

Our Roads Are Falling Apart.

Potholes. Cracked pavement.
Dangerous conditions.

We pay some of the highest taxes
in the country—yet drive on
roads that look like they've been
forgotten.

Dear Neighbor,

I hear it from you all the time—and I see it for myself every day as I drive through our communities:

Our roads are in terrible shape, and repairs and improvements aren't happening fast enough.

That's why I led a bipartisan push in the State Assembly for an additional \$100 million to repair roads right here in DOT Region 8, which includes the entire 98th District¹.

And we're not stopping there – we're taking matters into our own hands now.

Report your local road conditions.

- ✓ Demand more funding for Region 8 road repair
- ✓ Put you directly in touch to report dangerous local road conditions

Our office plays a vital role in identifying and communicating the urgent need for road repairs to the Department of Transportation (DOT). While we push for action, the scheduling and implementation of maintenance are functions of the DOT.

Enough is enough.
Let's fix the roads and
hold Albany accountable.
