MORINELLO**

Ready to clean up Albany!

After serving the Niagara Falls community as a city court judge for 14 years, Angelo Morinello knows how important it is to hold people accountable for their actions.

Now, he wants to bring that same accountability to Albany.

Angelo hit the ground running, delivered on his first promise, and has introduced his first anti-corruption bill, A.06810.

Restoring the people's trust in government and holding public officials responsible for violating that trust continues to be Angelo's goal.
