

*Mary Beth Walsh*

"During my eight years as your representative in the Assembly, I have worked tirelessly to provide funding for the betterment of our communities. I am proud to have helped provide more than half a million dollars in municipal and veteran grants, as well as nearly \$200,000 in education and library funding since I took office in 2017. These investments have had a profound impact in enhancing public services, supporting our veterans and enriching educational resources for our students. I remain committed to improving the quality of life for all residents in Saratoga, Schoenectady and Fulton counties."

# Strengthening Our Communities Together
