**Your Opinion  
Counts!**

**SURVEY RESULTS**

**Dear Neighbor,**

My office recently invited people in the 120th Assembly District to participate in a legislative survey, and more than 800 people took the time to respond! The survey asked people their thoughts on the local economy, laws pertaining to drugs, child welfare, the SAFE Act, economic development, and health care. Based on the results, it's clear that Second Amendment rights, child protection, and health care ranked among the most important issues to respondents. Overwhelmingly, respondents spoke of the people here as the best part of our communities. "Friendly people willing to help," "Small town where people care," "Volunteerism and willingness to help," and "Good people and nice communities," were a few of the sentiments people shared.

**Other notable survey results:**

- **Nearly 60% urged for the SAFE Act's full or partial repeal.**
- **78% support improving state law to better protect children from repeat child abusers.**
- **Affordable health care, adequate funding for infrastructure, welfare reform, adequate funding for schools, and programs for veterans were also noted as top concerns.**
- **About 70% of respondents rate the local economy as poor or very poor.**
- **77% support legislation that would allow drug dealers to be charged with homicide if they sell drugs to an individual who dies as a result of an overdose.**
- **88% support legislation that would add synthetic drugs, such as Spike, to the controlled substance list, making it a crime to sell or use these drugs.**

I would like to thank everyone who took the time to complete my 2018 legislative survey. Your feedback is valuable and assists in my understanding of what is important to residents throughout our district. It also emboldens some of the causes I am already fighting for in the Assembly.

Sincerely,

A handwritten signature in blue ink that reads "Will Barclay".

ASSEMBLYMAN
