

DEAR

Neighbor:

With the 2022 Legislative Session coming to a close, **I am incredibly happy to be back home doing what I love most, working for our community and making it a better place for all of us.** With that being said, I wanted to give you an update about what I've been doing during these busy last few months. I appreciate hearing from you, please feel free to reach out for more information on this or any other

state issue at my district office, 2496 West Ridge Rd., Rochester, NY 14626, call me at 585-225-4190, or email me at jensenj@nyassembly.gov.

Sincerely,

Assemblyman Josh Jensen

LEGISLATION

During this past legislative session, I fought for policies that would improve our communities. In this year's budget, I advocated for increased library funding and welcomed state library leaders, including Greece Public Library Director Cassie Guthrie and NYLA Executive Director AnnaLee Dragon, to Albany. Additionally, I called on New York State to help local governments make their neighborhood playgrounds more accessible, alongside Greece resident Santii Patel.

SUPPORTING

Our Communities

1

2

3

4

5

6

1. As part of my 1st Annual School Supply Drive, we collected school supplies for families and students in need across the district. The supplies were distributed so they will benefit those in our community who need them most.

2. I had a great time visiting Homesteads for Hope in the Town of Ogden and learning more about their mission to create an inclusive environment for all. It's critical that regardless of ability, our neighbors are given opportunities to thrive.

3-4. I was thrilled to successfully nominate VanPutte Gardens and Jackson's Bakery, both of which are staples of our community, to the NYS Historic Business Preservation Registry.

5. I was happy to attend a ribbon-cutting ceremony for the long-awaited opening of Home2 Suites by Hilton in Greece. With the effects COVID has had on travel and tourism, it was great to see this investment and that visitors to our community will have another state of the art option to rest their heads when they come to work or play.

6. I was happy to partner with the Hilton Central School District, Hilton-Parma Parks and Recreation and various community partners to co-host Make a Difference Days. Make a Difference Days is an opportunity for the community to come together, roll up their sleeves to volunteer and make neighborhoods they call home a better place.

HONORING *Local Heroes*

1. It was an honor to stand with our local veterans this Memorial Day and honor the sacrifices of the fallen who gave their lives for our nation and liberties.

2. I was proud to join members of the Assembly Minority Conference for a press conference to call for additional investments in the 2022-23 State Budget to help support veterans, veterans' organizations and programs and first responders struggling with PTSD.

3. I had the pleasure to stop and visit with my friends from the North Greece Fire District as they celebrated their 100th anniversary. For a century, members of our community have been a part of the North Greece Fire Department and have dedicated themselves to the protection of their neighbors. Whether volunteer or professional, we are blessed to have had dedicated firefighters and emergency responders protecting our community since 1922.

INVESTING IN THE FUTURE

Thank you to Lakeshore Elementary School for welcoming me to participate in Cornell Cooperative Extension of Monroe County's Ag Literacy Month activity. I had a great time joining Mr. Hand's fourth-grade class to learn more about composting, worms and the role they play in our environment.

I was excited to stop by and cheer on the Ranger Robotics from Spencerport Central School District when they competed in Albany. It was great to see their robot in action, learn about its construction, meet members of the team, and learn more about FIRST Robotics.
