Assemblyman Angelo Santabarbara

433 State St., Center City
Schenectady, NY 12305

Assemblyman Angelo Santabarbara:

National Grid's Rate Hike Proposal is Unacceptable!

Dear Neighbor,

With the extremely cold and even record-breaking temperatures we have seen this year, there are growing concerns regarding National Grid's rate hike proposal, a move that will negatively impact families and businesses across Upstate New York. Residential electric and gas customers could see their monthly bill increase for the next three years!

I have strongly opposed National Grid's rate hike proposal from the start. Last year, in a letter to National Grid, I called the company's proposal "unacceptable" and urged its immediate withdrawal. In a similar letter, I urged members of the Public Service Commission to consider the impact of utility rate increases and to reject the proposal.

As your Assemblyman, I will not stand by and let National Grid's rate hikes hurt our families and businesses. You can help me by saying NO to National Grid rate hikes today! Simply complete the form below and return it to my office.

Sincerely,

Assemblyman Angelo Santabarbara
Representing Albany, Montgomery and Schenectady Counties
