Mike Norris grew up with a blue collar work ethic, so he knows what hardworking families expect from their leaders in Albany. That's why he fought so hard to deliver on so many of our priorities during his first term. As our Assemblyman, Mike has delivered for our Western New York families:

- **Stood up against massive state spending and job killing taxes and fees;**
- **Held corrupt politicians accountable by stripping them of taxpayer funded pensions;**
- **Brought home \$90 million in emergency relief to taxpayers and business owners along Lake Ontario; and**
- **Sponsored and enacted historic changes to volunteer firefighters' benefits.**
