Assemblyman Barclay Named Sportsman Advocate of the Year

Assemblyman Will Barclay received the Sportsman Advocate of the Year Award from the Oswego County Sportsmen Federation on Saturday, April 16. The federation represents more than 20 sportsmen's organizations throughout the county and meets regularly.

"Since being elected, Assemblyman Barclay has worked to create and defend laws and policies that help protect sportsmen's and Second Amendment rights," said Chuck Parker, president of the Oswego County Sportsmen Federation. "He has long been recognized as a friend to those who are stewards of our rich lands and natural resources."

Barclay Argues Against NY SAFE Act at S.U.

Assemblyman Will Barclay tactfully argued against the New York SAFE Act at a civil debate at Syracuse University. He and John Lott, a political commentator and author of "More Guns, Less Crime," questioned the law's effectiveness at increasing public safety. Arguing against Barclay and Lott were Leah Barrett, executive director of New Yorkers Against Gun Violence, and Robert Spitzer, a SUNY Cortland professor and author of *The Politics of Gun Control*. Barclay voted against the bill in the Assembly and has been a vocal opponent of the law.

NY SAFE Act NEWS ALERT

Since the passing of U.S. Supreme Court Justice Antonin Scalia, the New York State Rifle & Pistol Association (NYSRPA), is no longer pursuing its lawsuit contesting the constitutionality of the law. According to multiple reports and the NYSRPA website, President Tom King said that, given what we know or believe about the current makeup of the U.S. Supreme Court, the best case scenario would be a 4-4 decision, which would likely leave the law in place, resulting in the Second Circuit's decision being affirmed. Even worse, however, is the possibility the high court could vote to uphold the SAFE Act, establishing a new precedent in favor of gun regulation nationwide. According to King, NYSRPA is, "eager and ready to reengage in this fight. And we will do so at the first opportune moment."
