PAID
ALBANY, NY
PERMIT NO. 75

An Affordable Life Shouldn't Feel Out Of Reach

To Bring Down Costs, John Is Supporting Policies That Would:

Scrap Taxes on Everyday Items

Eliminate the state sales tax on dozens of everyday items for two years, including (but not limited to) gasoline, personal care products, housekeeping supplies and prepared foods. (A.7417)

Increase Tax Credits for Working New Yorkers

Expand the New York State value of the Earned Income Tax Credit from 30% to 45% of the federal amount and offer the credit as installment payments instead of a lump sum when filing income taxes. (A.2498)

Eliminate Taxes on Overtime

Subtract from federal adjusted gross income any overtime compensation earned by an individual; define overtime compensation. (A.8965)

Make Retirement More Attainable by Cutting Taxes on Private Pensions

Make the first \$100,000 of a private pension non-taxable. (A.2017)

"Affordability should be the bare minimum for working families in our state. As a farmer, small business owner and family man, I know what it feels like when costs continue to rise, and relief feels far off. That's why we need common-sense solutions in Albany that will bring down costs for working New Yorkers and make our state affordable again."
