“Growing Our Farms, Growing Our Economy”

Dear Neighbor,
As the former owner of Hawley Farms, a former Farm Bureau president, a current member of the Farm Bureau's Circle of Friends, and current member of the Assembly Agriculture Committee, I know that behind every farm is a hardworking family. That's why I secured funding in this year's budget to grow our industry, help farmers earn larger profits, and protect our farms from devastating droughts and floods.

Steve Hawley
