

BE COUNTED.

2020 CENSUS IMPACTS US ALL

- ✓ It's extremely important for everyone to be counted to ensure New York gets its fair share of federal funds for our communities, including education, housing, health care, transportation and more
- ✓ Completing the 2020 Census will be easier than ever, and can be done online, over the phone or through the mail
- ✓ Historically, the census has undercounted young children, people of color, rural residents, immigrants, renters and low-income households at higher rates than other populations
- ✓ We need to ensure every person is counted – there's too much at stake
