Tuition-Free NY will:

Make college more affordable for families by providing free tuition for in-state students at SUNY

Give back to the community by requiring recipients to perform community service

Keep young people here and boost the economy by requiring graduates to stay and work in the state for five years following graduation

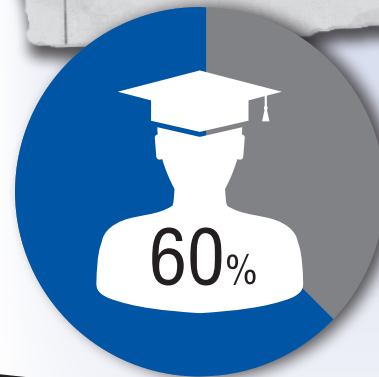

The Daily Gazette May 3, 2014

Bill targets free SUNY tuition

“We want to make college more affordable and we want to put that community aspect back in... In doing so, this would be an investment for our economic growth. This bill would also stop the drain and keep our young students here to start a family in New York and continue to help this state grow.”

— Assemblyman Santabarbara
