

Assemblymember Harry B. Bronson is standing up for working families

“I’ve fought to lower taxes, raise wages and strengthen worker protections because families should always come first.”

–Assemblymember Bronson

Assemblymember Bronson is delivering for Rochester families

Harry helped:

- **increase the minimum wage** because no one who works full time should have to live in poverty
- **create a paid family leave program** so workers can care for a newborn or sick loved one without having to sacrifice their paycheck
- **cut personal income taxes for middle class families over the next eight years**, putting more money in their pockets and boosting our local economy
- **promote pay equity** because women should always be paid as much as men for doing the same job
