# GIVING OUR KIDS THE BEST CHANCE

The lessons our kids learn in school are invaluable, and the work they do is incredible. They deserve every ounce of support we can give them. That is why I've spent my time in Albany fighting for our students and giving them the tools they need to succeed.

## FOOD SECURITY IN SCHOOL

I want to ensure every child has easy access to school meals (A.1941)

I want to continue having local farmers partner with schools to deliver fresh, quality food for students (A.2321)

I want to offer our kids a wider variety of milk beverages in schools (A.3143)

## SCHOOL SAFETY MEASURES

I want to establish minimum safety and security standards for all New York schools (A.3728)

I want to establish a new School Safety Specialist Certification Program so those who guard our schools have the very best training we can provide (A.8264)

## EXPANDING EDUCATIONAL OPPORTUNITIES

I want to have earlier screenings for dyslexia, so students can find adequate support earlier in their education (A.4198)

I want to offer students a better agricultural education experience to highlight the importance of food production in New York (A.4209)

I want to expand broadband access to keep students adequately connected for additional and higher-level education (A.4686)
