I Am Fighting To **Lower Taxes** And **Reduce Regulations** Imposed On Local Businesses And Families Across The Mohawk Valley

To do this, I support proposals that:

- **Help small businesses** expand by lowering the sales tax rate for goods and services purchased (A.1381);
- **Establish the "Rural Equity Assistance Program,"** which would promote and facilitate community and economic development in the small towns and rural areas of the state (A.1913);
- Would require the New York State Commissioner of Economic Development to establish an online registry **highlighting businesses** that manufacture and/or produce products in New York state (A.2405); and
- **Establish the "Good Jobs Guarantee Program,"** which would train low-income New Yorkers and help secure them higher-paying jobs (A.2594).
