# GIVING WESTERN NEW YORK ITS VOICE BACK

"For too long, Western New Yorkers have been burdened by Albany's unsustainable climate mandates that drive up costs for working families. As your voice in Albany, I'm fighting to put more money back in your pocket and return power to our local communities where it belongs."

## GIVING NEW YORKERS A SAY

I voted against prohibiting natural gas and other fossil fuels in most new buildings by 2026<sup>1</sup>.

## PUTTING AN END TO UNNECESSARY AND WASTEFUL SPENDING

I support requiring a full cost-benefit analysis of our state's renewable energy targets and greenhouse gas emission limits under the Climate Leadership and Community Protection Act (CLCPA)<sup>2</sup>.

## GIVING THE POWER BACK TO LOCALITIES

I support increasing transparency and oversight and giving local municipalities more control over whether major renewable energy plants can be built in their jurisdiction<sup>3</sup>, and support authorizing municipalities to opt out of costly, burdensome or impractical electrification mandates and others imposed under the CLCPA<sup>4</sup>.

## INCREASING TRANSPARENCY FOR UTILITY BILLS

I sponsored the Ratepayer Disclosure and Transparency Act to ensure the state shows people exactly how much they're paying on their utility bills for climate and energy programs<sup>5</sup>.
