Water quality is not only an issue of safety for the City of Niagara Falls, but it is a vital resource with massive ramifications in the city's economic and tourism sectors. Local municipalities can now apply for state grants to address water quality improvements.

Program highlights:

- **\$1 billion for the Water Infrastructure Improvement Act**
 - **\$220 million for Water Quality Improvement Projects**
 - **\$100 million for municipal water quality infrastructure programs**
 - **\$100 million for the mitigation and remediation of contaminated drinking water**
 - **\$20 million for the replacement of lead drinking water service lines**
-
