**SUPPORTING FARMERS,  
SCHOOLS, AND RURAL  
COMMUNITIES**

**Robert Smullen**  
Our Assemblyman

“I’m committed to supporting New York’s farmers, strengthening our local food supply and ensuring agriculture continues to play a vital role in our communities and economy.”

# STRONGER FARMS ♦ SAFER FOOD ♦ BETTER SCHOOLS ♦ SUPPORT FOR VETERANS

## AS YOUR ASSEMBLYMAN,

I'm working to strengthen New York agriculture by supporting local farmers and improving food access across rural communities. These proposals would help reduce food waste, expand agricultural education in schools, support veterans entering farming and increase transparency in food ingredients.

## HERE'S WHAT I'M FIGHTING FOR IN ALBANY:

- ✦ **A.3623 - NY Food Insecurity, Farm Resiliency and Rural Poverty Act**  
Partners our farms with local food banks so fresh food doesn't go to waste while giving farms and rural communities the tools they need to fight hunger.
- ✦ **A.3638 - More Agriculture Education in Schools**  
Adds real farming lessons to classrooms so our kids understand how food is grown and why New York agriculture matters.
- ✦ **A.3640 - Flavored Milk Choices for School Lunches**  
Lets schools offer more flavored milk options to make lunches tastier and healthier while supporting New York's hardworking dairy farmers.
- ✦ **A.3633 - Veterans in Agriculture Assistance and Outreach Program**  
Creates a full support system to help veterans get into farming with training, mentorship, mental health services, and other forms of support.
