Assemblyman Angelo Santabarbara

Save the Town of Mohawk from farmland annexation!

Dear Neighbor,

I write with great concern about a proposal that would allow the annexation of 260 acres of farmland from the Town of Mohawk for industrial use in the City of Johnstown.

Many entities oppose annexation of this farmland, including the farmers surrounding the project. When the original industrial park was built, water sources were damaged and an operating farm was forced to close!

As your Assemblyman, I have significant concerns about the future impact of proposals such as this that expose surrounding residents to significant health hazards, put our water resources at risk and rob communities like the Town of Mohawk of some of the richest farmland in the Eastern United States. Taking productive farmland and forest and converting it to unutilized industrial land in Montgomery County is bad decision-making!

More than 1,500 residents have already signed a petition opposing the annexation expressing significant concerns with property values and quality of life. Join them by signing my petition below and you can help to protect our natural resources and quality of life here in upstate New York.

Sincerely,

Assemblyman Angelo Santabarbara
Representing areas of Albany, Montgomery
and Schenectady Counties
