Bronx. The disappointing discontinuance of this channel for Bronxites and others is a loss to those who value receiving information that the channel provides that is not provided by the traditional TV stations. Thousands of residents in New York City, including Bronx residents, have had NY1 as part of their cable TV package for many years.

Bronx residents have not only lost NY1, but also access to Spectrum Noticias New York City, a 24-hour Spanish language cable news channel, and many of the nearly one and a half million Bronxites rely on this Spanish language station.

Information is crucial to the future of our borough, and the loss of this important source of news affects the well-being of the Bronx, the borough with the highest poverty rate. This loss is simply unacceptable.

Whatever the disagreements are between Charter Communications and Altice are immaterial to us. They affect the loyal and paying customers that have helped allow your companies to prosper. We insist this vital service to your customers be restored.

Thank you for your attention to this matter.

Sincerely,

Jeffrey Dinowitz
