Dear friend,

I received a fantastic number of constituent surveys this year! Nearly a thousand residents of the 113th Assembly District shared their priorities and perspectives with me. I am very grateful for all of you who took the time to complete and return the survey. Over the past two-plus months, I and the other members of the legislature have been working on the 2021-2022 budget. I used the input I received from the surveys and from all of the zoom meetings I had with organizations in the district, the calls you made and the emails you sent on specific issues to shape my advocacy for what should and should not be in the budget. As I write this to you on Friday evening, the negotiations on the final budget are still underway and I anticipate that we will vote on a final budget next week -- hopefully, on time!

If you scroll down in this email, you will see charts of the results of the individual questions from the constituent survey, as well as an historic perspective on two questions, Support for Single Payer Healthcare and Support for Legalizing Adult-Use Marijuana, both of which have been included in each of the last three years of surveys.

As always, if there is any way my office can be of assistance to you please call (518)-584-5493 or email me at [woernerc@nyassembly.gov](mailto:woernerc@nyassembly.gov).

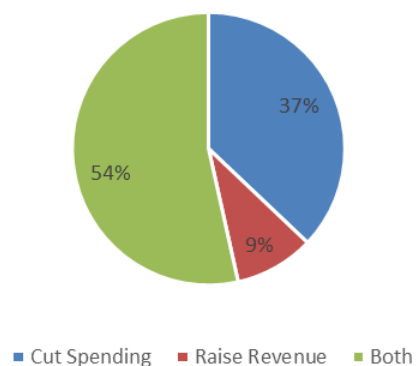

In kindness,

*Carrie*

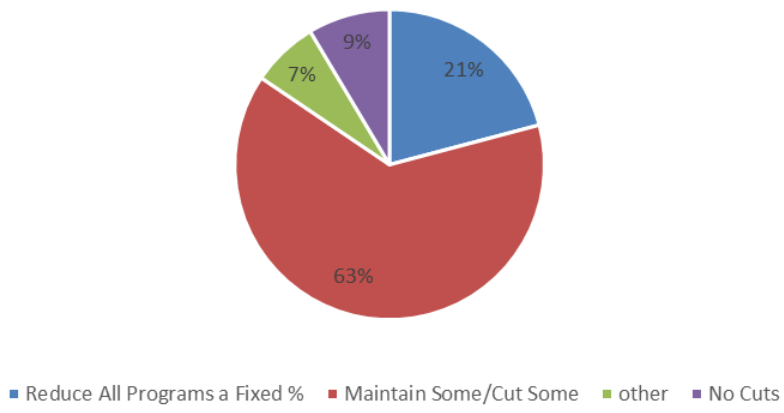

*P.S. A huge shout-out to Clare Sacks, Margaret Roberts, Pam Perry and Sue Wilhelm for their help in entering all the survey data into a spreadsheet.*
